

8740 B HF Zyklus bit socket with holding function, 3/8" drive, 4 x 35 mm

Zyklus Accessories, 3/8"

EAN:	4013288188564	Size:	102x44x20 mm
Part number:	05003031001	Weight:	32 g
Article number:	8740 B HF	Country of origin:	CZ
		Customs tariff number:	82079030

- Bit socket (non-impact) for manual or machine tool operations
- The holding function holds screws securely on the tool
- Take it easy tool finder with colour coding according to sizes
- Knurling on lower end for more grip when used manually
- Chrome vanadium steel, matt chrome-plated

Bit socket with 3/8 inch drive and holding function for extremely convenient screwdriving with reduced risk of losing the screw when addressing the workpiece. "Take it easy" Tool Finder with colour coding according to size - for simple and rapid accessing of the required tool.

Zyklop Accessories, 3/8"

Bit sockets with retaining function for hexagon socket screws

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

"Take it easy" tool finder system

"Take it easy" tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
