Message from *Vivian Zalkow* CEO

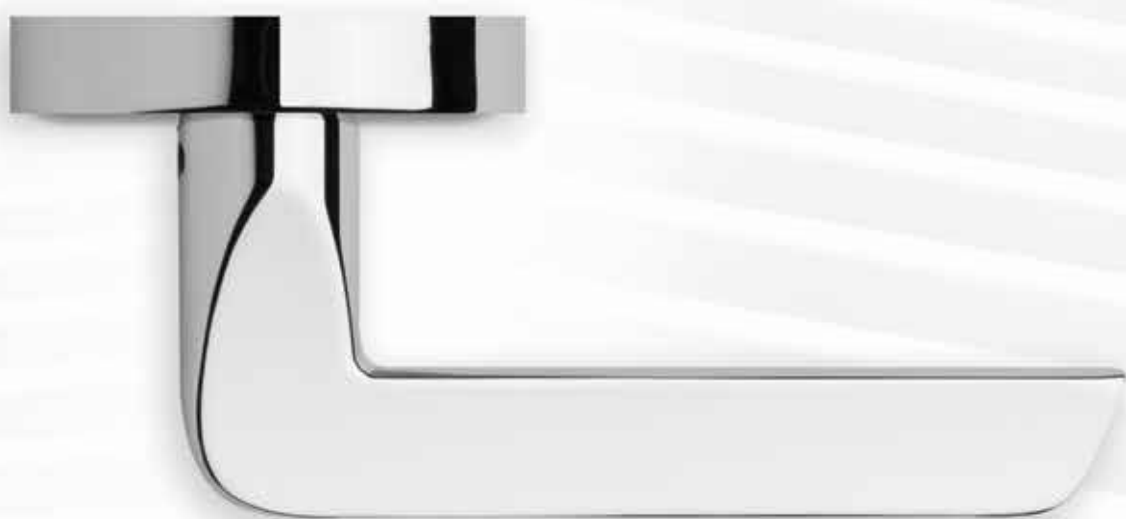

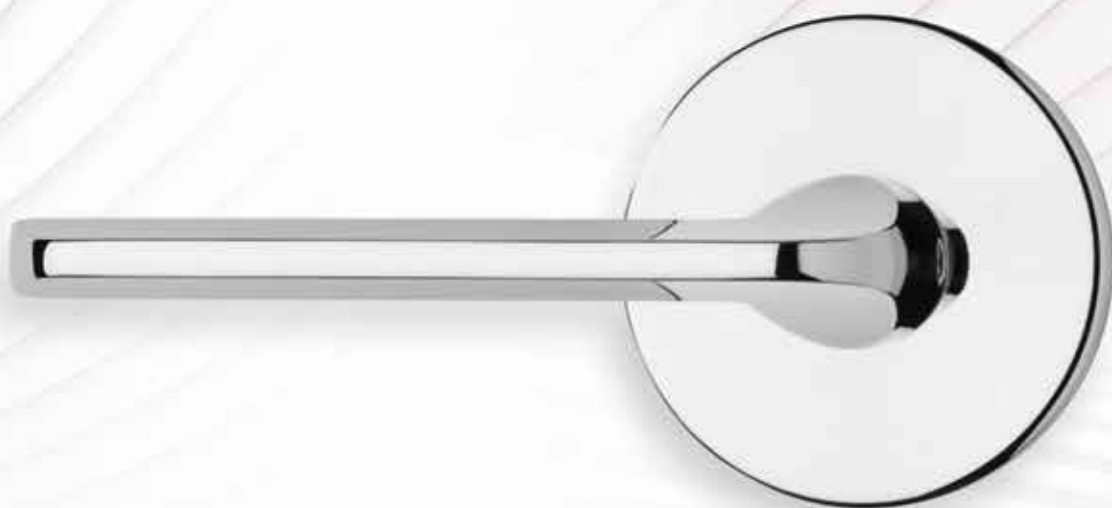

As we reflect on a year of transformational global change and look to the future, being a design-led company has never felt more important. Now more than ever, it's clear the spaces we call home have the power to enrich our lives and elevate our wellbeing—from serving as a source of comfort to being a point of long-lasting pride. At Taymor, thoughtful design that brings spaces to life has been at the heart of our offering for more than 70 years. I'm proud to say that tradition continues on every page of this catalogue.

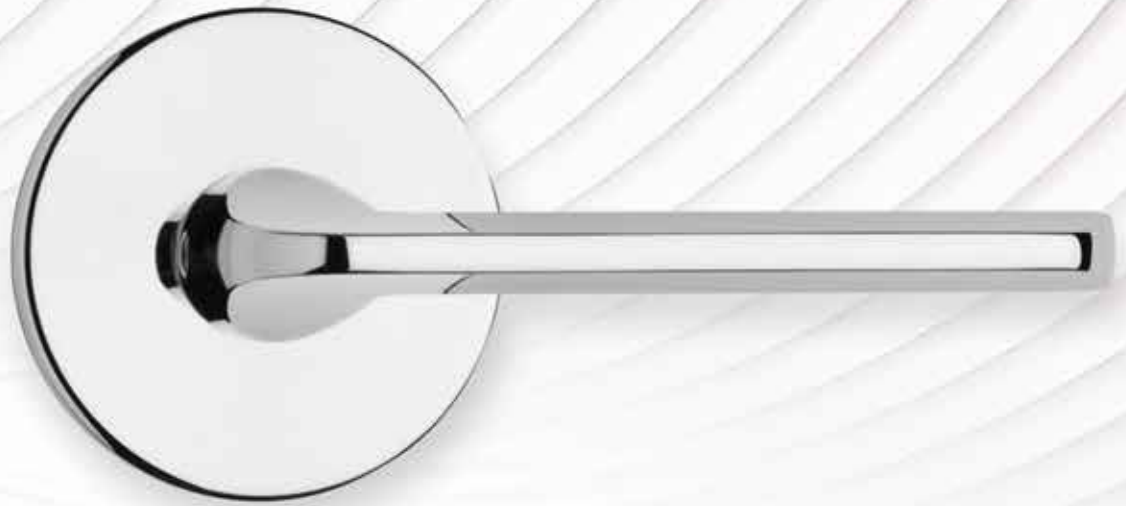

Creating Lasting Impressions *Since 1948*

Family owned since 1948, the same enduring values that motivated founder Jake Zalkowitz continue to inspire our company today. Our passion to raise the creative bar, build partnerships with integrity, and execute service excellence fosters solutions that exceed expectations from first touch to lasting impression.

