TOTO

Life Anew

To create a culture of comfortable, healthy living.

Since our founding, we have continuously pursued innovations that offer greater wellness and comfort to daily life.

Honoring the trust that our customers and society place in us, TOTO remains dedicated to delivering products that offer inclusive functionality and respect for the environment.

We embrace these values every day to create a future that surpasses all expectations.

Life Anew

ICON GUIDE

TOILET & LAVATORY

1.0 GPF

Using only 1 gallon per flush, 1G toilets provide the most efficient flush in the industry.

TORNADO FLUSH®

A state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

E-MAX®

High performance, high-efficiency flushing technology using only 1.28 GPF with a 3" wide flush valve, large trapway, and extra-large siphon jet.

CEFIONTECT®

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

UNIVERSAL HEIGHT

Toilet height that allows for a more comfortable height position across a wide range of users.

SKIRTED DESIGN

The trapway is concealed by smooth porcelain, making the toilet easier to clean.

WATER SAVING

Water efficient toilets designed with 1.28 gallons per flush or less.

wasHLET® +

WASHLET and toilet set with a concealed connection that is specially designed for a seamless installation.

EFV & AUTO FAUCET

ECOPOWER®

EcoPower indicates sensor faucets and flush valves that are powered by flowing water.

AUTO FLUSH

No need to touch buttons or handles and never worry about someone forgetting to flush — it's automatic after each use.

SAFETY THERMO®

Shape Memory Alloy (SMA) thermostatic valve that prevents a sudden, unwanted increase in water temperature.

CODES & STANDARDS

ADA

Product complies with Americans with Disabilities Act guidelines.

WATERSENSE®

Product that meets EPA standards for water efficiency and performance criteria.

CEC

Product meets California Energy Commission requirements.

GREEN SEAL™

Product meets Green Seal certification requirements.

CALGreen

Product meets CalGreen Water Regulations for new construction and permitted remodel.

TOTO EVERYWHERE

TOTO CAN TAKE CARE
OF YOU EVERYWHERE.

TOTO products can create beautiful, refreshing bathroom experiences in any situation. We design everything from urinals to hand dryers, so even a football stadium or an airport restroom can be a peaceful, inspiring escape.

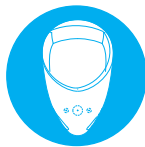

We're known for consistent high-performance design and a beautiful, global aesthetic in all our products, so wherever you find TOTO you can experience the same reliability, value and style.

TOILETS

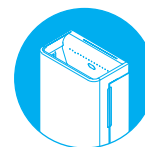

URINALS

FLUSH VALVES

LAVATORIES

HAND DRYERS

In today's fast-paced world, the need for superior performance and reliability means everything. And when it comes to busy commercial buildings, TOTO products are the only choice. We design world-class, eco-friendly plumbing products that help you save water and money without sacrificing an ounce of performance.

CERTIFICATION & COMPLIANCE

TOTO offers a full range of bathroom products that can help professionals in the commercial industry earn LEED points toward certification.

LEED is an internationally recognized green building certification system that provides third-party verification for a building or community. To get maximum LEED points, a new or existing building must reach specified water-usage reduction percentages. The more usage reductions, the more LEED points are earned.

THE AMERICANS WITH DISABILITIES ACT (ADA)

The Americans with Disabilities Act (ADA) was enacted in 1990 to establish design codes to serve people of all ages and abilities. A core principle behind TOTO Total Design, ADA standards consider the needs of everyone without additional adaptation or specialization, optimizing the bathroom experience for all generations in the family home.

By innovating ergonomics and accessibility, and combining them with our global design aesthetic, we give everyone everything that's great about TOTO.

ENVIRONMENTAL RESPONSIBILITY

TOTO plays a significant role in leading the sustainability charge in our industry. In fact, our active role in leading policy and certification organizations demonstrates how we go beyond products or practices to help ensure environmental responsibility across all company activities.

