

SELECT TRIMS

TAKE IT TO THE SKYE

The SKYE fixture by Liteline is a high-performance, easy to install downlight, with regressed optics to reduce glare and interchangeable magnetic baffles. Upgrade the look with SKYE Select Trims for a more designer finish, in round or square, with different interior baffle colors, also making this fixture dead front. Available in a CCT selectable model or OnCloud offering full color and white tuning.

SKYE

SKYE offers an interchangeable magnetic baffle, which allows access to the CCT switch to adjust from 27K, 30K, 35K, 40K, and 50K, all below the ceiling.

Make SKYE smart by connecting it to the OnCloud DIMMER or 3-way SWITCH. Control on/off, dimming and schedules through the WiZ app or your smart speakers.
