On the cover: PTX110-28-CA sink with FFPD4450 faucet

Kitchen sinks that feel tailor-made.

From top-quality materials to exquisite craftsmanship, Franke sinks give you the quality you deserve. What makes our sinks even more wonderful is the fact that we work with you to make sure you select the perfect sink for your home. How often do you cook? How much space do you have? How many people live in your home? This is the sort of detail we go into to ensure you find a sink that you'll love.

Stainless Steel

Wonderfully effective

It's no accident that 65% of sinks in North America are made of stainless steel. It looks good in almost any kitchen. What's more, it's corrosion-resistant, has a virtually non-porous surface for easy cleaning and is extremely hygienic. Stainless steel also bonds with oxygen to form a passive protective layer that continuously renews itself. It can withstand extreme temperatures and, last but not least, it is rust-resistant.

Fireclay

Made by fire

The perfect blend of nature and design, fireclay is made of liquid ceramic which is then fired to create a material that feels incomparably smooth and is tremendously hard-wearing. Whether you prefer classic or modern design, you will simply love the delicate shapes of our Fireclay sinks.

Granite

Superbly hard-wearing

Sinks made of granite are particularly elegant and bring a natural look into your kitchen. Our processed granite has a soft matte finish and feels warm to the touch. The surface is finely textured and non-porous, ensuring a high standard of hygiene. Composed of 80% quartz sand and 20% very hard acrylic resin, Franke's hard-wearing granite gives you years of beauty.

----------------	--------

Why Franke Stainless Steel?

Stainless steel is the material most frequently used for sinks, and the most popular countertop for commercial kitchens. As one of the world's largest buyers of stainless steel for kitchens, we have perfected its evolution over decades to bring you unique quality.

WHAT MAKES IT SO SPECIAL?

A classic material that can handle high temperature, is very hygienic and offers a timeless aesthetic.

Corrosion resistant: premium quality chrome nickel steel makes sinks highly resistant to staining, rust and corrosion

Non-porous: naturally hygienic

Self-regenerating: stainless steel surfaces develop a passive protective layer that continuously renews, so your sink is easy to clean and care for

Durable: highly temperature and acid resistant

Environmentally-friendly: 100% recyclable

CHOOSING THE IDEAL GAUGE

The standard gauge describes the thickness of a metal sheet, on a scale from 8 to 30. The lower the number, the thicker the metal sheet. The thicker it is, the less it can be bent or dented and the quieter it is in use. If too thin, it becomes impossible to produce a sink from a single sheet of metal. So we take great care when choosing the right standard gauge for our sinks:

- Most deep-drawn sinks in full size have a standard 18 gauge
- Hand-made sinks have a standard 16-19 gauge

STAINLESS STEEL FINISHES

DIAMOND FINISH

Our Diamond finish creates a shiny, almost flawless, appearance that highlights the sink's elegance and makes it an attractive centerpiece to your kitchen.

PEARL FINISH

Our exclusive Pearl finish camouflages everyday wear like a commercial sink while adding an element of modern luxury to your kitchen.

SILK FINISH

This elegant, easy-to-clean finish is beautifully shiny in appearance and scratch resistant.

Manor House

If you are looking to design a modern farmhouse kitchen, look no further than these Manor House sinks. Soft lines, modern features, rustic elements and a large, deep bowl add a refined sophistication to any kitchen while also warm and inviting.

Function is still important, but homeowners today are a lot more interested in design. Modern farmhouse style breathes new life into the old, putting a contemporary twist on country charm.

SIMPLE

1

Apron Front

The front of the sink extends out slightly from the cabinet bringing the work space closer, eliminating the need to lean over the counter.

2

Extra Deep Bowl

9" deep basin boosts flexibility of use, easily accommodating nearly any pot, pan, or large items that can't go into the dishwasher.

3

Commercial Grade Stainless

Made of 16 gauge stainless steel with a Pearl finish that will retain its beauty for many years.

