**BLANCO**

# BLANCO sinks, faucets and more.

Leading quality, design & function  
for your kitchen.

## Welcome to the heart of our daily activities.

Whether it is a quick breakfast, a family meal or a big birthday party - everything revolves around the sink, the central area when it comes to preparing, cooking and cleaning. Since the foundation of our company in 1925, we have been working with water in the kitchen, and in 1951, we launched our first stainless steel sink on the market. Today, having sold over 50

million sinks, we are one of the most successful manufacturers in the world. Customers in more than 100 countries count on our innovative products. However, we continue to expand our product-focus beyond the sink. We have been manufacturing high-quality faucets and sink accessories with tremendous success worldwide.

Our kitchen design solutions are about our customers and providing them with innovative, functional and quality products.

# The soul of the kitchen begins here.

**Sink:** BLANCO PRECIS™ W/ DRAINBOARD, SILGRANIT®, Metallic Gray  
**Faucet:** BLANCO ALTA™, Chrome / Metallic Gray  
**Accessories:** Grid tray, Beech Cutting Board and BLANCO CapFlow™ Strainer Cover

**The soul of the kitchen begins here.  
 Embrace the beauty, function, quality and design.**

When it comes to buying a sink or faucet, you should never compromise. Choose quality. BLANCO has more than 90 years of experience producing industry leading kitchen products. We offer our expertise in product development and design resulting in optimal solutions for your kitchen.

With a wide range of materials, installation methods and styles, BLANCO products provide plenty of freedom to accommodate your individual wishes and requirements.

Learn to appreciate first class function, ease of care and excellent design. BLANCO - German quality, European design and made in Canada SILGRANIT® kitchen sinks.

## BLANCO Apron Front Sinks

Enjoy that timeless farmhouse charm - without the farm. From farmhouse-inspired majestic kitchens to urban condos, BLANCO shows a true commitment to kitchen sink design, excelling in material and design choices for the popular apron front style. This classic sink shape originally found in large farmhouse kitchens can now be enjoyed in even the smallest, most compact urban settings.

Exclusive to BLANCO, this sink style is now available in 3 robust materials and 8 different models. BLANCO uses only the finest, most durable materials, such as SILGRANIT®, Stainless Steel and Fireclay. With a combined total of 17 different sizes, bowl configurations and colours to choose from, BLANCO's apron front assortment has a design solution for every lifestyle.

## Traditional farmhouse and beyond.

BLANCO expertise with over seventeen different models to choose from.

**STEELART®**  
Individual masterpieces crafted with precision in Germany, in small production runs. Using a single panel of premium stainless steel, BLANCO artisans transform steel into exceptional products. Indulge in a truly luxurious kitchen experience.

**Stainless Steel**  
As a world leading manufacturer of stainless steel products, our new QUATRUS™ apron front collection combines the traditional farmhouse style with contemporary details - resulting in unique, functional and versatile designs.

**SILGRANIT®**  
Strength, durability and beauty - the legacy continues with the first apron front of its kind, made from a patented granite composite material known as SILGRANIT®.

**Fireclay**  
Old world elegance meets sophisticated design. The creation process includes handfinishing techniques and high firing temperatures resulting in a smooth, glossy, durable surface.

# BLANCO STEELART® Apron Front Sink

Work of art handcrafted in steel.

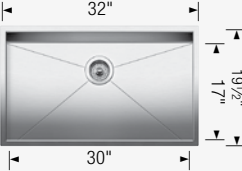

Sink: BLANCO PRECISION™ U SUPER SINGLE APRON, Stainless Steel  
Faucet: BLANCOCULINA™ MINI, Chrome

# BLANCO SILGRANIT® Apron front sinks

The first apron front of its kind.

Sink: BLANCO IKON® 33, SILGRANIT®, Metallic Gray  
Faucet: BLANCO DIVA™, Chrome

### Sink Features

- Made in Canada
- Natural granite composite material
- Exceptional resistance to heat, scratches and impact
- Repellent material – does not absorb any liquids, acids or stains; non-porous surface
- Hygienic+Plus surface - protects against bacteria
- Rear-positioned and centred drain hole
- Cabinet template and 3½" (90 mm) stainless steel strainer included
- Limited Lifetime Warranty

The BLANCO IKON® sink collection combines the popular apron front style with the beauty, strength and durability of our patented SILGRANIT® material. This revolutionary collection now comes in all seven SILGRANIT® colours and two different sizes; our standard 30" and a new, larger size 33". With its slightly angled apron design and colourful natural stone beauty, this sink will add a bold, architectural statement to your kitchen.

