

Introducing the Broan InVent™ SERIES

FLEXIBILITY for new construction
and room-side retrofit from one fan.

InVent™ SERIES A patent-pending

Versatile Installation. Airtight Performance. LED Lighting.

InVent Series gives professionals smart options for new construction or room-side retrofits in one, hard-working product line. InVent is about innovations such as FoldAway™ mounting ears and TrueSeal™ Damper Technology that improves building airtightness like never before. With fresh grille designs and a full range of operating points, there's an InVent Series solution for every installation.

More features from one fan.

FoldAway™ Mounting Ears are precisely positioned for new construction and fold flat for room-side retrofits. Every installation can be handled more efficiently.

With our TrueSeal™ Damper Technology, InVent fans reduce air leakage by up to 50% compared to competitive models¹, resulting in better home performance via blower door tests.

EzDuct™ Connector enables room-side installation without attic access. Attach the housing, pull the duct through, attach the EzDuct™ Connector and reset it with one screw.

LED Lighting offers greater energy efficiency and longevity, and adds a unique design detail to this hard-working fan. 11-watt, 800 Lumens integrated LED module lasts up to 25,000 hours.

¹ Testing reflects total fan housing air tightness. See Broan.ca for details.

revolution of mid-range fans.

InVent™ Fan & Fan/Lights

Fan Models: A80C, A110C, AE80, AE110C, AE80B, AER50C

LED Fan/Light with 11-watt, 800 Lumens, 3000K, 80 CRI integrated module.
Models: AE80L, AER110LC

Incandescent Fan/Light with A19 Base (bulb not included). Model: AR70LC

InVent™ Series Accessories

A range of accessories ensures a custom fit in any application. Choose optional duct connectors, a radiation damper and a metal grille for commercial installations, and hanger bars for exact positioning.

Model RDM1
Radiation Damper.

Model MQF4
With our QFlow™ Duct Connector, InVent fans reduce air leakage by up to 60% compared to competitive models¹, offering an extremely tight seal when closed and completely open airflow when open.

Model MMG
Metal Grille.

Model MHB4
Hanger Bars².

Model MMDC4
Metal Duct Connector.

¹ Testing reflects total fan housing air tightness. See Broan.ca for details.

² Hanger bars are included with the A000HFC housing pack. They can be purchased separately for use with single packs.

INVENT FAN MODELS

| New Specifications | | | | Replacing Specifications | | |
|--------------------|-----|-------|--------------|--------------------------|-------|---------|
| New Model | CFM | Sones | ENERGY STAR® | Replacing Model | CFM | Sones |
| AER50C | 50 | 0.5 | Yes | 770 | 50 | 1.5 |
| AE80B | 80 | 1.5 | Yes | 784 | 80 | 2.0 |
| AE80 | 80 | 0.8 | Yes | QTRE080C/QTRE090C | 80/90 | 0.8/1.0 |
| AE110C | 110 | 1.0 | Yes | QTRE110C | 110 | 1.3 |
| A110C | 110 | 3.0 | No | DX110 | 110 | 4.0 |

INVENT HOUSING PACKS (MASTER PACK OF 4 UNITS)

| New Model | Replacing Model | Description |
|-----------|------------------|------------------------------|
| A000HFC | DXH600/HQTXR000C | Fan Housing with Hanger Bars |

Broan InVent™ Series Project Packs. Keep your job on schedule and your inventory safe. Even if the final fan product has not been selected, a project pack enables you to install a fan housing now and choose the right-sized finish pack later. You won't have an open box on the jobsite with a motor and grille that could be lost or damaged.
