05003086001	1 x 3/16" x 107 mm
05003088001	1 x 7/32" x 107 mm
05003090001	1 x 1/4" x 107 mm
05003092001	1 x 5/16" x 100 mm
05003094001	1 x 3/8" x 100 mm

**Bit sockets with retaining function for hexagon socket screws**

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

**"Take it easy" tool finder system**

"Take it easy" tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

**Manual and machine sockets**

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
