

# T5 3-WIRE ALUMINUM SYSTEMS FLUORO BAR

LITELINE

## SAVE ENERGY

**LINKABLE** link connector included

**INSTANT ON** with built-in electronic ballast

**HARDWIRE COMPATIBLE**

### FEATURES & BENEFITS

- Aluminum extruded fixture will not yellow over time from the UV rays.
- Small lamp sockets reduce dark spots when linking multiple fixtures.
- Up to 150W or 8 fixtures can be linked together.
- Easily connects to a 6-ft grounded power cord (sold separately)
- Can be hardwired, using ALFT6300-WH (sold separately)
- Built-in electronic ballast provides instant-on starting, no flickering and quiet operation.
- Comes with an on/off rocker switch on the fixture (except the 6W.)
- Snap in mounting brackets allow for quick and easy installation.

### APPLICATIONS

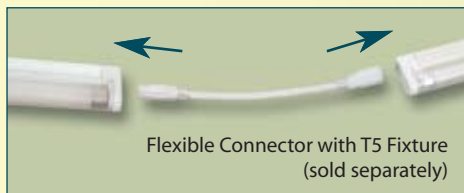

- For use in shelves, kitchens, counters, cupboards, garages, backlighting of signs and retail showcases.

### KIT INCLUDES

- Aluminum Fixture
- T5 Fluorescent triphosphor lamp
- Mounting hardware
- End cap
- Link connector
- Polycarbonate shatter guard lens.

### LINKING

Linkable fluorescent fixture with polycarbonate shatter lens guard
