## CLEAN-N-SAFE™

Non-Acid, Non-Caustic Coil Cleaner

### Description

RectorSeal® CLEAN-N-SAFE™ non-acid, non-caustic coil cleaner is a safe to use, environmentally friendly HVAC coil cleaner that effectively cleans and removes soils from air conditioning and refrigeration coils. It is completely biodegradable and presents very little hazard to people, animals, aquatic life and vegetation. Unlike strong acid and alkaline coil cleaners, this heavy duty product will not chemically attack (corrode) coils, surrounding metal, other HVAC equipment components, adjacent roofing materials, or application equipment.

### Applications

RectorSeal® CLEAN-N-SAFE™ is designed for low or high pressure sprayer applications on condenser coils in either concentrated or diluted form depending on the degree and speed of cleaning needed. It may also be used on evaporator coils in diluted form. Application can be made at above freezing temperatures to either wet or dry coils in both indoor and outdoor areas. No waiting required between any application and/or rinsing step.

### Directions for Use:

1. If product is frozen, simply thaw and gently shake before use. All cleaning should be done at above freezing temperatures.
2. For condenser coils, shut off system prior to application. For evaporator coils, cleaning may be done with the system operating if desired. In confined areas, shut off any ignition sources and provide adequate ventilation.
3. For badly fouled condenser coils, use concentrated form or dilute 1 part coil cleaner with 1 part clean water. For lesser soiling, dilute coil cleaner with 2 or 3 parts of clean water as needed. For evaporator coils, dilute 1 part coil cleaner with 3 or 4 parts clean water depending upon degree of soiling.
4. **Caution: Wear protective eye wear. KEEP OUT OF REACH OF CHILDREN.** Apply coil cleaner using a plastic or stainless steel pressure sprayer. Direct spray stream close to coil surface starting at top and working uniformly side to side toward bottom to thoroughly saturate coils.
5. If necessary for multi-bank coils or if coils are heavily soiled, repeat spraying. Rinsing condenser coils with clean water spray is recommended after each coil cleaner application (particularly when using concentrated or 1 to 1 dilution), but is not required. For evaporator coils, condensate will provide rinsing however, any filters should be rinsed after cleaning. No waiting is necessary between any repeat spraying and/or rinsing steps.
6. After condenser coil cleaning is completed, any accumulation of soils, coil cleaner and rinse water under the HVAC equipment, or on the floor, ground or roof should be flushed away with water. For evaporator coils, cleaning residues may be left to drain naturally from the condensate pan. Excess coil cleaner may be left in pressure sprayers for later use, but pressure should be bled off for safety.

### Characteristics | Features

- Safer to use because of its low toxicity
- Application and cleanup are safe, simple, and easy
- Concentrated gallon may be used full strength or dilute with water for economical use.
- Aerosol is ready to use.
- May be left in sprayer - will not corrode parts
- Will not harm aluminum, copper or steel
- Will not chemically attack coils like standard acid and alkaline coil cleaners
- Completely biodegradable
- Inhibits corrosion without diminishing heat transfer capabilities

### Packaging

Code	Size	Qty. per Case	Lbs. per Case	Cubic Feet
83780	20 oz. Aerosol	12 cans	18	.56
83785	Gallons (3.8 L)	4 bottles	39	1.16
83784	5 Gallons (18.9 L)	1 pail	48	1.10
83782	55 Gallons (208 L)	1 drum	535	9.01
83795	5 Liter	4 bottles	45	1.15

## Non-Acid, Non-Caustic Coil Cleaner

Specifications	Gallon	Aerosol
Wt/Gal @ 77°F	~ 8.7 lbs./gal.	~ 8.7 lbs./gal.
Flash Point	176° F	145° F
Color	Light Straw	Light Straw
Odor	Mild	Mild
Shelf Life	2 years	2 years

Suggestions and recommendations covering the use of our products are based on our past experience and laboratory findings. However, as we have no control as to the methods and conditions of application, we only assume responsibility for the uniformity of our products within manufacturing tolerances

### Clean-N-Safe Aerosol

#### WARNING!

Causes serious eye irritation. Contains gas under pressure; may explode if heated.

**FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE OR ACCIDENT, CALL CHEMTREC-DAY OR NIGHT 1-800-424-9300.**

**Contains: Propylene Glycol Butyl Ether. Precautionary Statements: PREVENTION:** Keep away from heat/sparks/open flames/hot surfaces – No smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing. Wash face, hands and any exposed skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. **RESPONSE: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice/attention. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing and wash before reuse. Rinse skin with water/shower. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. **IF SWALLOWED:** Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. **STORAGE:** Protect from sunlight. Store in a well-ventilated place. **DISPOSAL:** Dispose of contents/container to an approved waste disposal plant. **KEEP OUT OF REACH OF CHILDREN.**

### Clean-N-Safe

#### DANGER! Combustible liquid.

Causes skin irritation. Causes serious eye damage.

**FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE OR ACCIDENT, CALL CHEMTREC-DAY OR NIGHT 1-800-424-9300.**

**Contains: Dipropylene glycol monomethyl ether. PRECAUTIONARY STATEMENTS: PREVENTION:** Keep away from heat/sparks/open flames/hot surfaces. — No smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. **RESPONSE: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