- ▶ TOTO is the only plumbing manufacturer to receive the EPA's Water Efficiency Leader Award
- ▶ TOTO was the first plumbing products manufacturer to have employees become sustainability experts by gaining LEED Accredited Professional status
- ▶ TOTO was the first major plumbing products manufacturer to join the United States Green Building Council (USGBC)
- ▶ TOTO was the first plumbing products manufacturer to develop third-party verified LCA Transparency Reports for bath products.

ONE GALLON
PER FLUSH**1G® TOILETS**
1.0 GPF

TOTO's 1G toilets are a perfect solution to help owners and managers of hospitality and multi-family housing properties address their water conservation challenges. The powerful, yet quiet 1G system offers a 35 percent savings over 1.6 GPF toilets —a substantial savings without wavering on our renowned performance.

Reduces water use by 35% or more on average over a standard 1.6 GPF toilet

TOTO 1G TOILETS**5,840 GALLONS**
Used in Flushing**\$175** Operation

COMMERCIAL TOILETS, URINALS & FLUSH VALVES

Innovation & Technology Highlights

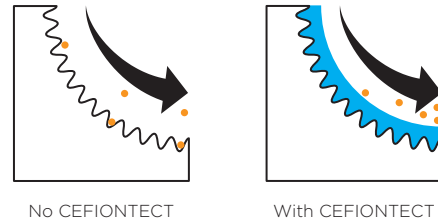

THE TOTO ADVANTAGE

- ▶ Thorough and extensive testing to ensure balanced flushing
- ▶ HETs use 1.28 GPF
- ▶ HEUs use as little as 0.125 GPF
- ▶ TOTO toilet and urinal fixtures are designed for efficient operation, ensuring the highest performance with the lowest consumption levels.

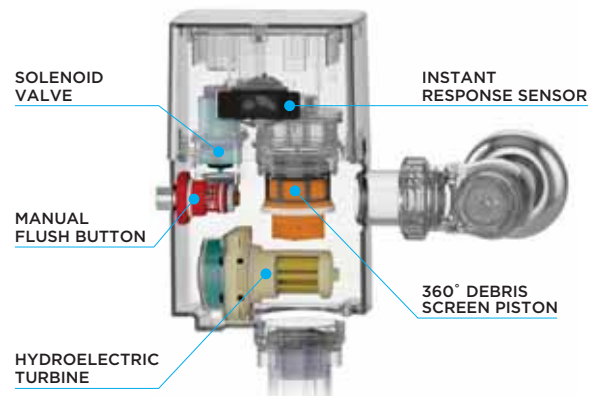

CEFIONTECT®

- ▶ Extraordinarily smooth glaze prevents particulates from adhering to ceramic surfaces
- ▶ The ion-barrier in CEFIONTECT keeps surfaces cleaner, longer
- ▶ Less cleaning means less water use and fewer chemicals in the environment

ECOPOWER® FLUSH VALVES

- ▶ Hydroelectric turbine uses water to create power
- ▶ ECOPOWER flush valves provide maximum performance in high-traffic commercial spaces
- ▶ Self-powering eliminates costs of installing electrical supplies and wiring
- ▶ No routine battery replacement means less maintenance costs

