

InteGrade LED fixture system

InteGrade FIXTURE VISION 875MM(34IN) 835

Philips InteGrade LED fixture system - compact linear LED lighting for standard-size shelves InteGrade LED fixture system The InteGrade LED fixture system is an energy-efficient way to create an enjoyable shopping experience. Thanks to its compact dimensions, the fixture can be aesthetically integrated below and inside shelves, e.g. in a store interior or refrigerated cabinet. Asymmetrical optics direct the light where you want it, thus making optimum use of the light and energy. The products or background you want lit will be presented uniformly, with reduced glare and dark spots. Our LEDs have minimal output degradation and color shift, so the light remains consistent throughout their long lifetime. InteGrade LED is an ideal solution for high-quality lighting without flicker or color differences. The fixture consists of a profile with LED engines and inline locks. Mounting accessories, cables and LED power driver are available separately.

Product data

Light Technical	
Color Code	835 [CCT of 3500K]
Luminous Flux (Nom)	1100 lm
Life To 70% Lumen Maintenance	50000 h
Color Consistency Initial	5
Correlated Color Temperature (Nom)	3500 K
Luminous Efficacy (rated) (Nom)	70 lm/W
Color Rendering Index (Nom)	85
Operating and Electrical	
Electrical Power Consumption (Nom)	15 W

Temperature	
T-Ambient (Max)	30 °C
T-Ambient (Min)	-30 °C
Mechanical and Housing	
Product Length	875 mm
Product Data	
Order product name	InteGrade FIXTURE VISION 875MM(34IN) 835
