

# 8740 B HF 1 Zyklop bit socket set with holding function, 3/8" drive, 7 pieces

Zyklop Accessories, 3/8"

<b>EAN:</b>	4013288195050	<b>Size:</b>	155x135x48 mm
<b>Part number:</b>	05003180001	<b>Weight:</b>	669 g
<b>Article number:</b>	8740 B HF 1	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82079030

- Bit sockets with retaining function for hexagon socket screws
- The holding function holds screws securely on the tool
- Take it easy tool finder with colour coding according to sizes
- Knurling on lower end for more grip when used manually
- Chrome vanadium steel, matt chrome-plated

Bit socket with 3/8 inch drive and holding function for extremely convenient screwdriving with reduced risk of losing the screw when addressing the workpiece. "Take it easy" Tool Finder with colour coding according to size - for simple and rapid accessing of the required tool.

05003038001	1 x 7 x 100 mm
05003040001	1 x 8 x 100 mm
05003042001	1 x 9 x 100 mm
05003044001	1 x 10 x 100 mm

Bit sockets with retaining function for hexagon socket screws

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

Zyklus Accessories

We did not just want our creativity to end with the ratchets themselves so we also occupied ourselves intensively with ratchet accessories. That is why our users are now provided with an extension with freely spinning sleeve and flexible lock to enable more secure and more rapid screwdriving. The sockets have been completely redesigned: we wanted to spare the user the need of having two different series – one for manual and the other for power tool applications. And: we wanted to enormously simplify the task of finding the right sizes. Technically, our own ambitious goals represented a real challenge: to endow sockets with the advantage of the holding function on screwdrivers and bits. We succeeded in this!

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