Fluidity
in Design

THE **Slip Stream** COLLECTION IS AN EXCLUSIVE LINE OF COORDINATED DOOR AND BATH HARDWARE. WITH A FLUID, DYNAMIC FORM THAT INVITES YOU TO TOUCH, SLIP STREAM'S SOFT ANGLES, GLIDING CONTOURS, AND COORDINATED METAL FINISHES LEND DISTINCTION AND GRACE TO THE REFINED INTERIOR.

Service & Experience

We believe in always putting the customer's needs first. It's a principle many companies aspire to but at Taymor it's ingrained deep in our DNA. For more than 70 years we've been building meaningful and trusted relationships with builders and their teams so we can support their ongoing success.

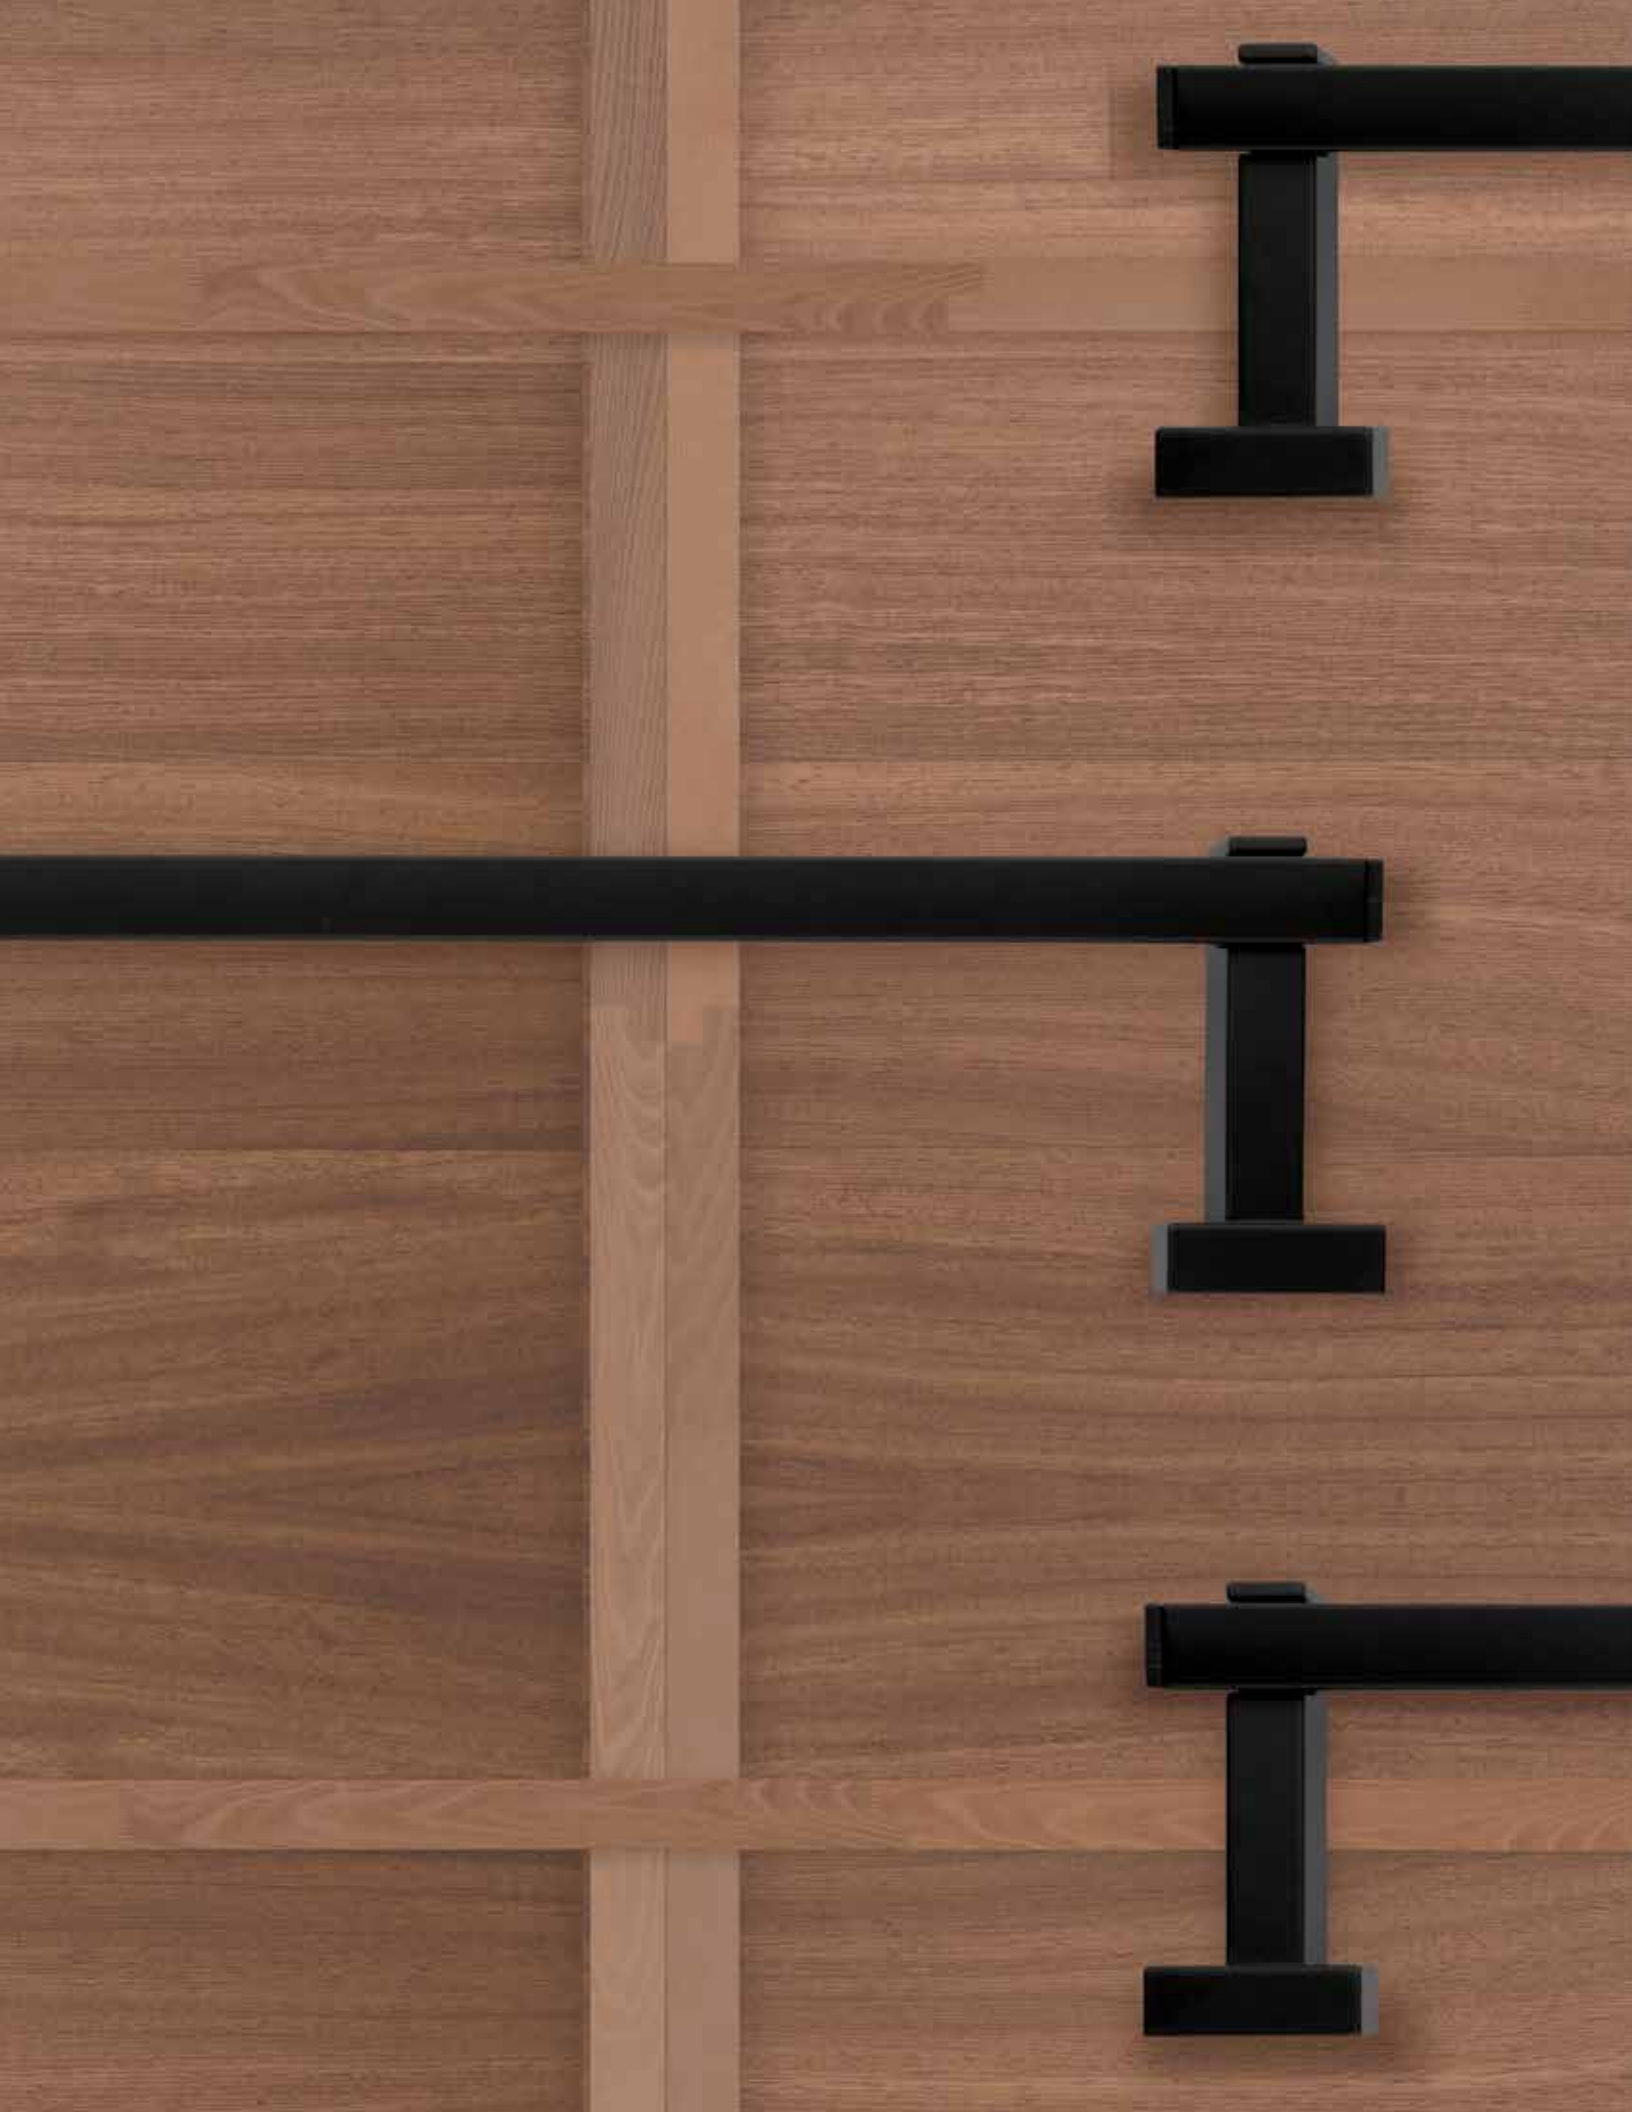

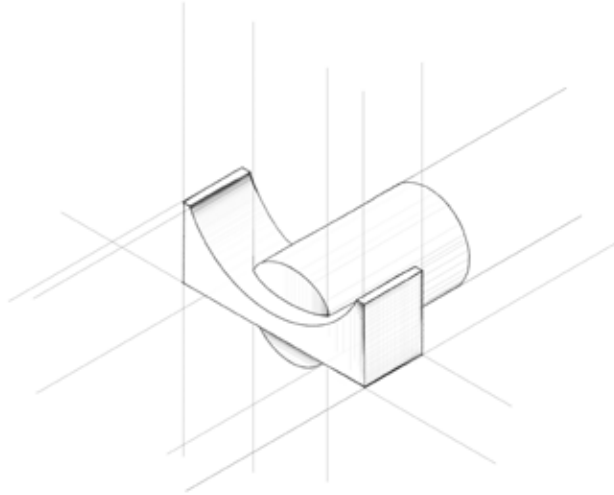

Timeless Design

The background is a light-colored wooden wall with a horizontal grain. A vertical wooden post runs down the center. Three horizontal black metal brackets are mounted on the wall, one in the upper left, one in the middle left, and one in the lower left. Each bracket has a vertical stem and a horizontal base. A horizontal wooden beam is also visible, intersecting the vertical post in the middle of the frame.

THE **1948** COLLECTION BY TAYMOR

Quality & Craft

We love the craft. That means creating lasting impressions from your very first touch. Our in-house product design teams continually refine and enhance products for durability, ease of install, and performance. The end result is tangible. A level of quality you can feel in your hand.

“Great relationship. *Great Company.*”

Greystar is the global leader in rental housing. We design under an ethos of serenity, peace, and simplicity, and Taymor products fit the bill perfectly with their clean lines, simple profiles, and longevity.

