Make any Home Smart

with Decora Smart + My Leviton

Transform your home and lifestyle from ordinary to extraordinary with Leviton Decora Smart. Imagine the convenience of using schedules or controlling your indoor and outdoor lighting from anywhere with just a tap using the My Leviton app, or use your voice with your favorite voice assistant.

Decora Smart offers an exciting range of cost-effective smart lighting solutions for every home – whether it's a new construction or an older home.

The devices are easy to install, allowing you to update at your own pace. Start small by automating your porch light with a single smart switch, upgrade specific rooms such as your kitchen or living room, or outfit your entire home with smart switches, dimmers, sensors, outlets, and fan speed controls.

Cat. No. D36HD, D2ELV, or D2710

Smart Dimmers

Elevate your entire house with smart lighting

Set the mood for a romantic dinner or a festive party, dim the lights to create a movie theatre experience, or turn the lights down low at bedtime.

- Personalize your lighting with full range dimming and custom settings for preset lighting levels, fade rates, bulb type and more
- Superior flicker-free dimming of LED bulbs and fixtures
- Premium models available for 0-10V fixtures or ELV under cabinet, toe-kick, track, recessed, accent lighting
- Schedule lights to dim/brighten or turn ON/OFF at specific times or based on sunrise/sunset
- Use your voice - works with Google Assistant™, Amazon Alexa™, and Apple Siri®

Cat. No. D315S

Smart Switch

Never come home to a dark house

Schedule your porch light or exterior lights to turn on at sunset so you never come home to a dark house. Setup interior room lights to turn on randomly to give your home a lived-in appearance while you are away.

- Help save energy with the auto shutoff feature perfect for closets, bathrooms, garages, and basements
- Know if lights are on and adjust from anywhere
- Control this switch from another wall location in your home without additional wiring by pairing with the Anywhere Switch Companion (DAWSC)

Cat. No. D2MSD

Smart Motion Sensing Dimmer

Your presence is enough to light up a room

Go touch-free by automatically turning lights on when you enter the room. Full-range dimming lets you adjust lighting to the desired level so it's easy to fully light up a room or dim to set the mood for a special occasion.

- Don't worry about leaving lights on - motion sensing turns lights off for you
- Pause motion detection when needed to keep lights on or off temporarily
- Automatic softer lighting at night dims the lights low or turns on a built-in guidelight to softly illuminate your way in the dark, ideal for hallways and bathrooms

Cat. No. D24SF

Smart Ceiling Fan Control

Don't worry about stale air

Increased airflow and circulation contribute to a healthy home environment. By making your existing ceiling fan smart you can easily set the fan to switch on and off during peak hours as well as manage the speed – no hard-to-reach pull-chain needed!

- Schedule when your ceiling fans run and at what speed, or use an auto-shutoff timer to turn the fan off automatically using the My Leviton app
- Ask to set the fan speed with your choice of Google Assistant, Amazon Alexa, or Apple Siri
- Know how fast your fan is going - LEDs on the device light up to show the current speed

Cat. No. D215R

Cat. No. D215P

Cat. No. D23LP

Indoor Smart Plugs and Outlet

Light up - and get comfortable - in your indoor space

Get control of table lamps, holiday lighting, appliances, and electronics. Smart plugs are a simple way for anyone to make their home smart.

- No need to get up, use the My Leviton app or your voice to turn on and off the lights
- Arrive to a well-lit home by scheduling lamps to turn ON at dusk
- Control your smart plug or outlet from a wall switch without wiring by adding a wire-free Anywhere Switch Companion to any wall surface
- Ideal for living rooms, bedrooms, home offices, kitchens and more

Cat. No. D215O

Outdoor Smart Plug

Light up - and liven up - your outdoor space

Take charge of your path, landscape and holiday lighting without having to step outside. Elevate your patio parties, outdoor movie nights, and holiday festivities with vibrant lighting—all from a simple tap on your smartphone or tablet!

- No wiring required. Just plug in for On/Off control of string lights, holiday lights, decorations and inflatables, and more
- Superior weather resistance of -20°F to 122°F for extreme cold and hot climates and IP65 rated to protect from dirt, dust, moisture, rain, sprinklers, hoses, snow and UV corrosion
- Switch ON and OFF from indoors using a DAWSC Anywhere Switch Companion
- Use the built-in light sensor to have lights automatically turn ON during evening hours and OFF during daylight hours without making a schedule

Cat. No. D2SCS

Smart Scene Controller Switch

Control more with a single button push

Customize lighting for any task or activity or create personalized lifestyle scenes such as Movie Night, Game Day, or Bedtime for one-touch recall.

