# ICON GUIDE

## TOILET

3D TORNADO FLUSH™

Three powerful nozzles create a powerful centrifugal rinsing action and combines it with the conservation of 0.9 or 1.28 GPF.

DUAL-MAX™

A dual flushing system that optimizes conservation by selecting the preferred flush volume.

CEFIONTECT™

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

UNIVERSAL HEIGHT

Toilet height that allows for a more comfortable height position UNIVERSAL HEIGHT across a wide range of users.

SKIRTED DESIGN

The trapway is concealed by smooth porcelain, making the toilet easier to clean.

## WASHLET

TOTO  
WASHLET™

An electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.

WASHLET® +

WASHLET and toilet set with a concealed connection that is specially designed for a seamless installation.

EWATER+™

Mists the bowl with electrolyzed water, a proven disinfectant, keeping the wand and toilet bowl clean to reduce the need for harsh chemicals.

PREMIST

Using the incoming water supply, a Premist sprays the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

## GENERAL FEATURES

### AUTO FUNCTIONS

Product featuring an integrated, automatic, sensor activated function.

### ADA

Product complies with Americans with Disabilities Act guidelines.

### WATERSENSE

Product that meets EPA standards for water efficiency and performance criteria.

### CEC

Product meets California Energy Commission requirements.

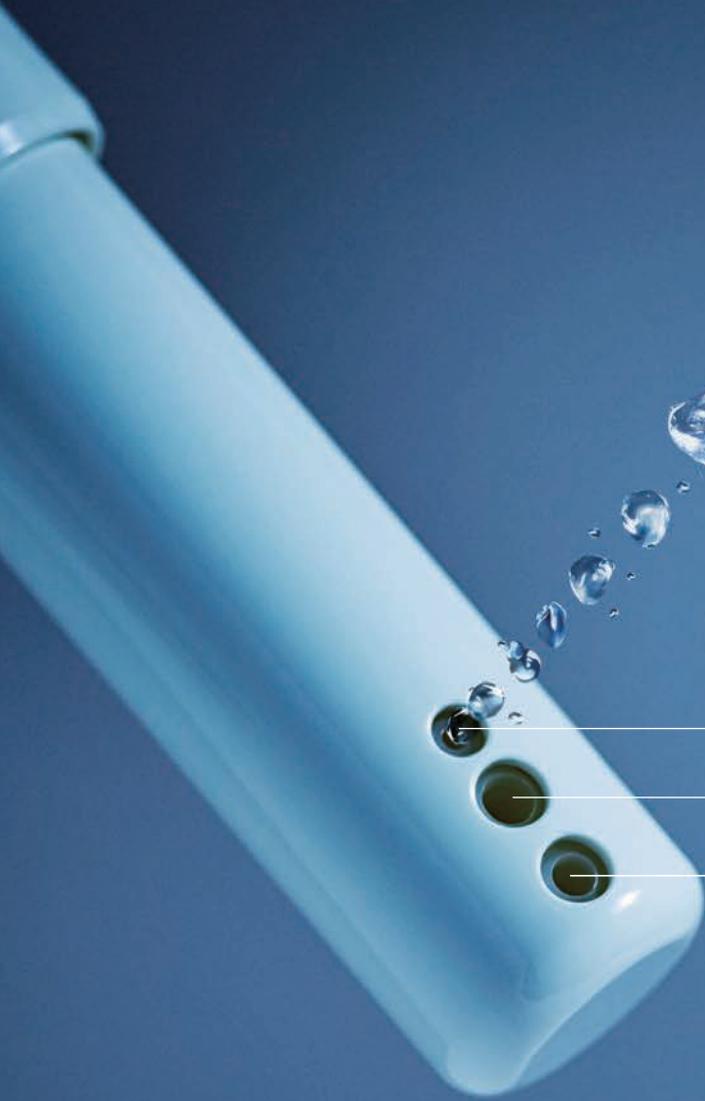

## CALGreen

Product meets CalGreen Water Regulations for new construction and permitted remodel.

### GOOD DESIGN

The Good Design Awards is the world's oldest and most important industrial design program organized annually by the Chicago Athenaeum Museum.