Working with Taymor is always seamless. They make quality products that are elegant, affordable, and that complement the overall palette of our units while adding a touch of excitement.

NED DODINGTON

DIRECTOR OF DEVELOPMENT & DESIGN

GREYSTAR REAL ESTATE PARTNERS

*“Always there when
you need them.”*

Working with Taymor, we know that a solution is only a call away. Whether we need new material or have an issue on a project, our Taymor representative is always available.

If there's a problem, Taymor probably knows about it before we do because they're in constant contact with the development site.

Our customers love value, but they're also very discerning. That's why Taymor's quality hardware and affordability make them a perfect extension of our brand.

ERIC ANDREASEN

SENIOR VICE PRESIDENT, SALES & MARKETING

ADERA DEVELOPMENT CORPORATION

“Trust, reliability, and *a fresh approach to design.*”

RDG’s success is built in part on excellent relationships with our suppliers, and it’s why we value our long-term partnership with Taymor.

We want our consumers to have a good experience with us. That starts with superior design and function across all of our projects. Taymor helps us by consistently delivering high-quality, affordable hardware solutions.

We’ve worked exclusively with Taymor for twelve years, so we know what to expect. But Taymor’s unique and fresh approach to hardware also gives our interior designers the ability to create new and enhanced looks and feels for our spaces.