4

Precision Drain

Sloped, elegant lines on the bottom of the bowl ensure an easy, clean drain every time.

 The minimalist beauty of the 12mm radius corners and round drain cover accentuate the elegance of the design.

a focus on FUNCTION

Perfectly Organized

A place for everything

The double-sink Culinary Center features **essential accessories** built right into the sleek design. When tasks are complete, everything stores neatly into this **well-thought-out system**.

Designed for the way you work

The Culinary Center's two cutting boards, colander and draining rack are easily removed and positioned to fit the workflow that's most efficient for you. Rinsing, draining, chopping, dicing and slicing are a snap when **the right tools are at hand**.

Details matter

The Culinary Center features dual sinks, both with easy-to-reach corners. The custom-fitted accessories compartment allows you to dry and store the tools you use most so they're ready when you need them. At the end of the day you'll have a **neat and organized kitchen workstation** with everything in its place.

endless
STYLE

1

Integrated Reveal Ledge

Allows accessories to work within the sink creating a seamless workflow while prepping meals.

2

Diamond Finish

Durable finish takes minimal care to maintain a clean, attractive look for years.

3

Rear Drain Cover

The removable drain cover conceals the drain for a seamless bowl surface, while the rear placement provides extra cabinet space beneath the sink.

4

Deep Capacity Bowl

A large deep bowl makes it easy to clean large cookware items and minimizes splashing, offering the form and function you expect from your sink.

Crystal

The Crystal sinks not only look stunning - especially when combined with the Crystal faucet - their **performance** and their **reliability** are even more impressive.

Behind the discreetly **elegant glass and stainless steel** is where the magic happens, that's when drains disappear, sinks get flat bottoms and faucets flow like waterfalls.

Crystal

1

Commercial Grade Stainless

Made of 16 gauge stainless steel with a Diamond finish that will retain its beauty for many years.

2

Removable Drain Cover

Shatterproof drain cover is easily removed for cleaning and sits perfectly in the sink to provide an even flat surface. Goodbye broken stemware.

3

Reversible Installation

Invisible drain is located on the side of the sink bowl and can be installed with either a left or right side drain hole (single bowl sinks only) while allowing for more room beneath the sink.

4

Sound Dampening System

Absorbs and reduces the noise caused by a garbage disposal or running water.

Pescara

Whether it's used in a kitchen, bar area, or prep area, Pescara is sure to be a head-turner. The **hidden drain** accents its **contemporary look**, while an **integrated ledge system** takes functionality to a whole new level. With three new double-bowl options, there's a Pescara sink for every cooking style.

PERFECTION**

1

Integrated Ledge System

Shelf grid sits conveniently on the integrated ledge system, creating a higher level workspace. Expand your workspace when you prep, rinse and clean.

2

Concealed Drain

The removable drain cover conceals the drain for a seamless bowl surface, while providing a flat bottom surface to allow for more usable workspace.

3

Easy-Clean Corners

The 20mm radius corners make it easy to clean every part of the sink.

4

Sound Dampening System

Sound dampening pads and spray coat reduce excess noise from running water and disposal vibration.

Cube

With the modern **18 gauge stainless steel** design of the Cube family, this **Swiss engineered** line of sinks has it all. The **single and double bowl** styles offer a clean, sleek look with an easy-to-clean **Pearl finish**. **ADA compliant** sinks are available to accommodate your task.

Cube

1

Optimal Radius Design

The radius of the sink is simple and contemporary and is easy to clean.

2

Deep Capacity Bowl

A large deep bowl makes it easy to clean cookware items and minimizes splashing, offering the form and function you expect from your sink.

3

Efficient Drain

The pitched bottom creates efficient draining and the rear drain placement provides additional storage below the sink.

4

Pearl Finish

A durable, resilient finish that will stand up to heavy everyday use.

**elegant blend of
SOFT LINES**

1

Commercial Grade Stainless

18 gauge stainless steel with exceptional resistance to staining.

