Halogen Deco

Halogen 40B11/E26/EV/CL 120V 6/2

Halogen bulbs reduce energy consumption without sacrificing the qualities of a traditional bulb. They uniquely produce light more efficiently. They work with dimmer switches and are available in the familiar G25 & G16.5 globes, bent and blunt tip candles, and flames. Use them in existing fixtures just as you would standard incandescents and your home will look great while you save energy.
