

EAN: 4013288209559
Part number: 05135871001
Article number: Kraftform Kompakt W
 Imperial 1 Wartung

Size: 325x145x65 mm
Weight: 1355 g
Country of origin: CZ
Customs tariff number: 82054000

- Incredibly fast 1/4" Zyklop Speed ratchet with pivoting ratchet head and 5 predefined locking positions
- Manual and power tool sockets (non-impact) with ball-stop groove and knurling at lower end for more grip
- JOKER combination ratcheting wrench with special holding plate against slipping/loss of the screw
- VDE-insulated Kraftform holder and interchangeable blades
- Set in robust textile box

Compact tool set with the most important screwdriving tools for maintenance jobs both indoors as well as outdoors. VDE hand holder including 12 VDE blades; 1 Kraftform series 300 screwdriver for slotted screws; 1 Joker ratcheting combination wrench with holding function, limit stop, small return angle and extremely high-grip toothing; incl. the incredibly fast 1/4" Zyklop Speed ratchet with accessories; 8 Zyklop manual and power tool sockets, 1 universal bit holder; 7 25mm bits; 1 screw gripper to firmly hold screws; textile box that is very robust and durable; can be positioned upright in the workshop shelf for tidy storage; additional surface protection thanks to the textile outer material; low weight and volume for simplified mobility.

The Zyklop Speed Ratchet

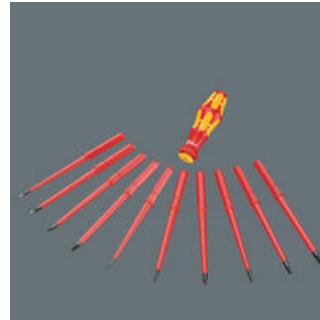

The Wera Zyklop Speed ratchet combines the advantages of five different types of ratchet in one. And it is a really fast mover

Kraftform Kompakt W 1 Maintenance

The perfect set for diverse maintenance jobs both indoors as well as outdoors - applications: electronics, mechatronics, building technology, photovoltaic etc. etc. etc.

Handle/interchangeable blade system – Kraftform Kompakt VDE

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Zyklop “6 in 1”

1. Fine-tooth ratchet 2. Flex-head ratchet 3. Angle ratchet 4. Quick-release ratchet 5. Power ratchet 6. Screwdriver

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Integrated limit-stop

Constant re-positioning of the wrench? Difficulty holding fasteners in confined spaces? Easing off to avoid any risks of injury or fastener damage? That was yesterday. Today, the Joker prevents slipping off of the fastener head with its integrated limit-stop - no longer is the thumb needed to act as a depth stop. This makes applications much easier and allows significantly more force to be applied during fastening jobs.

Textile boxes

The textile boxes offer dramatically improved portability, and are space-saving to boot! This means you can now carry the same collection of tools, in a much more compact and comfortable package. The hassle of running back and forth for the right tools has now become a thing of the past. And the much lower weight of a set makes carrying more convenient than ever before. The textile box including the tool will even survive a fall undamaged.