- Replace your existing switch to add On/Off control and up to three custom lighting scenes
- Personalize with custom engraved buttons (Ordered separately, for U.S. only)
- Flexible control options include On/Off of individual or multiple Decora Smart Wi-Fi devices, and customize lighting scenes
- Use the Apple Home app to set up control of HomeKit scenes and devices (requires Apple Home Hub and a compatible iOS device)

Cat. No. DAWDC

Cat. No. DAWSC

Anywhere Companions

Add a switch where you need it most

Easily control the same set of lights from more than one location without needing to cut holes or run new wiring. Setup is easy with no Wi-Fi or app needed.

- No wiring required! Just peel and stick to mount onto any wall surface
- Add wire-free control to table and floor lamps, at the base of a staircase, the end of a hallway, or open areas with multiple entrances like family rooms and kitchens
- 50-ft. range and 5+ year battery life (actual results may vary)

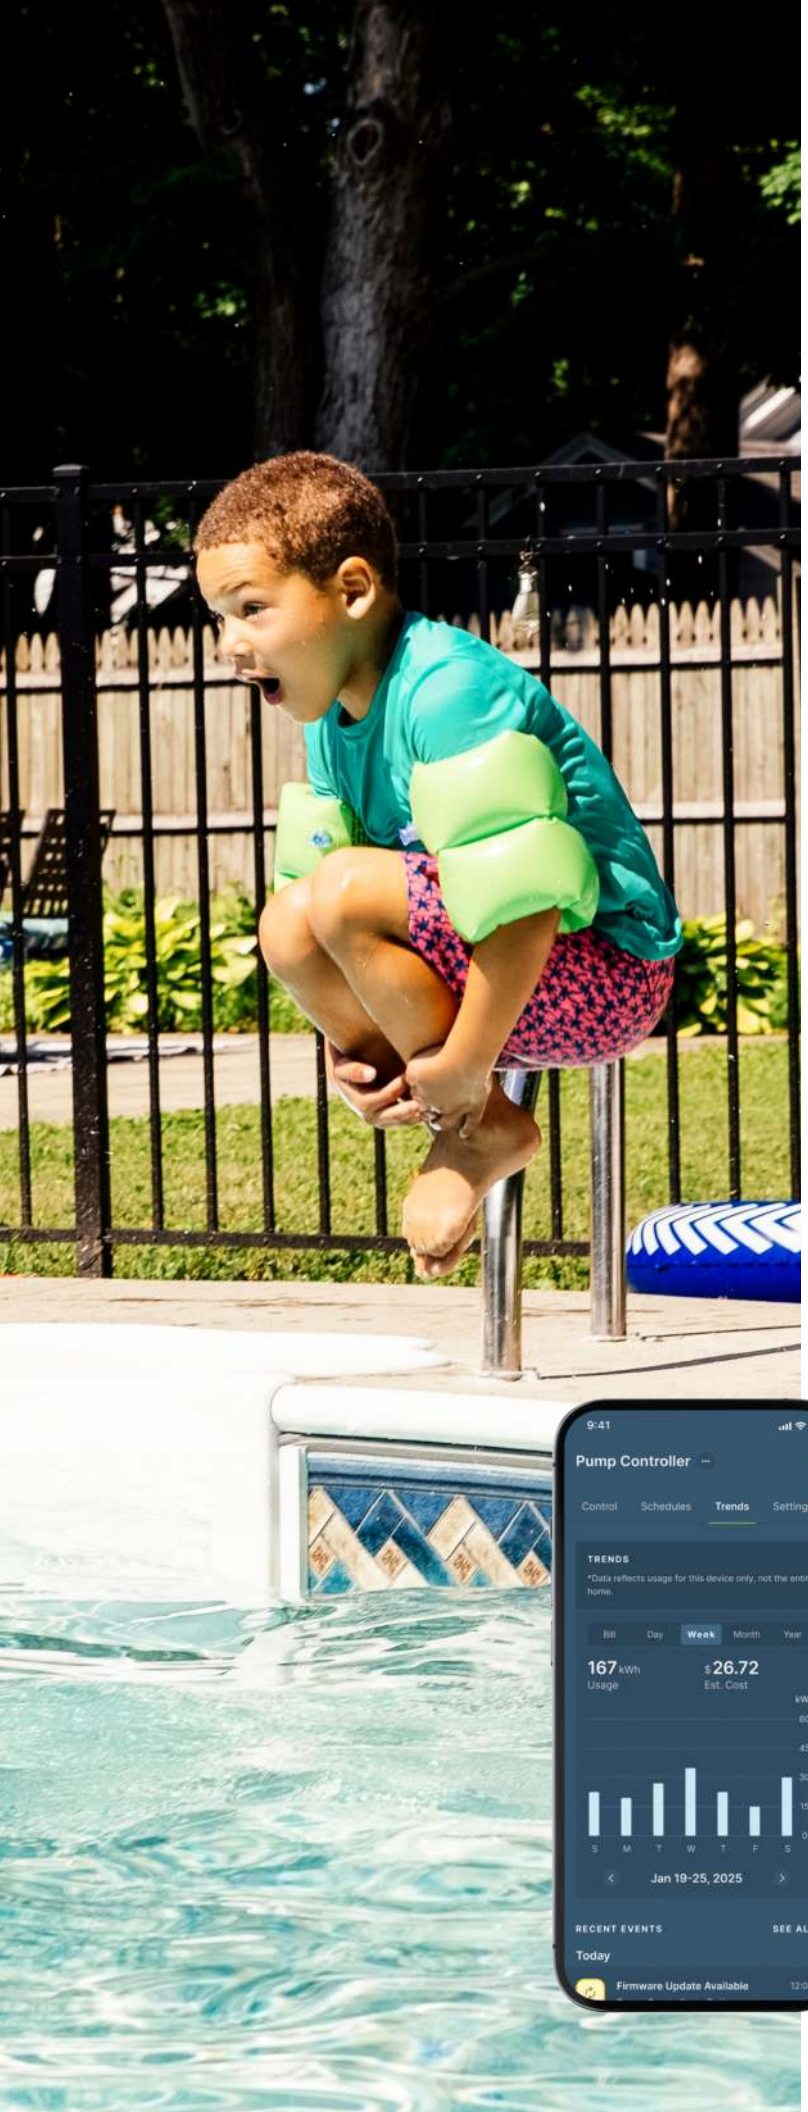

Cat. No. D2HCU

High Current 60A Controller

For Undersized Service

Leviton's Decora Smart® 60A High Current Controller is a UL3141 certified power control solution to allow an electric vehicle charger or other high current appliance to be added to a home with undersized service, without affecting the load calculation of the electrical panel.

- Connect an EV charger or other high current appliance to a panel in a home that would otherwise need a service upgrade
- Get My Leviton app notifications when your home's energy consumption is too high and when it returns to normal
- Schedule connected load to turn on/off

Cat. No. D2HCS

High Current 50A Switch

A smart replacement for traditional timers

Leviton's Decora Smart® Wi-Fi High Current Switch is the ideal solution for remote control, scheduling, and energy management of electric water heaters, pool or spa pumps, pond and well pumps, fans, lighting, and more, with support for loads up to 50A.