REAR SPRAY

REAR SOFT SPRAY

FRONT SPRAY

WIDE FRONT SPRAY

# TOTO : washlet®

CLEANSING FUNCTIONS

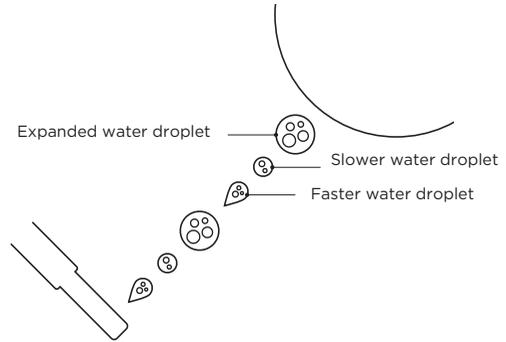

## CLEANSING FUNCTIONS

WITH THE TOUCH OF A BUTTON, A WAND EXTENDS FROM UNDER THE SEAT FOR SOOTHING WARM-WATER CLEANSING.

### How WASHLET® works

AIR-IN WONDER-WAVE technology is the precise, pleasant, air rich stream that keeps you clean. As water is fired at different speeds, small droplets collide with larger ones, combining and expanding as the droplets fill with more air. The injection of air enlarges water droplets by around 30%.