Whatever your style preference, our fireclay apron front sink collection tells a unique story. Hand-finishing techniques and high firing temperatures are used during the production of a BLANCO Fireclay sink, resulting in a smooth, glossy surface that is both incredibly durable and beautiful.

Our new, 36" width galley-style BLANCO PROFINA™ features a unique design with a truly innovative accessory collection, adding highly functional workstation convenience.

Our BLANCO CERANA™ is the first ceramic sink with a reversible design, and two different corner styles, allowing for a more contemporary or traditional décor installation.

## BLANCO STEELART®

Sometimes the little details, sometimes an overall impression reveal a unique character. But how do you turn first impressions into an endless source of unforgettable moments? It is a question that our artisans in the STEELART® production environment answer every day.

Discover how our STEELART® portfolio transforms something simple into something extraordinary. Each STEELART® sink is superbly crafted with precision from a single panel of premium-quality 304 series, 18-gauge stainless steel with 18/10 chrome-nickel content in small product runs.

Made in Germany, all STEELART® sinks are manufactured using superior design and engineering techniques.

BLANCO  
STEELART

The art of precision.

### BLANCO PRECISION™

#### Zero-Radius

Corners BLANCO PRECISION™ undermount and MicroEdge® sinks feature zero radius corners and angular bowl geometry.

### BLANCO Radius™ 10

#### 10 mm Radius Corners

Pioneered by BLANCO, 10 mm Radius Corners feature elegant slightly rounded 10 mm seams that are smooth to the touch.

### 'X' Pattern

Design features a striking 'X' pattern drain groove that helps to remove water quickly from the sink.

### MicroEdge®

Several BLANCO PRECISION™ models are available with MicroEdge® ultra-fine rims for a virtually seamless appearance and flushmount look.

### Luxurious Finish

BLANCO STEELART® products are manufactured with a luxurious, satin polish finish. The shine, beauty and craftsmanship are reflected in STEELART® sink surfaces.

# BLANCO ATTIKA™

Elevated Elegance.

## BLANCO Stainless Steel

With over 90 years experience in kitchen technology, design and manufacturing, BLANCO offers the ultimate in stainless steel quality and craftsmanship.

A Stainless Steel sink integrates beautifully in any kitchen environment.

Highlights of our Stainless Steel products include: classic, timeless aesthetics, rustproof, completely heat resistant, suitable for food use and hygienic, stain and acid resistant, non-fading, and easy to care for.

Made from premium quality 304 series, 18/10 chrome-nickel Stainless Steel and precision-engineered in Germany to exacting standards of quality and design, BLANCO Stainless Steel sinks are made to last a lifetime.

BLANCO expertise.  
Extraordinary features.

### Quality and Beauty

BLANCO sinks are made from superior quality stainless steel with 18/10 chrome-nickel content. A BLANCO Stainless Steel sink will keep its brilliance and value for decades.

### Durability

Stainless steel is impervious to water stains and calcium deposits and is easy to maintain. It is rust proof, nonporous and stain resistant. BLANCO stainless steel is also heat resistant. All BLANCO sinks carry a Limited Lifetime Warranty.

### Design

BLANCO's stainless steel selection offers a wealth of design options and product features. Rounded or tight corners, different bowl depths, sinks shapes and configurations – you can discover them all.

### Accessories

Accessories are offered with many BLANCO stainless steel sink models for the ultimate experience and practicality in your kitchen. Accessories include sink grids, cutting boards, workstations, colanders and more!

# BLANCO ANDANO™

Symphony in stainless steel.

Sink: BLANCO ANDANO™ U 2, Stainless Steel  
Faucet: BLANCO URBENA™, Chrome

## Sink Features

- Made in Germany
- Premium 304 series; 20 gauge stainless steel
- 18/10 chrome-nickel content for exceptional lustre, durability and strength
- Rear-positioned drain hole(s)
- Clips, installation instructions and 3½" (90 mm) stainless steel strainer(s) included
- Limited Lifetime Warranty

BLANCO ANDANO™ collection is the winner of the prestigious RedDot Design Award. Its elegant lines offer a modern and fresh look for the kitchen. Gently curved corners with beautiful surfaces deliver a unique look, emphasizing the importance of the sink in the overall kitchen design.