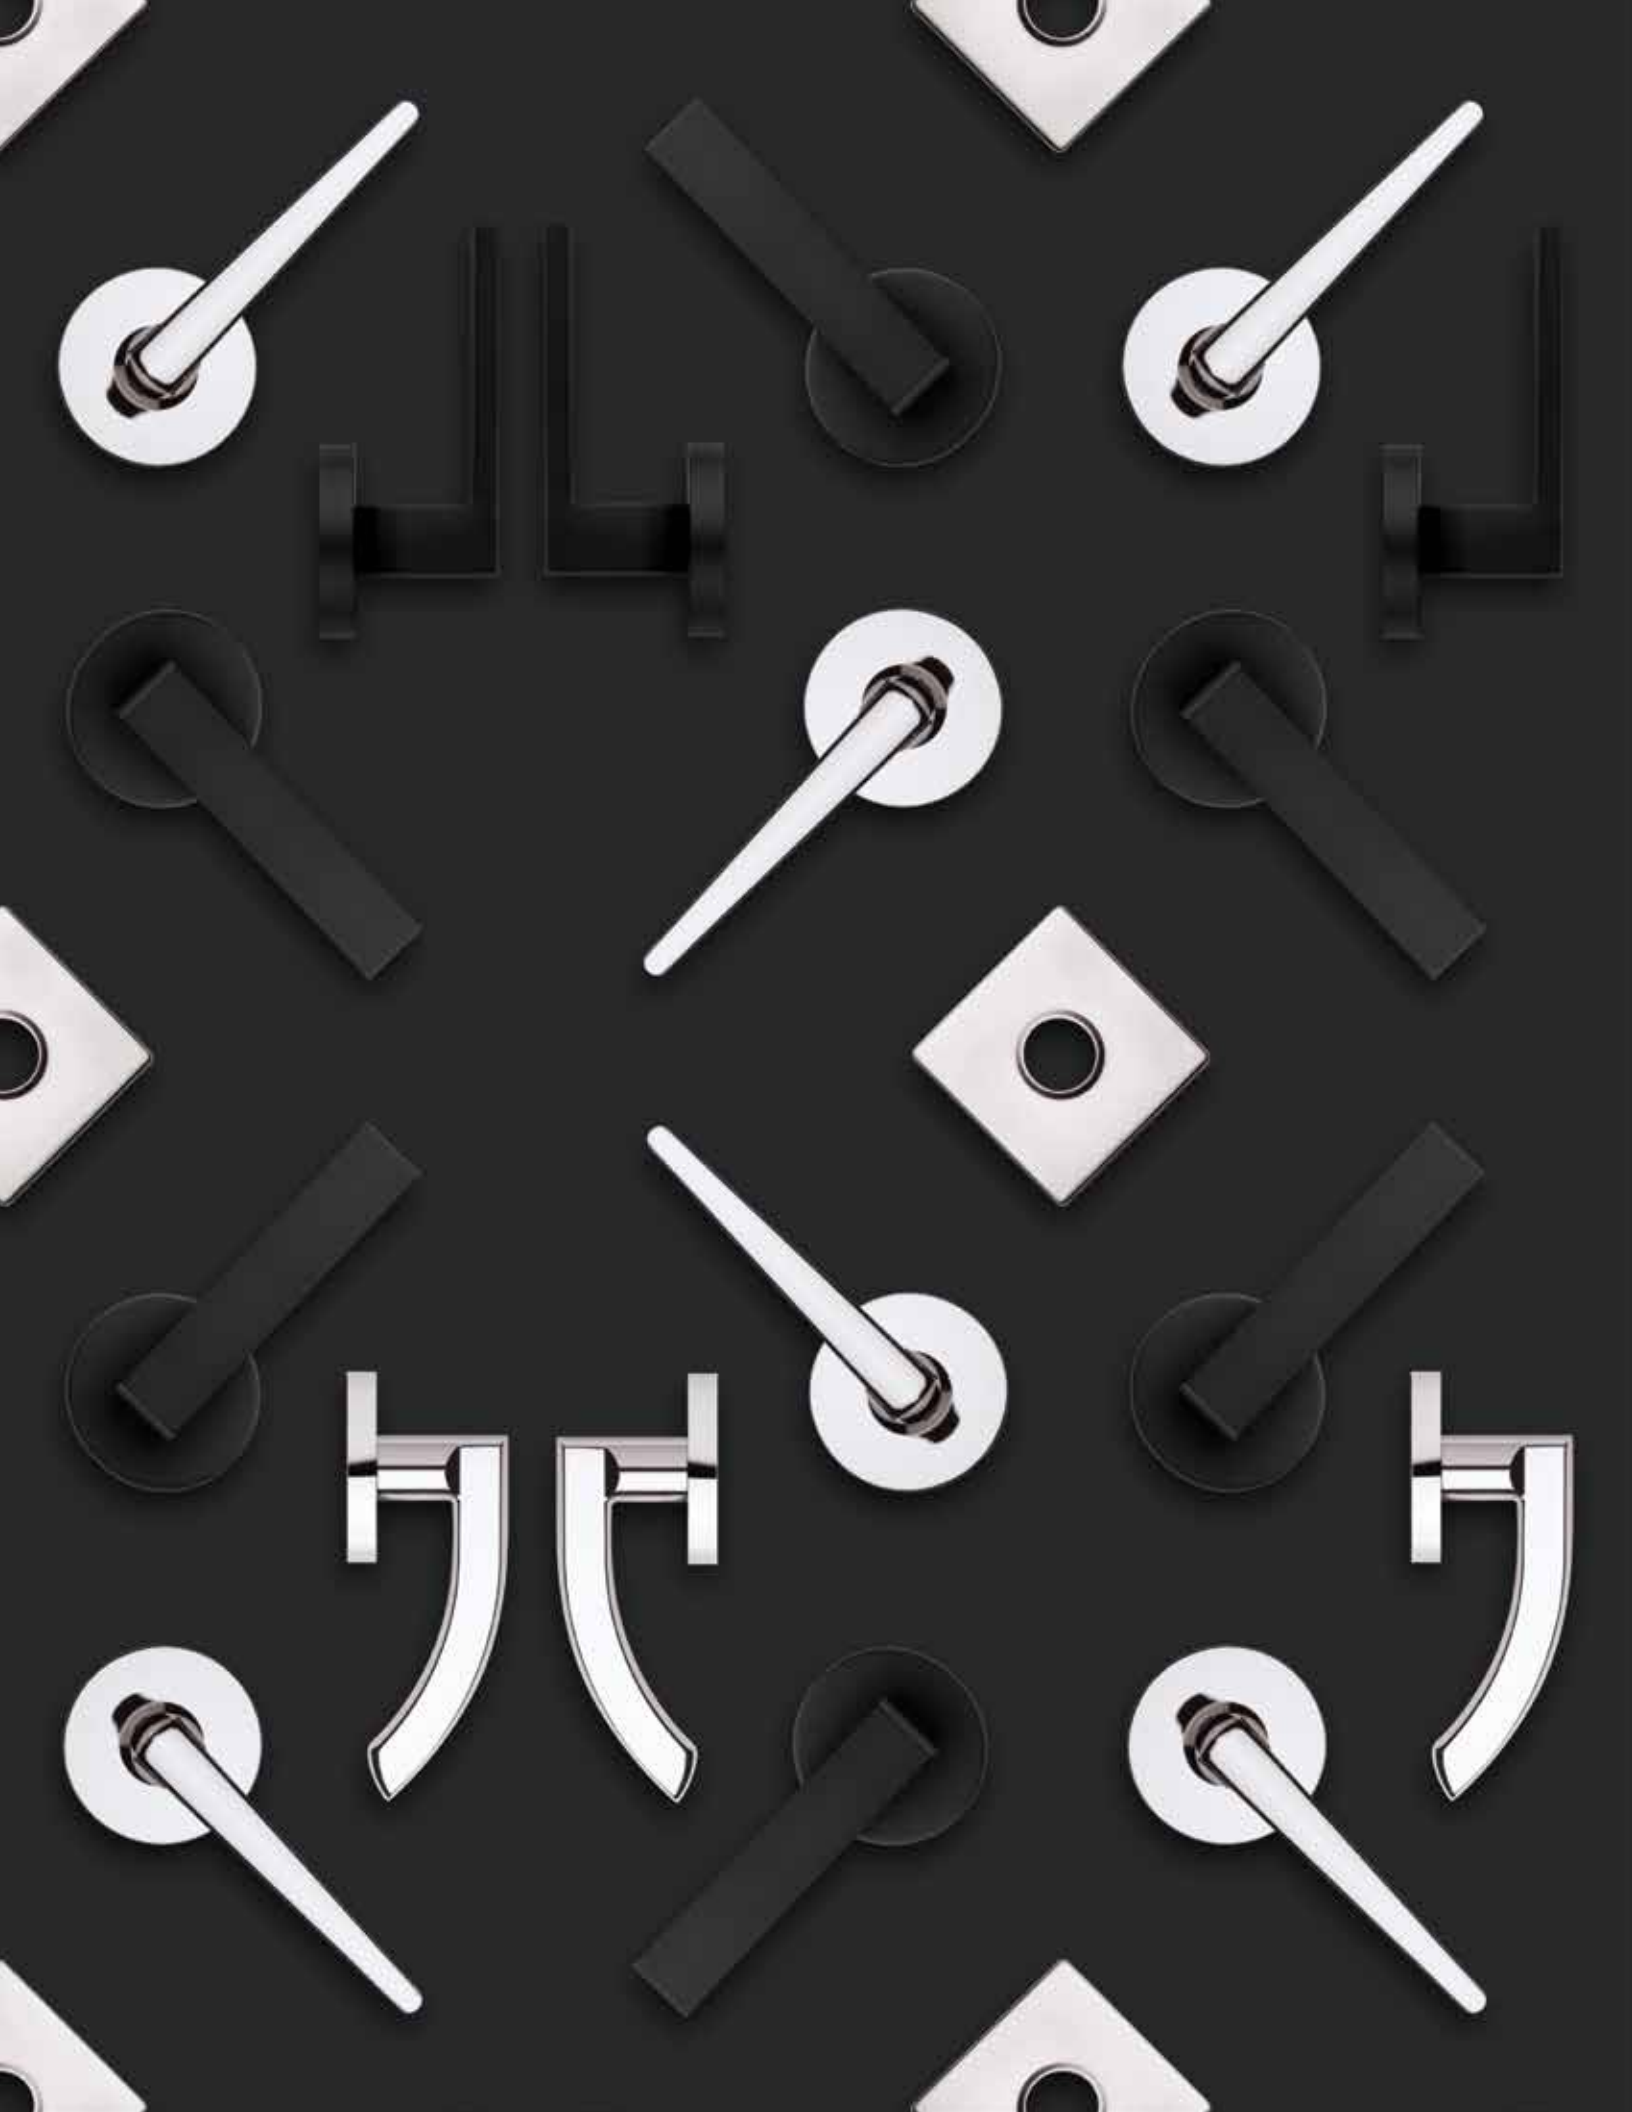

JOHN REMPEL
PRESIDENT
RDG MANAGEMENT LTD.