### Select the type of cleansing you desire each time.

#### REAR SPRAY

The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

#### REAR SOFT SPRAY

It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

#### FRONT SPRAY

The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

#### WIDE FRONT SPRAY

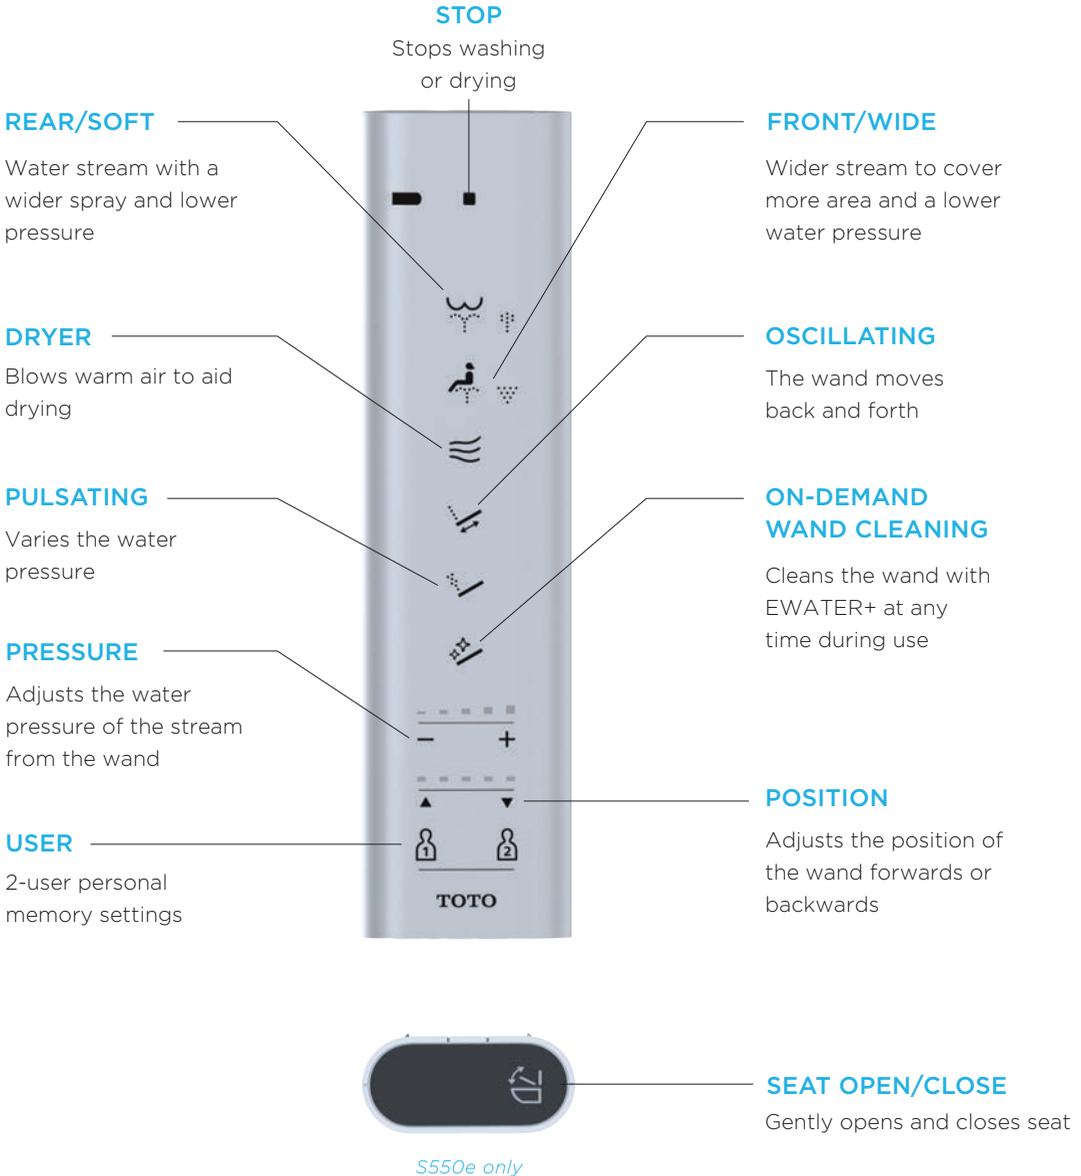

It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

# HOW THE REMOTE CONTROL WORKS

Easy and Convenient to Use.

