

# LED CFL Replacement Lamps

LED lamps are the ideal solution to replace plug-in compact fluorescent lamps and are just as easy to install. These LED lamps are available in 2-pin and 4-pin, as well as in horizontal and vertical models.

They are perfect for use in commercial buildings, hotels and offices by providing an eco-friendly and cost saving alternative to any ceiling fixture, recessed can, downlight or sconce.

### \*LED PL Bases Replacement for CFL bases

GX23	GX23, GX23-2
G24d	G24d-2, G24d-3

NOTE: These LED lamps are a direct replacement for the CFL bases listed above. However, the base compatibility of these LED lamps is not limited to the CFL bases mentioned above.

Lumen values are derived from photometric testing.  
This lamp only operates on magnetic ballasts or ballast bypass in 120-277V applications.  
Not for use in 347V direct line voltage applications.

Order code	Description	Watts	Base*	Colour temp.	CRI	Life L70	Lumen output	Traditional equivalent (W) CFL	Operating position	Case qty
		(W)		(K)		(hrs)	(lm)			(Inner/master)

### PL 4-pins

#### Ballast bypass installation