# BLANCO SILGRANIT®

Beauty, Strength, Durability  
- the legacy continues.

## The next generation of durability.

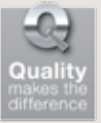

Scratches and residue can be easily cleaned / wiped away.

Before

After

Easy to clean

Scratch resistant

Heat resistant

Impact resistant

Hygienic

Acid resistant

Beauty and design

Natural smooth surface

Non-fading

## Evolution of material.

SILGRANIT® - the material evolution and legacy continues. Over 30 years ago, BLANCO began SILGRANIT®'s development and manufacturing. Today, SILGRANIT® is the world leading coloured kitchen sink choice.

SILGRANIT® is a patented material made of (up to 80%) natural granite that combines the textural beauty of nature with a smooth look and feel. Its strength and durability are achieved thanks to high-quality acrylic bonds. With new, smoother, natural surface that is easier to clean, the material delivers ultimate results. The non-porous surface with its Repellent nature does not allow stains or acids to penetrate inside the sink's surface.

SILGRANIT® offers exceptional resistance to scratches, heat and impact allowing all the heavy kitchen work to be done right at your sink. The material can withstand up to 280°C (536°F) – the resistance exceeds common boiling, baking or broiling temperature levels. It also endures extreme temperature fluctuations between hot and cold. Furthermore, SILGRANIT® is hygienic and food friendly – the Repellent surface features the patented Hygienic+Plus protection formula that does not absorb bacteria or odours, and reduces the relevant bacteria growth by up to 98%. To ensure the product beauty is preserved, SILGRANIT® material is non-fading.

Welcome to the next generation of SILGRANIT®.

# SILGRANIT® Sink Sensation

Discover the beauty. Awaken your senses.  
Explore the colours.

**Sink:** BLANCO PRECIS™ W/ DRAINBOARD, SILGRANIT®, Café  
**Faucet:** BLANCO ALTA™, Chrome / Café

Reflect your individuality  
with a spectrum of natural  
shades.

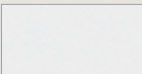

Colour is such an important part of our  
lives, especially within our homes. It is a  
fundamental aspect of interior design, and  
we use it as a form of creative expression.  
It has the power to uplift us, energize us,  
soothe us and make us feel more alive.

Awaken your senses and explore our  
beautiful nature-inspired SILGRANIT®  
colours. Our palette of seven different  
warm and cool neutral tones are  
designed to help you create your perfect  
space. Whether you want drama with  
contrasting hues or a sense of tranquillity  
with harmonious tones - our palette has  
something for everyone.

Get inspired and discover the beauty of  
SILGRANIT®.

Available in seven nature-inspired colours

## BLANCO Kitchen Faucets in sync with SILGRANIT® colours:

The beauty of SILGRANIT® goes beyond the kitchen sink. You can easily match your SILGRANIT® sink with one of our SILGRANIT® colour-match or dual finish faucets.

Our selection of dual finish faucets combine either Chrome and SILGRANIT® colour-match, or Stainless Finish and SILGRANIT® colour-match.

### SILGRANIT® colour-match:

### Dual finish:

Enjoy a combination of Chrome or Stainless Finish with SILGRANIT® colour-match options.

Refer to page 98 for full BLANCO kitchen faucets' details.

BLANCO PRECIS™

Ideal for small kitchens: BLANCO PRECIS™ W/ DRAINBOARD can be extended by the movable drainer grid.

The easy-to-use sink with drainboard offers plenty of space for essential kitchen needs.

Thanks to the clever bowl and sink ledge design, the BLANCO PRECIS™ W/ DRAINBOARD is also perfect for installation in front of the window.

BLANCO PRECIS™ W/ DRAINBOARD offers a modern wavy design of the drainer and grid. They beautifully complement each other.

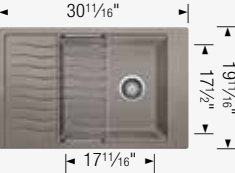

The drainer grid is included with the sink and can also be used as a rack for hot pots and pans.

BLANCO PRECIS™ W/ DRAINBOARD has a generous, yet compact size and can be installed as either a drop-in or undermount.

## BLANCO Bar / Prep Sinks

BLANCO offers an impressive lineup of bar and prep sinks in STEELART®, stainless steel and SILGRANIT® varieties. Square, rectangle or round shapes in different colours and materials will add that touch of style you have been looking for. These sinks are not only beautiful, but they are also packed with functional features designed to make your life easier.