2

Sound Dampening System

Sound dampening pads and spray coat reduce excess noise from running water and disposal vibration.

3

Deep Bowls

Maximizing sink capacity with deep bowls to give the sink space needed to complete tasks with ease.

4

Rear Drain

Maximizes the usable bottom surface of the bowl while also creating extra cabinet space beneath the sink.

The Outdoor Series

Whether your preference is for casual backyard barbecues or elaborate summertime soirées, your outdoor kitchen workspace requires a sink that stands up to the elements and enhances your entertaining style. The Outdoor Series is designed with the **attention to detail and quality** that is the hallmark of Franke products.

The simple styling of this undermount design features angled interior lines to promote better draining and help keep your sink clean. Pair it with the weather-resistant Outdoor Series faucet, also made of **18-gauge T316 stainless**, for an outdoor kitchen that will **retain its beauty and integrity for years**.

Note: It is recommended to cover sink in the winter to prevent ice build up. Ice may damage the bowl by expansion.

The Outdoor Series

1

Weather Resistant

Manufactured with high-grade, 18-gauge T316 stainless steel – one of the most corrosion resistant grades available – Outdoor Series sinks and faucets can handle rain, cold, snow and heavy use.

2

Large Capacity Bowls

Deep basin provides maximum flexibility. Easily accommodates nearly any pot or pan, and minimizes splashing.

3

Precision Drain

Designed with sloped, elegant lines on the bottom of the bowl to allow water to drain from sink.

4

Sound Dampening System

Sound dampening pads and spray coat reduce excess noise from running water and disposal vibration.

Wonderfully Elegant Fireclay

HOW YOUR FIRECLAY SINK IS MADE

Liquid ceramic consisting of quartz, china clay and kaolin is injected into a mold under high pressure. Prior to drying, surface imperfections are smoothed with soft sponges and a level surface is created with water. The final drying process involves 20 hours in a tunnel kiln at 2200° F. At every stage, each sink is subjected to stringent quality checks performed by experts to make it wonderful.

A LIFETIME OF SERVICE

Fireclay is entirely natural, very stylish and amazingly practical. We apply a dirt-repellent finishing polish, which means that any mess, tea or red wine stains can simply be wiped with a little soapy water.

SILKY SMOOTH GOOD LOOKS

Fireclay sinks combine beautifully with a variety of work surfaces, such as wood, glass and granite. It's a durable choice that stands up to heat, staining and impact with ease.

VILLEROY & BOCH

Many handcrafted Franke Fireclay sinks are designed in partnership with Villeroy & Boch, a world-renowned premium porcelain and ceramic producer since 1748. Together, Franke and Villeroy & Boch create distinctive designs that enhance your personal kitchen style.

Farm House

Franke's **apron front** Farm House sinks are made of attractive fireclay for a **smooth, polished finish** that's both durable and **easy to clean**. For flexibility, we offer three sizes that let you install a **traditional flat apron front** design.

SPACIOUS

1

Easy to Clean

A dirt-repellent finishing polish keeps stains like tea and red wine at bay, allowing them to be wiped away with only soap and water.

2

9" Deep Bowls

Maximizing sink capacity, Farm House offers deep bowls to give you the space you need to complete tasks with ease.

3

Rear Drain*

The rear drain maximizes the usable bottom surface of the bowl while also creating extra cabinet space beneath the sink.

4

Apron Front Design

The apron front design enables the user to stand directly in front of the basin, with no cabinets or countertop in between, making it more comfortable for prepping food and cleaning up.

Cisterna

Created by **Villeroy & Boch** with a **classic design** offered in **three sizes**, the Cisterna fireclay sink is a perfect fit for the kitchen and beyond. Use the smallest size as a bar or prep sink – or pair it with a larger size to create a unique two-bowl design.

Note: Color may vary between series.

1

Exceptionally Durable

Liquid ceramic undergoes a thorough refinement and firing process resulting in a beautifully smooth and hard wearing, highly durable sink.

