**ROHL.**  
Authentic Luxury for Kitchen and Bath®

# PERRIN & ROWE<sup>®</sup> & BATH

There are no better representations of authentic luxury for the bath than the Perrin & Rowe<sup>®</sup> collections. Graceful, elegant and superbly crafted, they're inspired by two of the best-known periods in English history—the Edwardian and Georgian eras—each of which had a profound influence on European design.

Perrin & Rowe<sup>®</sup> faucets, showers and accessories are designed and produced exclusively in England for ROHL with the most advanced manufacturing processes for uncompromising quality and performance. Choose from single-hole, two-hole, three-hole or four-hole installations. Finishes include Polished Chrome, Polished Nickel, Satin Nickel, Inca Brass and English Bronze.

## EDWARDIAN ACCESSORIES

You will find the same luxury, quality and authenticity in our accessories as in all of our bathroom faucets and fixtures. Every accessory is a meticulously crafted work of art—and an endless source of pride for many years to come. An example of this devotion to authenticity would be the ceramics used in Perrin & Rowe® accessories sourced directly from Stoke-on-Trent, long considered the pottery capital of England—it is the origin of some of the world's most prized ceramics.

## GEORGIAN COLLECTION

Perrin & Rowe® introduces a new design for the bath collection that draws its inspiration from the Georgian era, when four successive King Georges ruled England. Their influence on the architecture, interior design and the decorative arts of this period (early 1700s to the mid 1800s) was both dramatic and timeless. The era's hallmarks of formal detail, exquisite proportion and balanced design are all reflected in this new collection.

Perrin & Rowe® is the leader in melding old-world British charm with modern day technology, and this new collection is the company's latest to add grace and elegance to any bathroom. It is available in five authentic finishes: Polished Chrome, Polished Nickel, Satin Nickel, English Bronze and Inca Brass.

Defining an era

TRANSITIONAL BATH COLLECTION

The Perrin & Rowe<sup>®</sup> Transitional Bath Collection from ROHL is a modern interpretation of classic design. Slim, tapered lever and cross handles pair with gracefully curved spouts. As with all ROHL Perrin & Rowe<sup>®</sup> products, this Collection embodies precise engineering and attention to detail. Authentically crafted in Great Britain, Perrin & Rowe<sup>®</sup> has mastered the art of function and beauty. These sleek faucets, shower components and accessories create a bath that is contemporary yet timeless to complement bath traditional and modern décor, and every style in between.

Inca Brass and Unlacquered Brass are special order only.

DECO **NEW**

The new Perrin & Rowe® Deco Bath Collection from ROHL takes its inspiration from one of the most appealing and influential artistic time periods of the past century. Considered an era that fused history and modernism, the art deco style of this collection takes its cues from some of London's finest hotels and iconic buildings built during the early 1900s, including The Park Lane Hotel, The Savoy, the OXO Tower and the Battersea Power Station.

# SANITARY WARE

Perrin & Rowe®'s sanitary ware is hand crafted in the region of Stoke-on-Trent, which is famous for producing such notable tableware as Spode, Wedgwood, Royal Doulton, and Royal Worcester. The Perrin & Rowe® Sanitaryware Collection shimmers with the same iridescent quality that English Bone China is known for worldwide.

IAPMO and MaP certified, the toilets comply with low consumption 1.6 and 1.28 gallons-per-flush requirements. Designed as two-piece elongated water closets, they are offered with a comfortable height and may be outfitted with five different tank lever options.

- Elongated Bowl Design, 18½" long
- Side mount lever position
- Low water consumption at 1.6 GPF and 1.28 GPF
- Exposed Trap
- Gravity feed flush; Gravity siphon jet; Rim wash
- IAPMO certified; MaP performance tested

## LAVATORY FILTRATION

ROHL's Perrin & Rowe® Filtration solution is the world's first faucet that delivers fresh, filtered water with patented three-way technology. Produced in the UK by Perrin & Rowe®—the same company who produces our distinguished Perrin & Rowe® Kitchen & Bath Collections—it provides hot, cold and filtered water from a single faucet. Made from the highest quality materials, our unique Perrin & Rowe® Filtration is available in a variety of models and finishes to suit your style. Filtered water saves you money and protects the environment. In the same way that ROHL advanced kitchens in the 1980s by introducing the Pull-Out faucet, the Perrin & Rowe® Filtration represents a major paradigm shift in the way designers and consumers think about filtered water. As the desire for clean, healthy, filtered water continues to increase, people are seeking out alternative options. Our Perrin & Rowe® Filtration provides an innovative system that eliminates a separate filter faucet, has a clean installation, and includes an optional sidespray for kitchen faucets—providing beauty and functionality in one space-saving design.
