OLD FASHION FAUCETS - TRANS-ATLANTIC IMPORT CO.

est. 1954

Founded in 1954, family owned and operated Old Fashion Faucets (Trans-Atlantic Import Company) has a rich history of bringing some of the world's finest plumbing fixtures to the North American household. In our 65+ years of existence we have grown within the plumbing industry and have tailor made our product catalog to include products proven to have lasting quality and design over a long period of time.

The main focus of our catalog is to provide our customers an opportunity to relive moments from their past by igniting a design inspired nostalgic flame to their plumbing project. Our selection features products inspired by those fixtures from the late 1800's to mid-century 1950's and 60's. Our product selection includes exposed tub fillers, old style cross & lever handles, ceramic & porcelain accents, beautifully finished exposed supply & waste fixtures, exposed shower curtain rings, single handle faucets from the 40's & 50's, a truly 1950's inspired collection called Apollo, and much more.

We take a tremendous amount of pride in the design of our selection, but take an even greater amount of pride in the quality of our products. We stand behind every product we supply 100%. Our collection consists of products that have truly weathered the test of time, and we can say with great confidence that you won't find a better product on the market.

The final and most important core value of Old Fashion Faucets is our attention to you, the customer. Our mission is to be the present-day version of the plumbing store your grandparents and great grandparents patronized 50 or 100 years ago. Every interaction with our customers must come with the highest level of customer service imaginable.

We thank you for making the choice to use Old Fashion Faucets, and hope you enjoy what we have to offer.

Sincerely,

Jason Russell,

Alan Hilgartner,

Kevin McCafferty,

## Handle Option Icon

Each handle type variation available on the article is shown in an icon here, with letters indicating the handle type suffix. Refer to page 6 for a detailed breakdown.

# Tub Filler Mounting Options

## Art. 96R - Freestanding Riser Tubes 31.5" Tall

Designed to support the weight of your faucet and or shower set these are the regular version of our riser tubes at 31.5" from the ground to the horizontal. This model comes with shut off valves to save you from running to the main if you ever have to perform maintenance on your faucet.

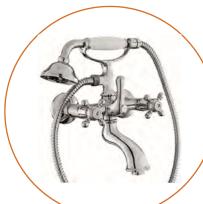

Designed to support the weight of your faucet and or shower set.

## Art. 96M - Freestanding Riser Tubes 37.5" Tall

Designed to support the weight of your faucet and or shower set these are the tall version of our riser tubes at 37.5" from the ground to the horizontal. This model comes with shut off valves to save you from running to the main if you ever have to perform maintenance on your faucet.

## Art. 9601 - Deck Pillars

If you love the style of the old fashion tub filler but want to mount it to the deck of your tub – deck pillars are your answer. Deck pillars are compatible with ALL of our vintage tub fillers.

#### Art. 555 - Swivel Unions

Our tub filler bodies are 6" on center. S-Unions provide adjustment to allowing you to mount your tub filler on anywhere from 3" to 9" centers without having to adjust your current roughin or holes in your beautiful vintage tub!

# YORK COLLECTION

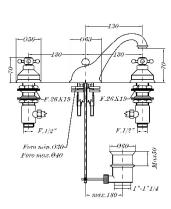

The YORK collection is truly inspired by the past, featuring detailed craftsmanship, solid brass construction, and ¼ turn ceramic cartridges.

## TUB-FILLER ADD-ONS

Vintage tub-fillers are versatile. The TUB-FILLER ADD-ONS collection features a range of hand-shower, shower riser, and curtain frame combinations designed to be integral with most tub-fillers on the market.

Available finishes in the TUB FILLER ADD-ONs collection will vary depending on the design collection they are a part of.

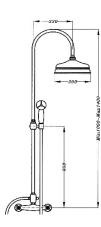

Shower riser tube with wall support and shower head

- 62" long
- 5/8" O.D
- 6" wall support w/ hardware
- 1/2" M to shower head
- 3/8"M to faucet
- Shower head extra

PART No. 125A

Shower riser tube with diverter, hand shower, 150cm hose, adjustable hand shower bracket, and shower head

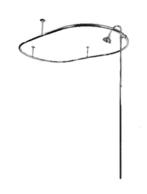

PART No. DK (2100DK & 2800DK)

Diverter kit for faucet/shower tube combinations; diverter, adaptor (may differ based on faucet) hose, clamp on cradle, hand shower

- Art. HD201 hand shower
- Art. 190C clamp on cradle
- Adaptor nut (3/4"F x 3/8"F)
- 150cm brass hose
- 3/4"F swivel to faucet (Adaptor available for 3/4"M to faucet)

PART No. 11950V3060

Shower riser tube & oval 30" x 60" shower curtain frame combination

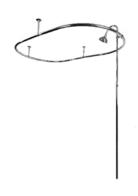

- Art. OV3060 curtain frame
- Art. 1195R shower riser w/ swivel bracket for 1" tubing
- Art. 2150CP shower head

PART No. 11950V3072

Shower riser tube & oval 30" x 72" shower curtain frame combination

- Art. OV3072 curtain frame
- Art. 1195R shower riser w/ swivel bracket for 1" tubing
- Art. 2150CP shower head

PART No. 11950V3660

Shower riser tube & oval 36" x 60" shower curtain frame combination

- Art. OV3660 curtain frame
- Art. 1195R shower riser w/ swivel bracket for 1" tubing
- Art. 2150CP shower head

PART No. 19042

Shower riser tube & 24" x 42" shower curtain frame combination • Art. 2150CP shower head

- Art. 15042 curtain frame
- Art. 1195R shower riser

PART No. 19054

Shower riser tube & 24" x 54" • Art. 1195R shower riser shower curtain frame combination • Art. 2150CP shower head

- Art. OV3060 curtain frame

## ACRYLIC TUBS

ACRYLIC TUBS fit the form and function of their steel or cast iron predecessors, but come in a much more convenient and economical fashion.

Available finishes in the ACRYLIC TUBS collection will vary. In many cases there are finish options for the tub itself and for the tub's legs or base. Look for finish options in the article item, and the pricing guide.

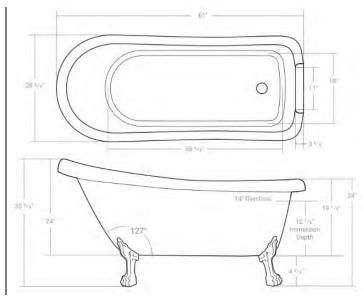

ARTICLE VICTORIAN 61"

# display program

Our display program is intended to be a joint effort between Old Fashion Faucets and you! If you choose to participate in our display program you will be provided with products of your choice and slot wall display settings for your showroom on a consignment basis, whereby if 5 items you are displaying are sold, then that item on consignment is released for your ownership. In the unlikely scenario where results are not seen after 6 months, a display in re-sellable condition can be returned to us at no charge or risk to you.

We truly believe in and stand by all of our products. We are confident that your customers will be attracted to the product and the world class level of service that comes with each and every product we

# the vintage crate

Up until the mid-1900's packers used wood crates because they were durable and relatively inexpensive for them to produce. Packers were also able extend the value of their wood crates by displaying their product in crates adorned with attractive labels in order to generate more business at the local market. It is for these same reasons we chose to use a vintage wood crate to display our product. They offer an aesthetic backdrop for all of our products, and like our products they represent Old Fashion Faucets core value of old fashion style & old fashion quality.