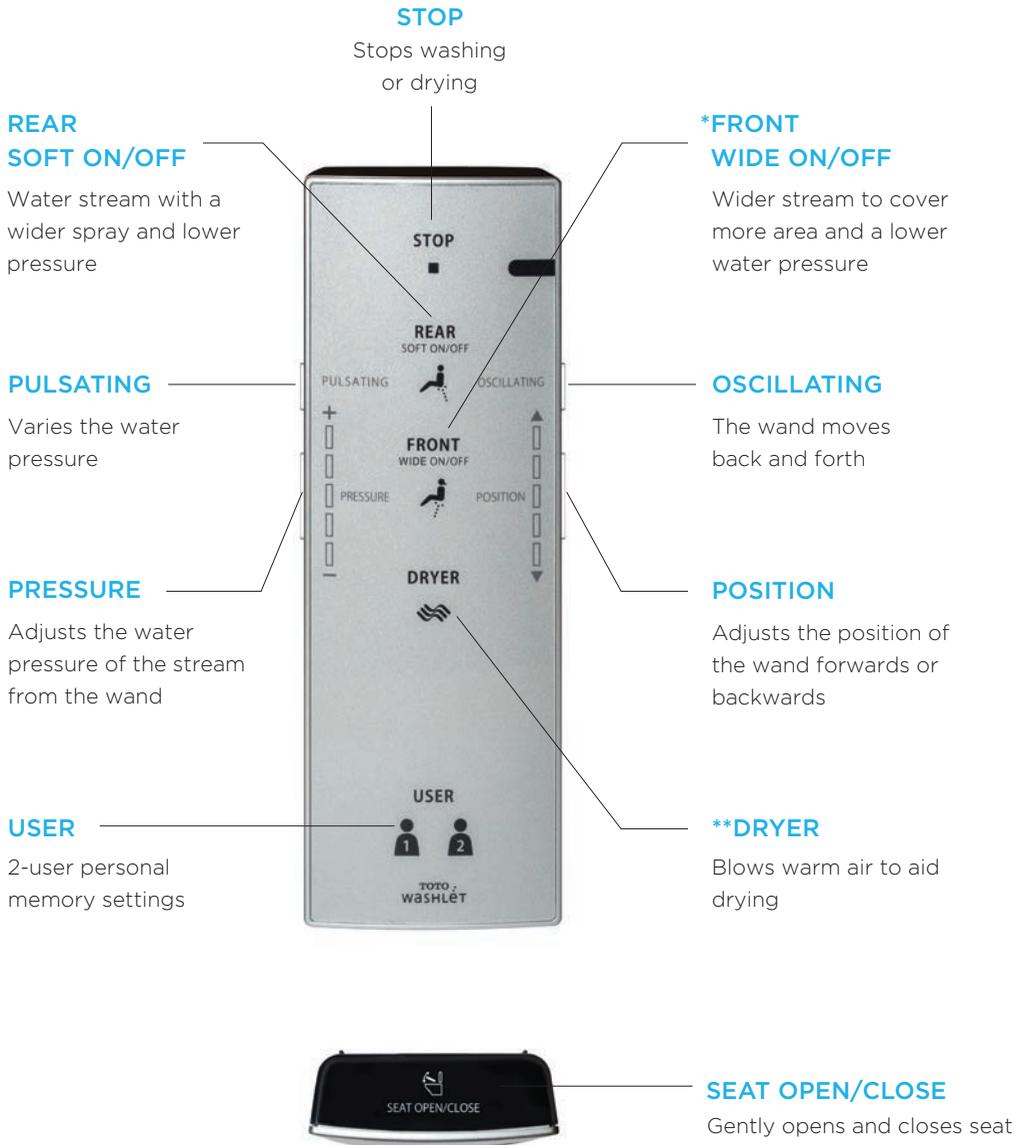

**NEW**

## WASHLET® S550e & S500e models

Interface of the remote control is subject to change.  
Bracket available for wall-mounting.

## WASHLET® S350e, S300e, C200, & A200 models

*S350e only*

\*FRONT WIDE ON/OFF function only available on S350e/S300e

\*\*DRYER not available on A200

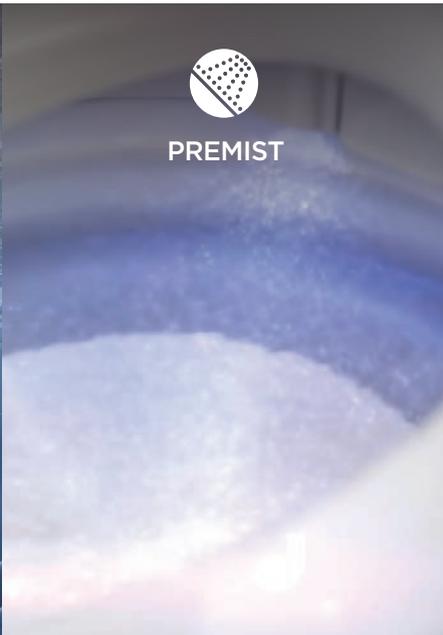

## TOTO WASHLET TECHNOLOGIES

For greater performance and hygiene in the bathroom.

SELF-CLEANING  
WAND

This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically cleans itself to ensure constant hygienic conditions.

PREMIST

Using the incoming water supply, a pre-mist wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

