Cheviot cast iron bathtubs are handmade in Europe with the finest materials. Fired with a thick coating of AA grade titanium-based enamel for unparalleled hardness and non-porosity, the extremely durable surface is easy to clean and resistant to stains, bacteria and other microbes. Cast iron keeps your bath warm for the longest possible time.

T U B F I L L E R S

Every good bathtub needs a great tub filler. Cheviot tub fillers and accessories are designed to work with and complement our luxurious collection of bathtubs. A full range of styles is represented from modern to traditional, from free standing to rim mount. Extensive use of brass and real ceramic accents are just some of the details that elevate our products above the rest.

Plural

Designed in collaboration with Milan-based
American designer, Terri Pecora.

Inspired by the heritage of communal bathing spaces
and rituals, the award-winning Plural collection
presents the bathroom as an informal
living space, making it the new heart of the home.

Organic-shaped design elements can
be used in multiple combinations to form a
personalised intimate setting, while a neutral
colour palette and American Walnut wood
finish bring a sense of warmth and domesticity.

Equal

Designed in collaboration with
Claudio Bellini.

Equal represents the equilibrium
between the rational and the sensual.

It employs basic geometric
forms obsessively shaped by simplicity,
embracing at the same time natural
organic forms. Through the
ordered, edgy but still rounded and
soft forms, Equal creates the ultimate
bathroom harmony.

Vessel, Drop-in and Undermount

Historic elegance meets modern sophistication.

Cheviot ceramic bathroom fixtures are finely crafted for outstanding

beauty and practicality. Fired onto each sink is a

fine glaze of powdered glass to ensure a lifetime of durability, ease of

cleaning, and resistance to bacteria and other microbes.