BLANCO bar and prep sinks can be matched with a variety of BLANCO bar and prep faucets offered in popular choices such as chrome, stainless, SILGRANIT® colour-match and SILGRANIT® dual finishes. BLANCO sinks and faucets are supported by a Limited Lifetime Warranty.

Prep in style with even more material options.

### STEELART®

Made and engineered in Germany, single panels of premium stainless steel are transformed with precision into STEELART® bar / prep sinks. With 3 different models to choose from, you can create your perfect luxury bar experience right at home.

### Stainless Steel

The choices are endless with the breadth of styles in BLANCO's stainless steel bar / prep sink portfolio. With an assortment of 10 different models, in a variety of square, rectangle or round sizes, BLANCO has a bar or prep sink design for every household.

### SILGRANIT®

A pop of colour could be the perfect finishing touch for your new bar or prep sink station. SILGRANIT® bar sinks come in some of our favourite SILGRANIT® colours, in 4 attractive styles. Enjoy the strength, durability and beauty unique to our SILGRANIT® sink material.

## The world of BLANCO faucets and their extraordinary finishes.

BLANCO faucets begin with a design inspiration and become the final element that adds a splash of style and colour to your kitchen. BLANCO faucets are created with superior materials, European designs and award-winning looks.

BLANCO faucets offer a wide selection of long-lasting, distinct finishes. Exclusive to BLANCO, our kitchen faucets are available not only in chrome and stainless varieties but also in SILGRANIT® matching colours. Our metal look finishes include Chrome with its beautiful, shiny properties, Stainless Finish (PVD) with its slightly softer variation of stainless look and Classic Steel that provides the rich, deeper finish of stainless beauty. Our faucet finishes can be easily paired with BLANCO SILGRANIT® sinks with the selection of SILGRANIT® colour-match or dual finish faucets – a combination of Chrome and SILGRANIT® colour-match, or combination of Stainless Finish and SILGRANIT® colour-match.

With over 100 shapes, sizes and colour combinations, BLANCO faucets are supported by a variety of matching Bar / Prep and Beverage faucets and Soap Dispensers. All BLANCO faucets feature a Limited Lifetime Warranty on mechanical components, finish, handspray and hoses.

### Extraordinary finishes only from BLANCO.

# BLANCO Faucets

Beauty, design & so much more.

The wealth of design choices goes beyond the faucet.

Discover a wide range of bar / prep faucets and soap dispensers (page 110).

# BLANCO Faucets

Quality and design down to the last detail.

**Premium quality**  
BLANCO faucets are made of solid brass construction. Handsprays are fully insulated to protect hands from heat.

**Ceramic cartridges**  
BLANCO faucets include high quality ceramic cartridges that are long lasting, smooth in operation and pressure resistant.

**Ease of installation**  
All BLANCO faucets are equipped with colour-coded, flexible braided stainless steel inlet hoses for ease of installation.

**Cleaning convenience**  
Many faucets include our patented silicone nozzles - you can rub the nozzles with your finger tip to prevent lime scale deposits from buildup.

**Function**  
Dual spray pattern and magnetic holder on selected faucets provide convenience in the kitchen.

**Hidden pull-down sprayhead**  
Selected models are available with the hidden sprayhead feature.

**Convenience**  
BLANCO faucets offer pull-out and pull-down handsprays for extended reach and function benefits.

**Matching Soap Dispenser**  
BLANCO faucets are supported with a wide selection of matching soap dispensers.

**Award winning designs**  
BLANCO faucets are continuously awarded for their outstanding designs worldwide.

Note: All BLANCO faucets require the same size, 1 3/8" diameter drilled faucet hole. All faucet parts that are required for installation are included in the faucet packaging.

Faucets guaranteed for life. See page 124 for full warranty.

## BLANCO Accessories

A wide range of custom accessories complement Blanco kitchen sinks, offering added convenience and style. BLANCO accessories are available for both undermount and drop-in sinks, as well as stainless steel or SILGRANIT® models.

BLANCO accessories offer the highest quality in material and workmanship and are customized to fit your sink model.

Complement. Accessorize.  
Go beyond the basics.

### Custom-fitted grids

Custom-fitted stainless steel bottom grids offer protection for your sink from dishes and utensils. Stainless steel grids can be washed in the dishwasher.