2

Kitchen Essentials

An optional fitted grid protects the bottom of the sink. Add a cutting board and roller mat to complete your perfect workspace.

3

Sound Absorbing

Fireclay is a naturally sound-absorbing material that reduces the noise caused by a garbage disposal or running water.

4

Simply Stain Resistant

Don't worry about red wine, coffee and other food stains. The CeramicPlus finish makes our fireclay sinks simple to clean. Soap and water are all it takes.

Color Your Kitchen with Granite

Sinks made of granite bring a natural look and long-lasting beauty to your kitchen. Made from 80% quartz sand and 20% hard acrylic resin, Franke's processed granite has a subtle shine and feels warm to the touch.

WONDERFUL FOR ACTIVE FAMILIES

Franke is recognized as a pioneer in the development of granite compounds for sinks. The Sanitized® hygiene function reduces the growth of biofilm and bacterial microbes, ensuring that your sink is clean. Durable granite sinks resist scratches and stains and are easy to clean. That means less work, giving you more time to enjoy the things you love and the peace of mind in knowing your kitchen is clean.

COLORS THAT CREATE ATMOSPHERE

Practicality meets style with durable, scratch-and-stain-resistant granite sinks in warm, sophisticated shades inspired by nature and on-trend with today's designs. Choose warm tones for a classic look or go contemporary with grey and matte black.

Colors may vary by model.

HARDWORKING**

1

Multi-functional Utility Sink

These generous size sinks are ideal for any busy laundry room or kitchen. They can be used for cleanup, washing pets, washing clothes or for whatever you may need.

2

Superbly Hard Wearing

Our processed granite is made of 80% quartz sand and 20% hard acrylic resin, which means your sink will stand up to use and retain its attractive appearance, with only soap and water cleanup.

3

Space-Saving Design

The flat-bottom design creates more room for big tasks without blocking the flow of water. A tight-corner radius helps maximize the sink's interior while the offset rear drain makes the most of cabinet space beneath the sink.

4

Perfect Functional Addition

Your laundry room and kitchen are hubs of household chores, but that doesn't mean your sink has to look utilitarian. Maris brings a modern flair with clean lines and a choice of six warm colors.

Faucets

Faucets

Faucets to the highest standards

From extravagant to purist. From satin nickel to polished chrome. Whether you prefer a flexible, pull-out, or integrated water filter, the Franke faucet range meets every need in every kitchen. Your favorite Franke faucet will be the perfect match for your ideal Franke sink.

MANUFACTURING TO FINEST STANDARDS

Outstanding design and quality components come together during the Franke manufacturing process. Strict adherence to Franke manufacturing standards in forming, finishing and final assembly achieves the exceptional quality and durability that makes a Franke faucet the most desired addition to a kitchen.

WATER SAVING FEATURE

Conserve natural resources and trim your water bill with Franke's water saving feature. Move the handle to the first position for a water-saving 50% flow. Moving the handle to the second position allows for 100% flow.

Look for faucets with the water saving feature icon, as not all faucets have this feature.

QUALITY ASSURANCE AND CERTIFICATIONS

Franke faucets are manufactured under the supervision and testing of local and international certifying bodies, including CSA, IAPMO, ICC, and NSF. All Franke faucets meet the requirements of the Federal Safe Drinking Water Act, NSF372, NSF61 and ASME A112.18.1\CSA B125.

Faucet Finishes

MAKE YOUR STATEMENT

Franke offers a large selection of premium faucet finishes to complete the design statement in your well-appointed kitchen. Complement or contrast your sink or appliances with one of **16 available** finishes from Matte Black for a sophisticated, modern appeal, to earthy Bronze or rich, bold Copper to accent cabinetry and countertops.

Farm House

Farm House faucets bring country charm to sinks and kitchens of any design. Choose among **Polished Chrome** and **Satin Nickel finishes** to reflect your personal style.

Pescara

1

Dual Function Spray Head

Easily toggle between spray and stream without the need to reduce water pressure between modes.