TMU1LN12 - 0.5 GPF
TMU1NNC-12 - 1.0 GPF

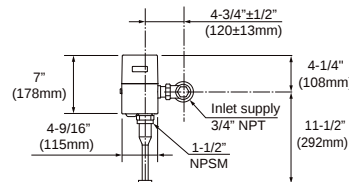

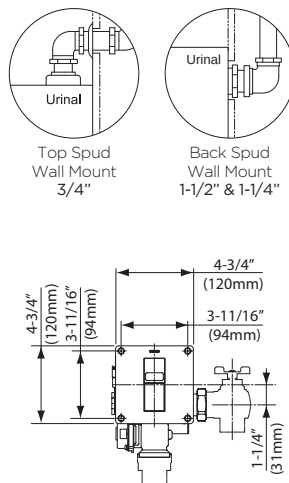

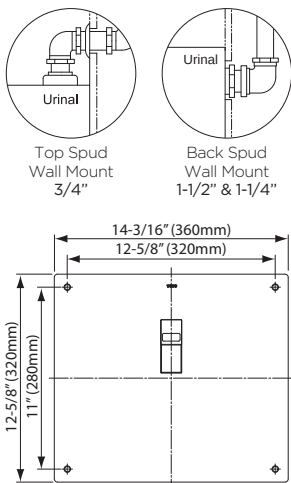

- ▶ Self-powered hydroelectric flush valve system
- ▶ No minimum daily usage requirement
- ▶ 14" x 12" stainless steel cover plate with solid bronze valve body
- ▶ Neutral rough-in and adjustable tail piece connection
- ▶ Self-cleaning piston valve with 360° filter screen†
- ▶ Manual flush override
- ▶ Smart sensor with self-adjusting detection range
- ▶ 6-second detection time to prevent ghost flushing
- ▶ ADA compliant
- ▶ Available in Stainless Steel (#SS) only

- ▶ Self-powered hydroelectric flush valve system
- ▶ No minimum daily usage requirement
- ▶ 4" x 4" brushed stainless steel cover plate with solid bronze valve body
- ▶ Neutral rough-in and adjustable tail piece connection
- ▶ Self-cleaning piston valve with 360° filter screen†
- ▶ Manual flush override
- ▶ Smart sensor with self-adjusting detection range
- ▶ 6-second detection time to prevent ghost flushing
- ▶ ADA compliant
- ▶ Available in Stainless Steel (#SS) only

- ▶ Self-powered hydroelectric flush valve system
- ▶ No minimum daily usage requirement
- ▶ Durable chrome plated body with tamper-proof screws and solid bronze valve body
- ▶ Self-cleaning piston valve with 360° filter screen†
- ▶ Neutral rough-in and adjustable tail piece connection
- ▶ True mechanical flush override
- ▶ Smart sensor with self-adjusting detection range and fuzzy logic control† to reduce water usage
- ▶ 6-second detection time to prevent ghost flushing
- ▶ ADA compliant
- ▶ Available in Polished Chrome (#CP) only

- ▶ Manual operated, non-hold open, urinal flush valve complete with 3/4" angle stop and 3/4" or 1-1/4" vacuum breaker set
- ▶ Piston valve action with 0.5/1.0 GPF
- ▶ Left/right rough-in
- ▶ Top spud exposed
- ▶ ADA compliant
- ▶ Available in Polished Chrome (#CP) only

THE POWER OF RECLAIMED WATER

Innovation & Technology Highlights

COMMITTED TO SAVING WATER DROP BY DROP.

Water conservation extends far beyond the amount we use. Reclaimed water aims to reduce the amount of potable water used in our toilet systems. Recycling water already used for toilets conserves our precious, finite sources of fresh water.

Product Shown: Helix® Wall-Mount ECOPOWER® Faucet

COMMERCIAL ECOPOWER® FAUCETS

Innovation & Technology Highlights

ECOPOWER sensor faucets harness the energy of running water to power themselves. It's a simple solution that saves water and energy. That's the TOTO theory of sustainability.

The water-powered turbine in the ECOPOWER faucet creates an electrical current that is stored in rechargeable cells to power the Smart Sensor System. ECOPOWER replenishes its charge with every use and has no minimum daily usage requirement. This translates into reduced electricity use, lower maintenance costs and better ecology with hands-free, automatic-shut-off functionality.

ECOPOWER ADVANTAGE

- ▶ Sustainably engineered to require no external electricity source
- ▶ Hydropower system needs no routine battery replacement which lowers maintenance costs
- ▶ Strategically placed sensor ensures instantaneous water response, minimizing water wastage
- ▶ Hands-free operation reduces the chance of spreading contaminants

TOTO COMMERCIAL PERFORMANCE

A WIN-WIN. Unlike other sensor faucets, ECOPOWER faucets use hydropower to operate the sensor. The flow of water, which meets the most rigorous water saving standards, spins the high-efficiency turbine to both create and store power for operation. TOTO's proprietary sensor technology has been perfected over the past 15 years.