### Floating grids

Floating grids are available for selected SILGRANIT® sink families.

### Colander

A variety of stainless steel colanders allow for rinsing and draining pasta or vegetables right in the sink.

### Crockery basket

Crockery basket fit into the sink to hold dishes for draining. Its sectional design allows the inside dish rack to be removed, for separate basket use.

### Mesh baskets

Prep work just got easier. Our collection of stainless steel mesh baskets allows for easy rinsing of fruits, vegetables or cutlery.

### Cutting boards

A wide variety of quality cutting boards are available - which include maple, ash, beech and walnut cutting boards.

# BLANCO QUATRUS™ Gourmet Series

Rethink the Sink™

Smart and innovative sink solution.  
Where function meets style  
and practicality.

BLANCO QUATRUS™ Gourmet Series provides you with a fresh approach to daily life in the kitchen. It not only complements our QUATRUS™ sinks, but also works with them to make your life easier. BLANCO QUATRUS™ Gourmet Series allows customizing your sink for your individual lifestyle needs with the Ash Cutting Board, multilevel grids and Sink Workstation. Rethink the Sink with our BLANCO QUATRUS™ Gourmet Series.

# Installing a BLANCO sink

## The best time to select a sink and faucet

If replacing an existing sink, there will be limitations based on the existing sink cutout and cabinet space on what can be selected. The ideal time to select a sink is before the start of any kitchen renovation—before layout design, counter or cabinet selection. Designers often place the sink first and design the rest of the kitchen layout from there. This ensures that the completed kitchen has the optimal workstation and functionality—with enough room and the right sink and faucet to suit your needs. As faucets are increasingly becoming one of the key design elements in the kitchen, this pre-planning will ensure that there are plenty of options for selecting a faucet that will fit and suit the layout.

## Counter and cabinet size guidelines

When replacing a sink, the sink choice is restricted by the size of the cabinet and countertop. You can either choose a sink that fits the existing sink cutout or if your sink base cabinet allows, expand the cutout by cutting away additional countertop material and select a larger sink. Measuring correctly will help save time. Measure the cabinet size under the existing sink or where the new sink will go. Measure from gable to gable (left to right) See Diagram A. Be sure to measure from outside an edge to an outside edge. This is the MINIMUM CABINET SIZE, and this size is noted next to each sink model in the Blanco catalogue. Most kitchen cabinets are standard 24" measurement front to back. The width (front to back measurement) of the sink that can be used is determined by this measurement and whether or not the counter top has a backsplash. See diagrams B and C.

For Drop-in:

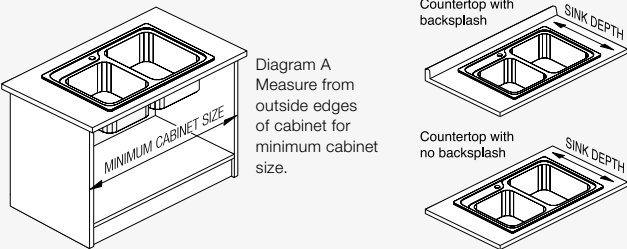

If the countertop has a backsplash, a sink with front to back depth of up to 20½" will fit. See Diagram B. If the countertop has no backsplash and the cabinet is of standard size, a sink that measures up to 22" deep (front to back) will fit. See Diagram C.

For Undermount:

Consult your installer. These measurements are important to ensure that enough space is allocated for fixtures and backsplash material behind the sink.

## Bowl design and functionality

BLANCO bowl design offers maximum functionality and aesthetics. Tight radius corners give more usable bowl capacity while offering an ultra-contemporary look. Rear-positioned drains maximize usable cabinet space under the sink. A flat sink bottom allows glassware and goblets to stand up preventing accidental breakage. And, deeper bowls combined with tight radius corners, allow large pots and even frying pans to sit flat in the sink, making cleanup easier. The broad range of BLANCO sink bowl choices within any one design allows you to select a perfectly matching secondary sink for use in an island. These choices include a wide range of double bowl options and small and large single bowl designs. For many kitchens, a large single bowl may be ideal as a primary sink, particularly when most small items are washed in the dishwasher, and the sink is used primarily for large pots, cookie sheets and pans.

