

<b>EAN:</b>	4013288184238	<b>Size:</b>	165x140x68 mm
<b>Part number:</b>	05004203001	<b>Weight:</b>	1015 g
<b>Article number:</b>	8790 C HF 1	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82042000

- Compact textile box with high robustness, low weight and volume
- Bit socket (non-impact) for manual or power tool operations
- The holding function holds screws securely on the tool
- Take it easy tool finder with colour coding according to sizes
- Knurling on lower socket end for more grip when used manually

Socket set with holding function for particularly convenient screwdriving with reduced risk of losing the screw when addressing the workpiece.

**Sockets with retaining function for hexagon headed bolts, screws and nuts**

The clamping of the screw is achieved by a twin spring loaded ball retention system. The tubing is effectively protected against mechanical wear and tear by a steel ring. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

**"Take it easy" tool finder system**

"Take it easy" tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

**Secure hold and easy removal**

The all new smooth turning mechanism guarantees both secure and rattle-free storage, yet allows easy removal of the tool.

**Manual and machine sockets**

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