- Create schedules in the My Leviton App using Bluetooth or connect to Wi-Fi to enable full smart features
- Works with Matter certified smart home platforms, Alexa, Google, Apple, and more
- NEMA 3R for indoor or outdoor use
- Can be used to comply with California Title 20 regulations for pool controls

My Leviton

The Whole Home Smart Solution

Bring it All Together

Enjoy seamless control of your Decora Smart Wi-Fi® lighting and other Leviton smart products with the My Leviton app. Manage everything effortlessly from a single app, making your smart home experience smoother and more convenient.

smartlockpro®

Wi-Fi® GFCI Outlet

An industry first! The SmartlockPro Wi-Fi GFCI Outlet provides peace of mind by sending notifications directly to your smartphone when a Smart GFCI trips due to a ground-fault, using the My Leviton app.

Cat. No. D2GF1

Cat. No. EV48W

EV Series Smart Home

Take control of your electric vehicle charger with the My Leviton app. Schedule charging sessions during off-peak utility hours to save on electricity costs, log charging sessions, remotely start/stop, and more. It's the perfect way to safely and efficiently charge your vehicle.

The Leviton Load Center with Smart Circuit Breakers

The award-winning Leviton Load Center is ideal for new homes or for home renovation projects where you want to upgrade the electrical power system. With its attractive enclosure, the unit blends seamlessly into any space you choose – basement, garage interior, hallway, or kitchen. Smart functionality enables you to view and manage energy usage, calculate approximate monthly energy costs, and know when and why a circuit breaker trips. It also allows you to monitor alternate energy sources such as solar, generator, battery, and wind power.
