

EAN:	4013288095541	Size:	58x20x3 mm
Part number:	05027203001	Weight:	3 g
Article number:	950 BM	Country of origin:	CZ
		Customs tariff number:	82054000

- L-keys for hexagonal socket screws
- Hex-Plus allows socket head screws to live longer
- BlackLaser for high corrosion protection and long service life
- Metric
- Laser-engraved and thereby wear-resistant size markings

High quality L-keys for hexagonal socket screws. Hex-Plus offers a larger contact surface within the screw head. This reduces the notching effects to a minimum and almost completely eliminates the risk of destroying the screw recess. The BlackLaser surface treatment provides outstanding surface protection, even against corrosion, and a long service life. Wear-resistant size markings for rapid accessing.

L-Keys for Hexagon Socket Screws

L-Keys

We questioned the classic L-key design, since all too often the screw head recess is rounded out, meaning screws can no longer be tightened or loosened – and so the user finds the L-key slipping out of the recess. Wera Hex-Plus tools have a larger contact surface in the screw head. The notching effects are reduced and thereby the deformation of the screws. At the same time, as much as 20 % more torque can be applied.

Hex-Plus

Hexagon screws can endure a problem because the contact surfaces delivering the power from the conventional tool, is transferred to the screw via very small surface areas. The consequence: the screw can become damaged (rounding out). Hex-Plus tools have a greater contact surface that prevents this from happening! At the same time, as much as 20 % more torque can be applied. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Size identification

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes – for simple and rapid accessing of the required tool. Making it easy to find the right tool.

Surface protection

L-keys with BlackLaser surface treatment for outstanding surface protection and long service life. High corrosion protection.
