

## **Automatic Standby Generators**

Home, family, assets—the things that matter most—remain protected during a power outage with the installation of a Honeywell standby generator.

# Automatic Standby Generators

A Honeywell automatic standby generator seamlessly backs up the circuits you choose during a power outage. It automatically starts within seconds of detecting power loss, and runs on the home's existing natural gas or LP fuel supply. Choose a backup option from essential circuit, managed whole-house or complete whole-house coverage. It's the reliable answer that ensures necessities, conveniences and amenities are always available and automatically backed up when the power goes out.

## Features

**Mobile Link** actively monitors your generator status on your smartphone or tablet, anywhere in the world, for FREE.

**Premium 5 Year Limited Warranty:** Honeywell Generators carry a best-in-class Premium 5 Year Limited Warranty for automatic standby generators. Includes parts and labor.

**PrecisionPower™ Technology** delivers best-in-class power quality with less than 5 percent total harmonic distortion for clean, smooth operation of sensitive electronics and appliances.

## Engineered and Assembled in the USA.\*

*\*Assembled in the USA using domestic and foreign parts*

**Generac G-Force Engine** is a purpose-built, pressure-lubricated engine capable of handling the rigors of generator use, resulting in power that's more reliable and requiring less routine maintenance than any competitive engine.

**24/7/365 Customer Support Team** standing by all day everyday from our headquarters in Wisconsin to answer any questions you might have.

**WhisperCheck™** self-test mode runs at a lower RPM for a five minute test, is significantly quieter than other brands, and consumes less fuel.

**Sturdy, All-Weather Aluminum Enclosure:** The durable aluminum enclosure with RhinoCoat™ finish prolongs the life of your generator with corrosion-resistant protection from the elements, making it ideal for coastal, salt-air climates. Modeled to withstand winds up to 150 mph, and with a fire rating certified for optimal placement, 18" away from a building. Composite mounting pad is included, eliminating the need to pour a concrete base unless specified by local codes. An included base fascia completes the pleasing appearance of your generator.
