

EAN:	4013288033741	Size:	90x63x15 mm
Part number:	05056158001	Weight:	76 g
Article number:	Bit-Check 7 TX BO Universal 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Upright positionable Bit-Checks convince due to their functionality in a minimum of space
- Universal holder with quick-release chuck for rapid bit change
- Tough viscous bits for universal use
- In handy and robust Bit-Check
- Provides a quick overview of the tools available

Robust Bit-Check by Wera. Bit-Checks provide a quick overview of the tools available. Bits not needed are simply reinserted into the set and do not get lost. Simple transportation e.g. in the shirt pocket. Includes universal holder for the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3. Quick-release chuck for rapid bit change. Comes with TORX BO bits for secure fastening; for universal use.

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

TORX® with borehole (BO)

TORX® tools with a borehole prevent the unauthorised unfastening of safety screws. The screws contain a pin that protrudes into the drive profile so that "normal" TORX® tools cannot be used. This pin fits into the borehole of TORX® BO tools allowing safety screws to be unfastened.

Tough-absorbing bits

Tough-absorbing Wera bits (Z) prevent any premature breakage of the drive tip.

Universal holder with quick-release chuck

For a firm, wobble-free connection between holder and bit with quick-release action. Simply push sleeve forward to change bits. The non-magnetic version prevents any unwanted attraction of metal filings.
