		Customs tariff number:	84661038

- Universal holder for the take-up of bits with 1/4" hexagon head drive
- Stainless sleeve for special corrosion protection
- 1/4" hexagon drive (Wera connecting series 4)
- Strong retaining ring for optimum fit of the tool in the holder
- Strong permanent magnet holds the bits absolutely securely

Universal holder for the take-up of bits with 1/4" hex head drive as per DIN ISO 1173-C 6.3. Stainless sleeve for special corrosion protection. The particularly strong retaining ring ensures an optimum fixing of the tool in the holder. The especially strong permanent magnet makes sure that the bits are held absolutely securely. 1/4" hexagon, suitable for holders as per DIN ISO 1173-F 6.3.
