NO COMPROMISE CONNECTIONS

Thin, sleek and easy to install, the LEDBAR by Liteline is the ideal solution for your commercial or residential task lighting needs. With dependable features that include a durable extruded aluminum frame, you can be confident in product longevity. Suitable for dry locations, this product is an optimal choice for kitchen spaces amongst other similar applications. The built-in, non-flicker, electronic LED driver provides dimming capability with Triac, ELV and incandescent dimmers. The ability to hardwire this fixture is accompanied by the capability to link up to 10 fixtures with an added no shadow linking connector to maximize light output. With a built in on/off switch, a choice of 6 lengths and 4 color temperatures, LEDBAR gives you the perfect combination of design and functionality.
