

LB125-GF

UPC Code: 07847781468

Country Of Origin: Mexico

Brand Features

Leviton Circuit Breakers provide overload and short-circuit protection and feature an all plug-on design. GFCI circuit breakers offer advanced technology to help protect against electrical shock due to ground faults. All hot and neutral wires terminate at custom lugs in the panel, not at the circuit breaker*, so the entire panel can be wired at rough-in without circuit breakers installed. Branch circuit breakers are easily plugged-on at final installation. Circuit breakers also feature color indicators in the handle to easily see operational status at-a-glance.

**For applications up to 60A when using copper wire; or 50A when using aluminum wire*

Item Description

Branch Circuit Breaker, GFCI 1-Pole 25A 120V, 10Ka Interrupt Rating

Technical Information

Product Features

Operating Temperature: -40°C to 85°C

Electrical Specifications

Amperage: 25 A

Pole: 1

Short Circuit Current Rating: 10 KA

Type: GFCI

Voltage: 120 VAC

Standards & Certifications

CSA-C22.2 No. 5-02: Yes

EMC Compatibility: Yes

FCC: Yes

RoHS: Yes

UL 489: Yes

UL 943: Yes
