

ROHL®

GRACELINE® BATH COLLECTION

The Graceline® Collection takes its cue from the streamline age of the 1930s, when travel was glamorous and trains and ocean liners were created with luxury in mind. Renowned designer Michael Berman's original Collection for ROHL® captures the sleek aerodynamic lines and cylindrical forms of the time. Fine details like nautical elements on handles, the rounded angle of the neck, and a knurling crosshatch design on the spout add authenticity. Graceline is industrial design with sophistication, bringing American Moderne elegance into contemporary and transitional-style bathrooms.