# Installing a BLANCO sink

## Choice of material

In choosing the material you should keep in mind that the kitchen sink is a heavy-duty utensil. It will show signs of wear after time but should be able to withstand the rigors of daily use for a very long time. Different materials will wear in different ways. BLANCO uses only premium materials and offers a lifetime limited warranty on all its kitchen sinks, regardless of the material. Accessories such as sink grids are ideal to protect the bottom surface of the sink. Owners should observe care instructions and use only recommended cleaning products.

## Stainless Steel

Stainless steel continues to be the most common material for kitchen sinks, but not all stainless steel sinks are created equal. Chrome-nickel content is an important consideration. Chrome increases hardness and wear resistance. Nickel increases strength and improves shock resistance. Most Blanco sinks are 18% chrome and 10% nickel (18/10), which is the preferred content for high-end stainless steel sinks. 18/10 stainless steel is completely hygienic, will not rust and will maintain its appearance much longer than lesser grade steel. The gauge (thickness) of the steel is also an important feature. Note: Gauge is an inverse measurement—20 gauge is thinner than 18 gauge. A thicker gauge stainless steel sink will maintain water temperature longer and has more sound deadening qualities. Thicker gauge stainless steel sinks are in general more expensive. The optimal gauge is 18.

## SILGRANIT®

There are a wide range of coloured sinks available today, however not all share the heat and scratch resistance of SILGRANIT®. There are also both soft composites and hard composites available. These come in a variety of finishes, some having only surface colour and some coloured all the way through. Many soft composites have a dull finish. These soft composites are usually more porous and have a low heat rating (a hot pot could burn the surface). Soft composites are usually less expensive but also tend to show signs of wear soon after being installed. BLANCO SILGRANIT® is a rock-hard composite material, formed using natural granite (up to 80%). Coloured all the way through, SILGRANIT® is extremely scratch and chip resistant and has a heat rating of up to 280° Celsius. Most Blanco SILGRANIT® sinks are equipped with additional knock-out holes for faucet fixtures and accessories. These holes are marked on the sink deck with removable stickers and must be punched prior to installing the sink.

## BLANCO faucets finishes

Exclusive to BLANCO, our kitchen faucets are available not only in chrome and stainless variation but also in SILGRANIT® matching colours. Our metal-look finishes include Chrome with its shiny properties, Stainless Finish (PVD) with its slightly softer variation of stainless look and Classic Steel that provides the rich finish of stainless beauty. Our faucet finishes can be easily paired with BLANCO SILGRANIT® sinks with the selection of SILGRANIT® colour-match or dual finish faucets – a combination of Chrome and SILGRANIT® colour-match, or combination of Stainless Finish and SILGRANIT® colour-match (powder coated finish).

## Considerations when undermounting a sink

Undermounted sinks bring a touch of refinement to any kitchen. A pleasure to own, especially at clean-up time, their design allows crumbs to be easily swept into the bowl. Truly a clean design. Three undermount reveal options are possible depending on individual preference. These options apply to both stainless steel undermounts and SILGRANIT®. Note that Blanco templates for most undermount sinks provide a 1/4 inch reveal around the bowl (i.e. only 1/4 inch of the sink rim is revealed). Check the instructions on the template that comes with your BLANCO sink to see the reveal measurement allotted by that template. Sink templates are supplied only as a guide. The physical use of the sink will ensure a more accurate cutout. Finally, ensure that enough space is left behind the sink for any fixtures that may be required—including faucet and other accessories.

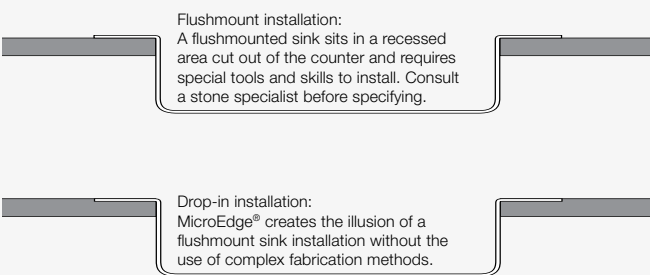

## Considerations when installing a MicroEdge® sink

The understated beauty and sleek elegance of a flushmount look offers refined sophistication to any kitchen décor. While true flushmount installation requires expensive and challenging counter cutting techniques as well as experienced and highly skilled installers to achieve an exacting flushmount result, MicroEdge® overcomes these risks, creating the perfect edge. MicroEdge® sinks also offer unprecedented versatility. They can be installed flushmounted to the counter if preferred and where experienced installers are available, or can sit on top of the counter similar to a traditional drop-in style. A drop-in installation allows the sink to be installed on virtually any countertop material and with none of the risks of flushmount fabrication efforts. From granite and quartz to laminates and many other materials, the MicroEdge® is simple to install.