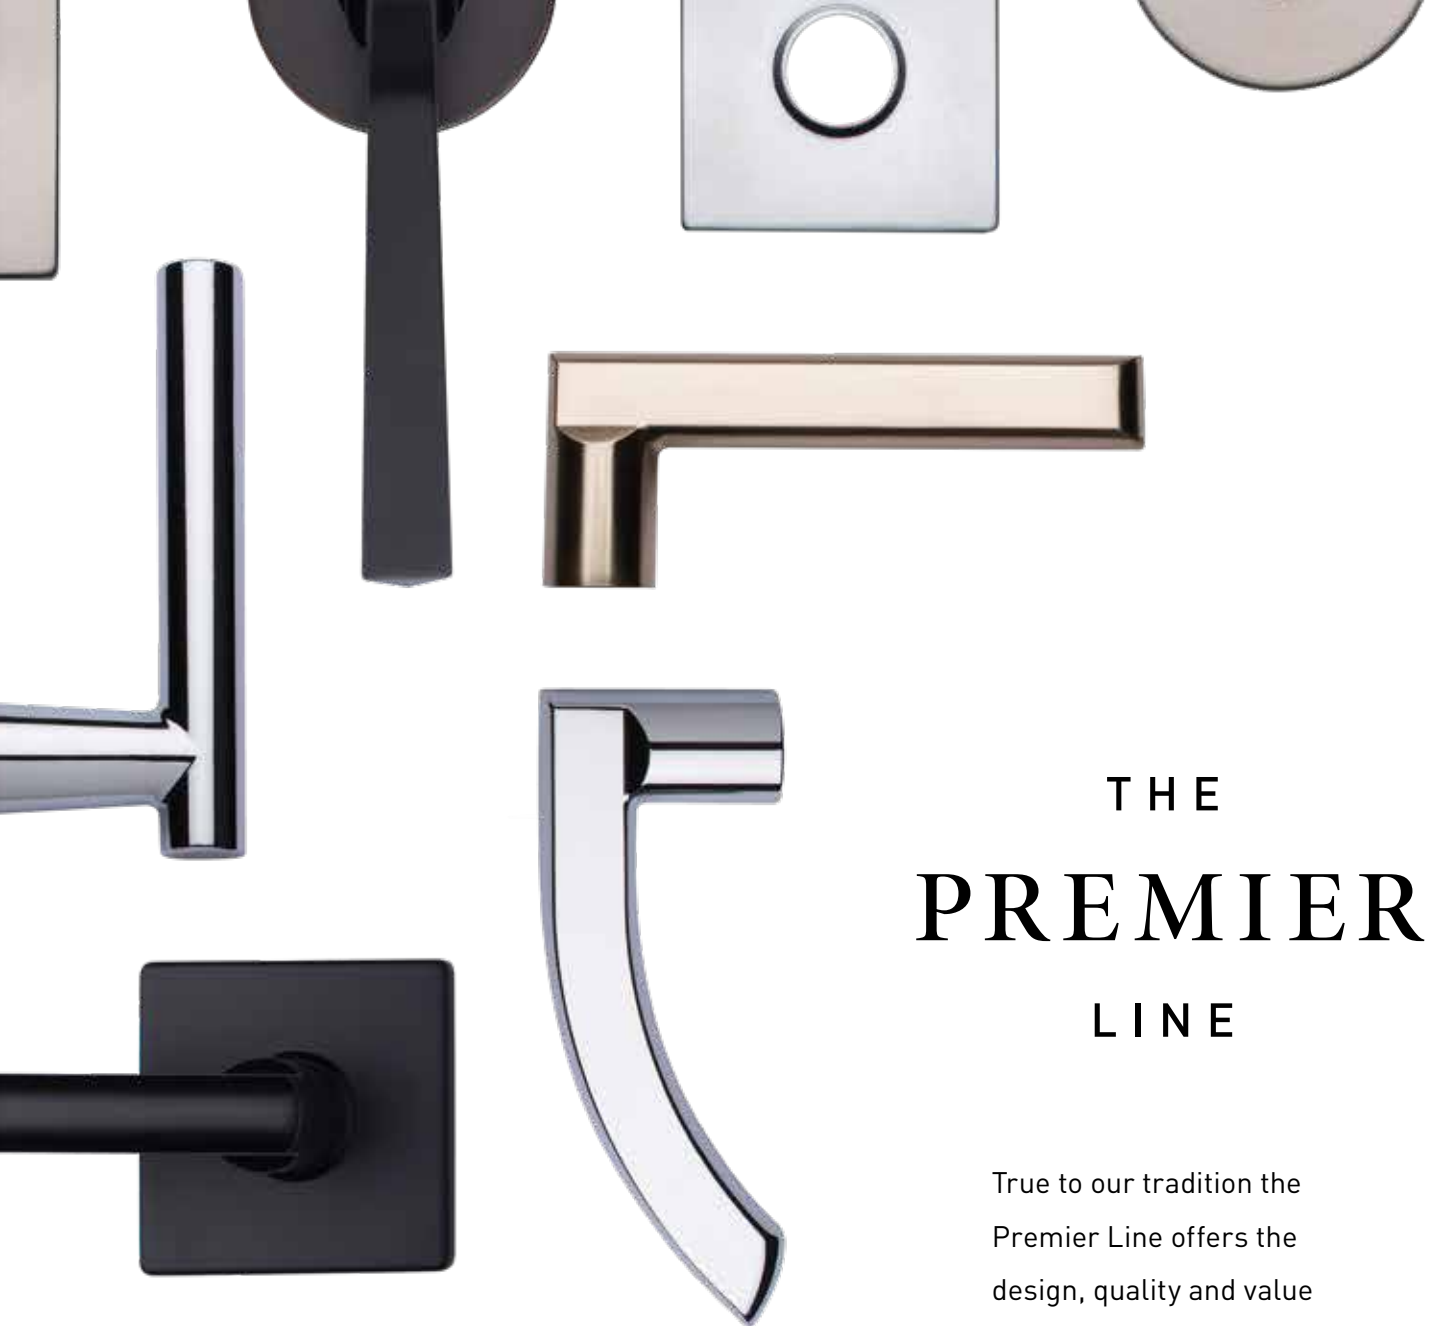

Trusted by Professional Builders

With decades of experience, we know the challenges residential construction projects face and the level of service builders and their project teams demand. We use our deep expertise in new construction to understand project needs, anticipate and solve issues, and deliver easy solutions.

Keying Options

KEYED ALIKE (KA) systems are a perfect solution for single-family homes where homeowners may want one key to open multiple locks; for example, the front entrance and the back door.

KEYED DIFFERENT (KD) systems are common in multi-family buildings where each unit opens with a unique key.

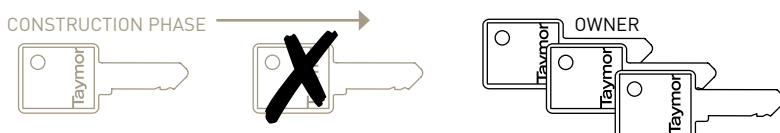

MASTER KEYING (MK) systems are common in multi-family, commercial and institutional buildings where multiple levels of building access are required. Individual units each have a unique key and the master key permits access to all units for maintenance, and management staff as well as first responders.

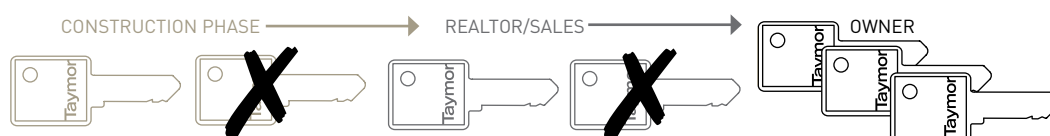

GRAND MASTER KEYING (GMK) allows the owner or strata responsible for multiple buildings to have one grand master key that operates all locks. Individual units have a unique key while each building has a master key that permits access to all areas—or to targeted areas—for tenants, maintenance, and management staff as well as first responders.

CONSTRUCTION KEYING (CK) allows the contractor of a project full access during the construction period. Once the owner's key is inserted, operation by the initial construction key is permanently disabled.

DOUBLE KNOCKOUT CONSTRUCTION KEYING (CKRK) adds a realtor key between the construction key and the owner key, which essentially allows a real estate professional to get temporary access until final handover to the buyer occurs. Once the owner's key is inserted, operation by the realtor key is permanently disabled.

Interconnected Locks

With its modern design and soft square lines, the Taymor Premier Interconnected lock is a departure from standard commercial-style offerings. Designed for multi-family housing or anywhere simultaneous retraction is required, the lock conforms to the California State Reference Code when paired with the Catana lever. It can also be combined with select Premier Line levers, offering more than 4,000 different combinations of style, trim, and finish options.

1

Simultaneous retraction: simply press the lever to unlock and open your door from inside

2

Interchangeable with most Taymor Premier Line levers

3

Easily harmonize interior levers to coordinate with the unit entry door

4

Conforms to the California State Reference Code when used with the Premier Catana lever

5

Concealed screw mount for a streamlined look

Commercial Locks & Hardware

Designed for today's demanding architectural requirements, Taymor's comprehensive line of commercial hardware delivers consistent, dependable performance across an array of applications. From cylindrical locks and deadbolts to door closers and exit hardware; our commercial program has everything necessary to keep your entryways fully functional and up to code.