Product shown: TOTO Standard Soap Dispenser

COMMERCIAL SOAP DISPENSERS

Innovation Highlights

THE TOTO ADVANTAGE

TOTO's soap dispensers offer automatic, touchless operation for a more hygienic and comfortable experience. Designed for high-traffic commercial spaces, our soap dispensers are available in industry-standard polished chrome, and for more decorative installations, brushed and polished nickel finishes.

- ▶ Made from durable material for heavy use in commercial applications
- ▶ Biodegradable, Green Seal™ certified soap available
- ▶ Foaming soap for efficient cleansing*
- ▶ Auto-purge cycle to prevent soap from clogging the spout
- ▶ Micro-sensor under the spout for accurate hand detection*
- ▶ Low soap indicator
- ▶ Low battery indicator*
- ▶ Easy-to-refill soap reservoir

**Function available on specific models.*

COMMERCIAL LAVATORIES

Innovation & Technology Highlights

TOTO lavatories deliver the ideal combination of design and functionality. Available in a variety of styles from undercounter to self-rimming, our lavatories offer comfortable use for everyone, regardless of age or physical ability. They're the perfect choice for any commercial space, from hotels to public facilities.

**ADA
COMPLIANT**

The Americans with Disabilities Act (ADA) was enacted in 1990 to establish design codes to serve people of all ages and abilities. A core principle behind TOTO Total Design, ADA standards consider the needs of everyone, no matter their needs, without additional adaptation or specialization, optimizing the bathroom experience for all generations.

Product shown: Clean Dry® Hand Dryer

COMMERCIAL CLEAN DRY® HAND DRYERS

Innovation & Technology Highlights

TOTO's Clean Dry hand dryers offer high-speed air for an effective, economical solution. Infrared sensor-operated, Clean Dry offers innovative air wicking technology that dries the user's hands in under 12 seconds.

**WASTE
REDUCTION**

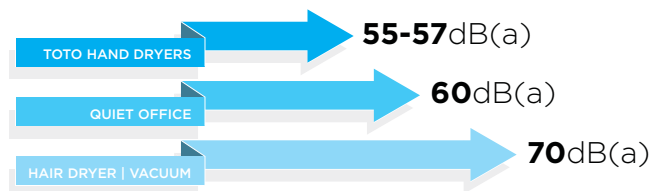

**LOW
NOISE**

TOTO COMMERCIAL PERFORMANCE

Clean Dry hand dryers reduce energy use by 25 percent over traditional electronic hand dryers that sometimes fail to dry hands completely. Further, Clean Dry dryers are extremely quiet during operation with a low decibel rating between 55 and 62 dB

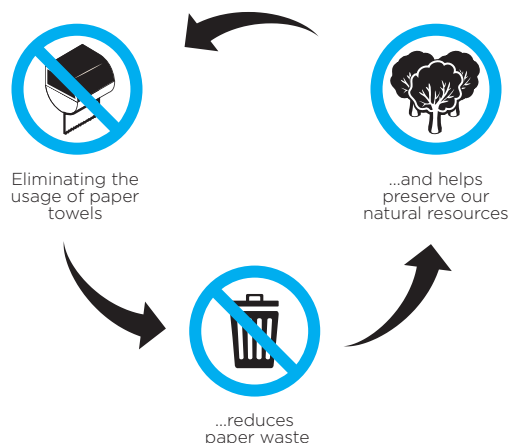

DECIBEL RATING

TOTO HAND DRYER BENEFITS

- ▶ Unobtrusive designs that blend into any bathroom décor
- ▶ Environmentally friendly – no paper waste
- ▶ Eliminates the cost of providing paper towels, including the man-power needed to restock paper and discard trash
- ▶ Double-sided fan simultaneously dries hands from both sides, greatly reducing drying time*
- ▶ Washable trays to eliminate water splashing and prevent slip and fall accidents
- ▶ Vandal resistant designs
