

Self-Feed Wood Boring Bits

- Twin cutting edges for superior cutting speed and ultra clean holes
- Precision ground teeth with up to 50% wider cutting surface, provides clean and balanced cuts for maximum control
- Robust replaceable lead screw with burr-free threads that feed the bit through the wood at a consistent rate
- Precision machined shaft for bit concentricity to eliminate wobble and deliver a truer hole
- Black oxide coated, heat treated and hardened for added durability
- Quick-change shank for fast, secure change out

Introducing the new premium line of BULZ-EYE™ self-feed wood boring bits from IDEAL INDUSTRIES, INC. BULZ-EYE™ self-feed bits include a number of superior features and benefits that combine to deliver the most outstanding performance of any self-feed bit product available today. The new design features twin cutting edges and precision ground teeth with up to 50% wider cutting surface. These features deliver improved cutting speeds, better balance and control, and clean more accurate holes than the leading brand in the market. BULZ-EYE™ self-feed bits are manufactured with the best materials and machinery available to ensure quality, performance, and consistency. The bits are also black oxide coated, heat treated and hardened for added durability. When it comes to quality, performance and durability, IDEAL is the professional's choice for self-feed bits.

Self-Feed Wood Boring Bits

Wider precision ground teeth for maximum control

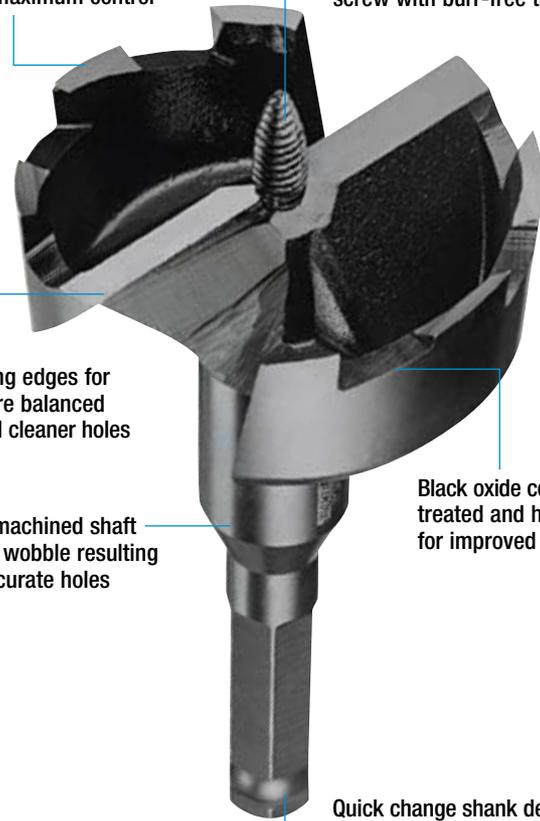

Robust replaceable lead screw with burr-free threads

Twin cutting edges for faster, more balanced drilling and cleaner holes

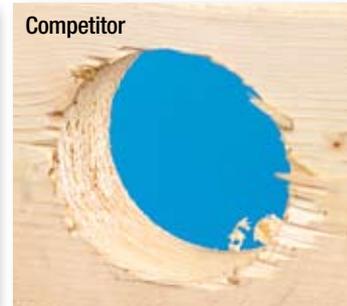

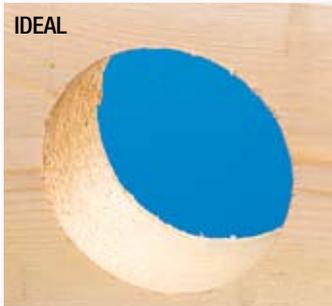

Precision machined shaft eliminates wobble resulting in true, accurate holes

Black oxide coated, heat treated and hardened for improved durability

Quick change shank design for fast bit changes and use with pneumatic drills

All bits are 4⁵/₈" long and come with a 7¹/₁₆" shank designed to easily accommodate all 1/2" drill chucks.

Cuts a smoother, more accurate hole with less splintering than competitive bits. This decreases resistance during pipe installation and improves on-the-job productivity.