# BLANCO Canada Inc. Warranty

## Limited Lifetime Warranty: Stainless Steel and SILGRANIT® Sinks

BLANCO CANADA INC. hereafter referred to as BLANCO, is pleased to offer a Limited Lifetime Warranty with all BLANCO sinks used in normal domestic installations. BLANCO warrants its sinks to be free from all manufacturing defects in material and workmanship. BLANCO will repair or replace, at no charge, excluding labour, any sink supplied by BLANCO that is proven to be defective under normal use. An equivalent replacement will be issued to the original owner provided the defective sink was installed in accordance with BLANCO installation procedures, used and cleaned as recommended and not damaged due to abuse, misuse or negligence. Chips, scratches and stains are not deemed to be manufacturing defects. BLANCO will not be held liable for chips, scratches and stains that can occur under normal use over a period of time. Please refer to cleaning instructions to maintain your sink in its original appearance. BLANCO shall not be held liable under this warranty where the sink has been used in a non-domestic application, improperly installed, or damaged from the impact caused by a heavy object being dropped on the sink or from improper handling. BLANCO shall not be liable for any inconvenience or expense for material or labour related to the removal or replacement of a defective sink or for any loss or damage to any person or property whatsoever resulting from the defective sink. All transportation costs to and from the point of purchase will be the responsibility of the purchaser.

Any sink returned must be in the original packaging and include all the accompanying accessories, parts and documentation. BLANCO reserves the right to inspect any sink reported to be defective prior to replacement of the sink.

## WARRANTY EXCLUSIONS

Excluded are any accessories that accompany the sink (strainers, waste fittings, waste chutes etc.).

## Accessories and Soap Dispensers

BLANCO warrants its accessories and soap dispensers to be free from manufacturing defects for a period of one (1) year from the date of purchase.

## Limited Lifetime Warranty: Faucets

All faucets are thoroughly checked and tested in the factory. However, if the faucet has a manufacturing defect, BLANCO reserves the right to replace the damaged part or the entire faucet.

BLANCO warrants its faucets to be free from manufacturing defects in material and workmanship; and the finish and ceramic disk cartridge to be free from manufacturing defects and workmanship, to the original consumer purchaser of the faucet from the original date of purchase for as long as the original consumer purchaser owns their home. If the cartridge proves to be defective during the warranty period, BLANCO will provide a replacement free of charge.

<b>Finish and ceramic disk cartridge</b> <b>(*Lifetime to original consumer purchaser)</b>	<b>Lifetime*</b>
---	------------------

<b>Mechanical components, hand spray and hoses</b> <b>(*Lifetime to original consumer purchaser)</b>	<b>Lifetime*</b>
---	------------------

A new enhanced warranty program for faucets took effect April 15, 2010. (This is not retroactive to previously purchased faucets). It extends the previous 2-year limited period for mechanical components, hand spray and hoses to a Limited Lifetime Warranty period. (As before, the finish and ceramic disc cartridge have limited lifetime warranties).

This warranty does not cover faucets which have been improperly installed or subject to improper use or used in a location other than a residential kitchen or faucets which have been damaged due to mineral deposits or the use of corrosive or abrasive cleaning agents. This warranty does not cover shipping costs, labour costs or any other cost associated with the installation or replacement of the product/parts and is extended only to the original consumer purchaser of the faucet.

# BLANCO Canada Inc. Warranty

BLANCO is not responsible or liable for indirect, special or consequential damages arising out of or in connection with the use or performance of its faucets and its liability under this warranty is limited to the replacement of the defective material at the location of purchase.

## Obligation of the original owner

The original dated sales receipt must be retained by the customer and is the only acceptable proof of purchase. BLANCO makes no additional warranties, expressed or implied and any implied warranty including that of merchantability or fitness for a particular purpose, is limited in its duration to the duration of the written limited warranties set forth herein.

No employee, agent or other person is authorized to provide any warranty on behalf of BLANCO for a BLANCO product that is in addition to or different from the warranty stated above unless the warranty has been previously approved by an authorized BLANCO representative.

This warranty gives you specific legal rights and you may also have other rights which may vary from province to province.
