- cULus Listed, Energy Mgmt Equip. 9D34
- NOM (Mexico)
- Complies with FCC Part 15, Class B
- FCC ID: QGH-ZW15R
- IC: 2473A-ZW15R

WARRANTY INFORMATION

- Two-Year Limited Warranty

APPLICATIONS

Control lights and appliances from anywhere when paired with a compatible Z-Wave controller. Connect your plug-in lamps, holiday lighting, and small appliances to the top “Controlled” outlet, while the bottom “Powered” outlet remains always on. Uses 700-Series Chipset which offers S2 security and is enabled with SmartStart. The ZW15R features tamper resistant receptacles with built-in shutters to prevent the insertion of unintended foreign objects. As well, the integrated button with vanishing feedback LED provides manual push-button on/off control and clear indication at any time.

Typical applications include switching of lamps, portable fans, kitchen appliances, indoor fountains, holiday lighting, and more.

When paired with a required Z-Wave hub, use your voice to control via Amazon Alexa or Hey Google, sold separately.