Self-Feed Wood Boring Bits Product Description

Cat. No.	Description	Diameter	Entrance Size for Pipe & EMT	Entrance for Tubing/PVC	5 Piece Plumber's Kit #35-EPK	6 Piece Electrician's Kit #35-PPK	9 Piece Master Set #35-BSK
36-250	1" Self-Feed Wood Boring Bit	1"	1/2"	7/8"		1"	1"
36-251	1 1/8" Self-Feed Wood Boring Bit	1 1/8"		1"			1 1/8"
36-252	1 1/4" Self-Feed Wood Boring Bit	1 1/4"	3/4"	1 1/8"		1 1/4"	1 1/4"
36-253	1 3/8" Self-Feed Wood Boring Bit	1 3/8"	1"	1 1/4"	1 3/8"	1 3/8"	1 3/8"
36-254	1 1/2" Self-Feed Wood Boring Bit	1 1/2"		1 3/8"	1 1/2"		1 1/2"
36-255	1 3/4" Self-Feed Wood Boring Bit	1 3/4"	1 1/4"	1 1/2"			1 3/4"
36-256	2" Self-Feed Wood Boring Bit	2"	1 1/2"	1 7/8"		2"	
36-257	2 1/8" Self-Feed Wood Boring Bit	2 1/8"		2"	2 1/8"		2 1/8"
36-258	2 1/4" Self-Feed Wood Boring Bit	2 1/4"		2 1/8"			
36-259	2 9/16" Self-Feed Wood Boring Bit	2 9/16"	2"	2 1/2"	2 9/16"	2 9/16"	2 9/16"
36-260	3" Self-Feed Wood Boring Bit	3"	2 1/2"	2 7/8"			
36-261	3 5/8" Self-Feed Wood Boring Bit	3 5/8"	3"	3 1/2"			
36-262	4 5/8" Self-Feed Wood Boring Bit	4 5/8"	4"	4 1/2"			
36-273	5 1/2" Extension	Ext			Ext	Ext	Ext
35-819	18" Extension	Ext					

Available in a full range of sizes from 1" to 4 5/8".

Quickly powers through wet and treated woods with no binding or jamming.

5 Piece Plumber's Kit

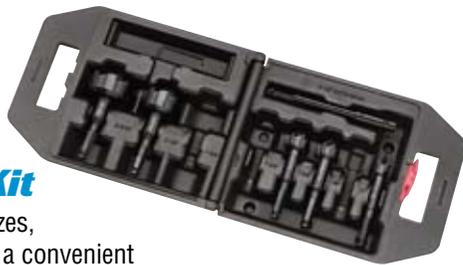

Includes 4 different bit sizes, a 5 1/2" extension bar, and a convenient carrying case, giving you everything you need for drilling multiple hole sizes in any wood material.

Cat. No.	Description
36-265	5 Pc. Self-Feed Bit Kit—Includes: 5 1/2" extension bar, 1 3/8", 1 1/2", 2 1/8", 2 9/16"

6 Piece Electrician's Kit

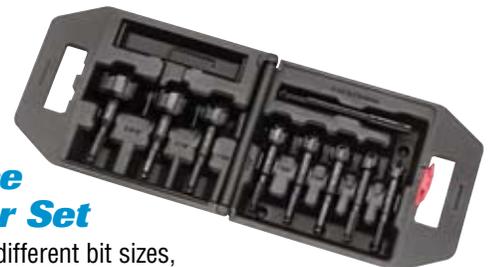

Includes 5 different bit sizes, a 5 1/2" extension bar, and a convenient carrying case, giving you everything you need for drilling multiple hole sizes in any wood material.

Cat. No.	Description
36-266	6 Pc. Self-Feed Bit Kit - Includes: 5 1/2" extension bar, 1", 1 1/4", 1 3/8", 2", 2 9/16"

9 Piece Master Set

Includes 8 different bit sizes, a 5 1/2" extension bar, and a convenient carrying case, giving you everything you need for drilling multiple hole sizes in any wood material.

Cat. No.	Description
36-269	9 Pc. Self-Feed Bit Kit - Includes: 5 1/2" extension bar, 1", 1 1/8", 1 1/4", 1 3/8", 1 1/2", 1 3/4", 2 1/8", 2 9/16"

Replacement Parts & Accessories

Replacement Lead Screws

Replacement lead screws keep your self-feed bit running fast and true.

Cat. No.	Description	Fits Bit Sizes
36-271	3 pack small replacement lead screw	1" – 2 $\frac{9}{16}$ "
36-270	3 pack large replacement lead screw	3" – 4 $\frac{5}{8}$ "

3 pack SM replacement LD Screw
36-271

3 pack LG replacement LD Screw
36-270

Lead screws can be easily replaced with the use of a hex wrench. This provides extended drilling life and optimum cost-per-hole value!

Extension Bars

Extension bars help you cut into hard to reach areas. These extension bars also fit IDEAL auger bits.

Cat. No.	Description
36-273	5 $\frac{1}{2}$ " Extension Bar
35-819	18" Extension Bar

Sharpening Files

The IDEAL sharpening file helps keep the durable bits working like new. This high-grade sharpener hones dulled edges quickly and efficiently creating a sharp edge that will once again cut with ease through wood.

Cat. No.	Description
36-272	Sharpening File