2

Durable Coil Spring Hose

The coil spring hose provides great flexibility for complete reach of the entire sink.

3

Magnetic Docking

An intuitive, quick release, magnetic dock holds the spray head securely in place when not in use.

4

Full Coverage Swivel

The 360 degree swivel spout generates a full range of motion, allowing you the flexibility to reach almost any area of your sink. The tall arch design offers exceptional space for cleaning or filling large pots and pans.

Every drop is wonderful

Franke pioneered multi-tasking kitchen faucets. Today, our beautifully designed range of point-of-use faucets, which dispense hot, cold and filtered water, are considered the blueprint for faucets that go the extra step. By combining the beauty of our most stylish designs and the technologically advanced ceramic water filtration of the Franke StillPure system, we've created the perfect addition to a health-focused kitchen.

PURE WATER WHEN YOU NEED IT.

Invisible to the eye and even to the tongue, contaminants, lead, toxins, industrial pollutants, pesticides and even diseases are passed through local water systems into our homes. Unfortunately, filtration pitchers don't fully filter out impurities, and bottled water creates waste. Franke StillPure delivers **delicious, water right from the tap.**

STYLED FOR CONVENIENCE.

With the Franke **StillPure filtration** system you can choose from a full range of faucet designs to fit your style.

CONFIDENCE TO KNOW IT'S PURE.

When you understand the importance of filtered water, you'll want to use StillPure for everything you do in your kitchen. That's why we created point-of-use faucets that deliver filtered water where and when you need it. Instantly rinse, prep and cook with the clean water. With Franke StillPure, it's always right at hand.

Waste Disposers

Clean up after a big meal has never been so simple with a Franke waste disposer. These **energy efficient** disposers won't leave you second guessing about whether to put food waste in the trash bin or disposal. The disposals come equipped with an **antimicrobial agent, Bio Shield®**, that will reduce odor causing bacteria, and the **Silver Guard®*** feature that offers a magnetic rim to prevent metal objects from falling into the disposer.

YOUR LIFE

Every one of us has our own way of approaching life, be it due to culture, past experiences or simply personal style.

YOUR EXPECTATIONS

An individual lifestyle expresses itself in different ways - it affects our wishes and expectations, our desires and our dreams.

YOUR STYLE

The kitchen is the one place in your home where you can best express your own personal style.

YOUR CHOICE

Franke offers you the unique opportunity to transform your kitchen into a place of living - according to your expectations. The wide range of styles will satisfy all your needs - in the end it is just a matter of choice. Your choice.

WARRANTY

SINKS

Franke Kindred Canada Limited warrants the quality of its stainless steel, granite and fireclay sinks to be free from manufacturing defects in material and workmanship, under normal usage for the lifetime of the sink.

HOT & COLD FILTERED WATER

Franke Kindred Canada Limited extends the following warranties to the original purchaser of its faucets, and hot and cold dispenser systems and tanks after January 1, 2013. All other products will be covered under the prior warranty. Warranties apply only to the original owner, providing the product has been installed in accordance with our installation instructions, and used as recommended in a normal residential application. In the event of a warranty claim, the owner will be required to provide proof of purchase. For more details, please reference www.frankecanada.com.

FAUCETS

All faucets installed in a private residence will carry a limited lifetime warranty on all mechanical parts to be free of manufacturing defects in material and workmanship under normal usages. All chrome finishes carry a limited lifetime warranty; all other finishes are warranted for five (5) years from the original date of purchase.

WATER DISPENSER SYSTEMS

Franke Kindred Canada Limited warrants Franke water dispenser systems to be free of manufacturing defects for a period of five (5) years from the date of purchase.

FRANKE HOT WATER

Franke Kindred Canada Limited warrants Franke heating tanks to be free of manufacturing defects for a period of one (1) year from the date of purchase.

FRANKE WASTE DISPOSER

Please reference page 254 for warranty information specific to each Franke Waste Disposer model.