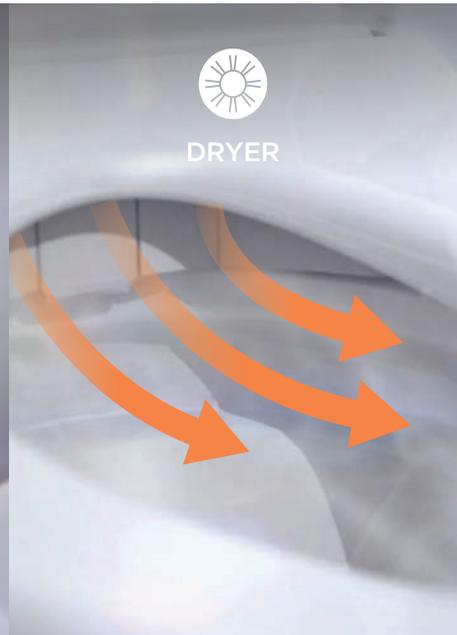

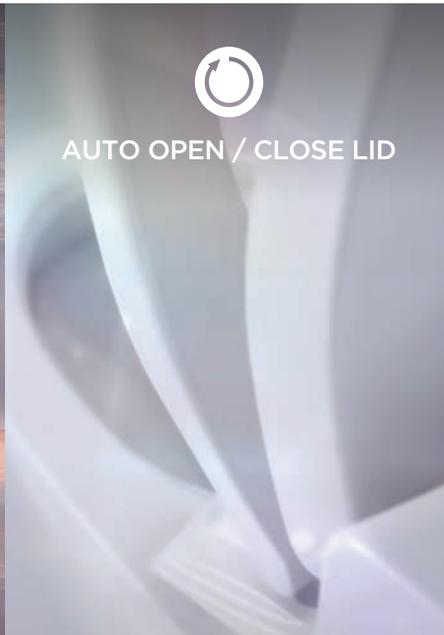

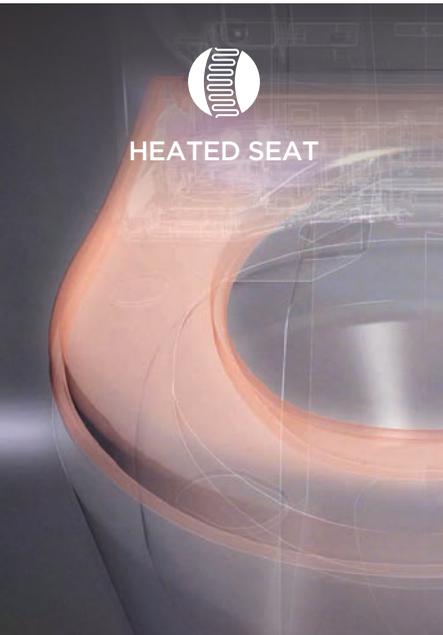

*\*Not available on A200 and A100*

DEODORIZER

Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

*\*Not available on A200 and A100*

The toilet seat immediately warms when the toilet is approached, ensuring a warm comfortable seat any time.

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

*\*S550e and S350e only*

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

*\*Not available on A200 and A100*

- #12 Sedona Beige

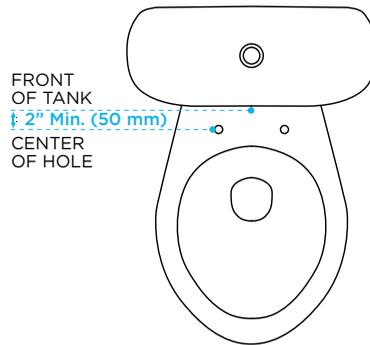

## WASHLET® INSTALLATION REQUIREMENTS

For when your existing toilet is in need of an upgrade.

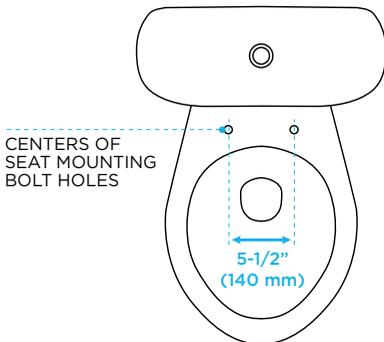

The following four-part diagram details the approximate measurements and requirements for installing most WASHLET models on existing toilets. Note that some styles of toilets may not allow the WASHLET to fit properly due to certain contours where the tank meets the bowl.

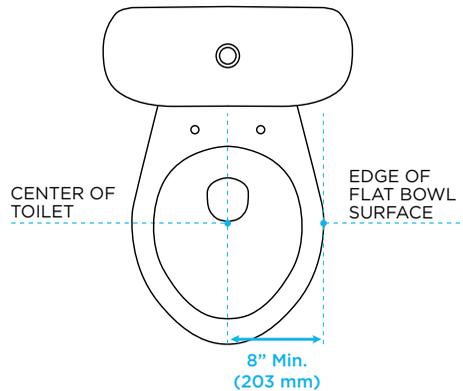

1. Elongated seats approximately 18-1/2 inches\* (470 mm) from mounting holes to front of bowl.

2. Minimum of 2 inches\*\* (50 mm) from front face of tank to the center of mounting holes.

3. Approximately 5-1/2 inches (140 mm) from the centers of the seat mounting holes.

4. Minimum of 8 inches (203 mm) of open space from center of toilet to edge of flat bowl surface.

\*Approximately 16-1/2" (420 mm) for round WASHLET seats.  
\*\*Minimum of 1-3/4" min. (45 mm) for WASHLET S350e and S300e.
