

KEPWSMSBF-STN Manually activated bottle filler

MODEL RANGE: DRINKING-FOUNTAINS | KEPWSMSBF-STN

Drinking fountains | Sports bottle fillers

Surface mount sports bottle fillers are non-refrigerated units that deliver ambient water. Deep alcove to accommodate for larger diameter containers even if they have a small neck. Moulded components utilize a silver-based antimicrobial compound that reduces the growth of micro-organisms and mildew to protect the surfaces from discolouration, odours and degradation. Built-in 100 micron strainer stops particles before they enter the waterway. Waterways are lead-free in materials and construction. Heavy duty steel frame. Tailpiece is sized to accept either 1 1/2" (38 mm) or 1 1/4" (32 mm) P-trap. P-Trap not included. Product Certified to NSF/ANSI Standard 61, Annex G (weighted average lead content of $\leq 0.25\%$) and is in compliance with California's Health & Safety Code Section 116875 (commonly known as AB1953). Models covered by this specification comply with all known Plumbing Codes. Listed by Underwriters' Laboratories to U.S. and Canadian standards. Manually activated.

5 11/16 x 16 5/16 x 24 15/16" Overall (FB x LR x H).
144 x 414 x 633 mm Overall (FB x LR x H).

Technical data	
Overall depth	5 11/16 "
Overall height	24 15/16 "
Overall width	16 5/16 "
Surface finish	Satin finished
Waste size	DN 32
Type of operation	Manual operation
Outlet size	DN 32
Inlet size	DN-10-3-8INH
