

8004 B Zyklop Metal Ratchet with switch lever and 3/8" drive, 3/8" x 222 mm

The Zyklop Ratchets, 3/8"

EAN: 4013288174048

Part number: 05004034001

Article number: 8004 B

Size: 230x50x27 mm

Weight: 327 g

Country of origin: CZ

Customs tariff number: 82041100

- Convenient direction change thanks to switchover lever
- Extremely slim ratchet with long lever
- Return angle of only 5°
- Very robust without any restrictions on torque
- Secure socket locking

Zyklop Metal ratchet with switchover lever. Slim design for work in even very confined spaces. The 72 fine-pitched teeth allow a small return angle of 5°. Comes with a switchover lever for convenient direction change and secure socket locking function. Forged, full metal ratchet (chrome-molybdenum steel) for particularly high robustness and long service life.

The Zyklop Ratchets, 3/8"

Zyklop Metal Switch

Due to the ever-more confined working environment, space is becoming more and more an issue for the application of ratchets. Our product developers therefore intensively occupied themselves with the issue of confined working spaces, and Wera has now solved this problem. The extremely slim and robust Zyklop Metal ratchet with a long lever was what emerged. When the change in direction needs to be quick, the Zyklop Metal Switch ratchet is the right tool. When the socket must not get lost and a coincidental change of direction has to be avoided at all cost, the Zyklop Metal Push is the correct choice.

Slim design

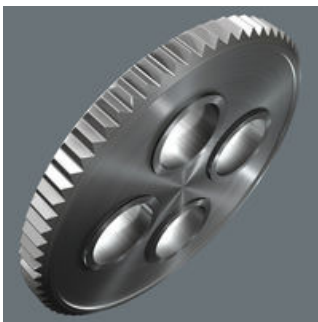

Forged, full metal ratchet (chrome-molybdenum) that is extremely robust with a long service life; slim design to enable work in very confined spaces.

Reversible

Switch lever for convenient change of direction.

Small return angle

Fine-pitched with 72 teeth for a return angle of only 5°

Ball lock

The ball lock ensures sockets and accessories are securely fitted, providing increased safety during operation. A short press on the release button allows the tool to be changed quickly.