DUKE LOCKSET | SATIN CHROME

MAKING THE GRADE

Taymor meets performance standards set by the Builders Hardware Manufacturers Association (BHMA) and the American National Standards Institute (ANSI) for builder's hardware. The standards are defined by grades in which there are progressive levels of performance benchmarks. The purpose of standardized ANSI/BHMA product grades is to help identify the quality and durability of door hardware through a series of operational and security tests.

GRADE
1

ANSI GRADE 1

GRADE
2

ANSI GRADE 2

GRADE
3

ANSI GRADE 3

Grade 1 is the strongest grade available for maximum duty commercial applications.

Grade 2 is designed and built to offer excellent security and durability for heavy-duty commercial applications.

Grade 3 offers reliable security for both residential and light-commercial projects.

Keying Options

KEYED ALIKE (KA) systems are a perfect solution for single-family homes where homeowners may want one key to open multiple locks; for example, the front entrance and the back door.

KEYED DIFFERENT (KD) systems are common in multi-family buildings where each unit opens with a unique key.

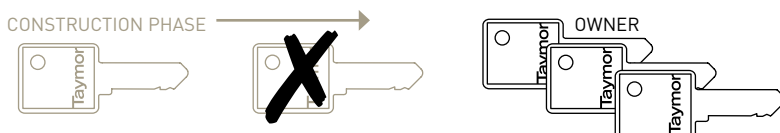

MASTER KEYING (MK) systems are common in multi-family, commercial and institutional buildings where multiple levels of building access are required. Individual units each have a unique key and the master key permits access to all units for maintenance, and management staff as well as first responders.

GRAND MASTER KEYING (GMK) allows the owner or strata responsible for multiple buildings to have one grand master key that operates all locks. Individual units have a unique key while each building has a master key that permits access to all areas—or to targeted areas—for tenants, maintenance, and management staff as well as first responders.

CONSTRUCTION KEYING (CK) allows the contractor of a project full access during the construction period. Once the owner's key is inserted, operation by the initial construction key is permanently disabled.

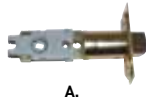

DOUBLE KNOCKOUT CONSTRUCTION KEYING (CKRK) adds a realtor key between the construction key and the owner key, which essentially allows a real estate professional to get temporary access until final handover to the buyer occurs. Once the owner's key is inserted, operation by the realtor key is permanently disabled.

- Warehouse orders under \$500 are FOB Taymor warehouse. Unless the method of transportation is specified at the time of order, we will use the most cost effective carrier available. Orders will be shipped prepaid with freight added to invoice.
- Container Direct orders are not applicable to the above. All freight specifics for Container Direct will be detailed at the time of order.

MINIMUM ORDER

Orders under \$50 total value will be subject to an additional \$10 service charge for packing and invoicing.

BACK ORDERS

Back orders will be shipped prepaid. If back orders are not desired, specify on your original order.

SPECIAL ORDERS

Products noted as special order are available for project orders – minimum quantities and lead times apply. For quotes or assistance for multi-family residential projects, please contact our Customer Service team.

SHORTAGES AND OTHER IRREGULARITIES

Unless Taymor is notified within 5 days of receipt of shipment of any shortages or irregularities regarding quantities shipped, terms or conditions of sale, it will be assumed that the customer has accepted the order as shipped and invoiced. Customer must initiate and file a claim with the carrier for missing or damaged goods, as the carrier is responsible once they sign the bill of lading. Please note any discrepancies on the carrier's delivery slip before accepting shipment and request an inspection by the carrier.

WARRANTY

Taymor products are warranted against defect in materials and workmanship for one full year from date of purchase from Taymor, unless otherwise specified. This warranty does not cover any consequential damages or defects caused by misuse, alteration or accidental damage. Warranty does not include any labor costs.

Warranty Information

DOOR HARDWARE & COMMERCIAL LOCKS & HARDWARE WARRANTY

Taymor is pleased to offer a Mechanical and Finish Warranty against defects in materials and workmanship for one full year to the original purchaser, effective from the date of purchase, unless otherwise specified. This warranty excludes products that have been damaged through misuse, accidental damage, alteration, normal wear and tear, or the use of corrosive or abrasive cleaning agents. This warranty is non-transferable and applies to products installed in a residential setting. Commercial use is only covered for our Commercial products as outlined in the chart below. Taymor is not liable for damages caused by incorrect installation nor incidental or consequential damages. At the company's discretion, Taymor will replace any part or finish that proves to be defective in material and/or workmanship under normal installation, use and service.

BATH HARDWARE WARRANTY

Taymor is pleased to offer a Lifetime Warranty against defects in materials and workmanship, to the original consumer purchaser from the date of purchase, as long as the original consumer purchaser owns the home in which the product(s) are installed.

This warranty excludes products that have been damaged through misuse, accidental damage, alteration, normal wear and tear, or by the use of corrosive or abrasive cleaning agents. This warranty applies to products installed in a residential setting. Purchasers for industrial, commercial and business usage are covered by a 5 year limited warranty from the date of purchase. Taymor recommends using a certified plumber for installation and repair.

Taymor is not liable for damages caused by incorrect installation nor incidental or consequential damages. At the company's discretion, Taymor will replace any part or finish that proves to be defective in material and/or workmanship under normal installation, use and service. This warranty does not cover shipping costs, labor costs or any other cost associated with the installation or replacement of the product/parts and is extended only to the original consumer purchaser of the product(s). The original sales receipt must be supplied to Taymor for all warranty claims.

CARE AND CLEANING TIPS

Taymor uses advanced technology to create a finish highly resistant to the effects of weather and normal wear and tear. Over time, frequency of use will cause some finishes to gracefully age in appearance. Additionally, exposure to atmospheric conditions and elements such as cleaning chemicals may cause some changes to occur. These finish changes are not considered manufacturing defects and are not covered by warranty. Rather, they are indicative of normal wear and tear. As always, following the manufacturer's care instructions will safeguard the longevity of your cherished Taymor product.

DO: Clean the product with mild soap and warm water. For best results, dry immediately with a soft, clean cloth.

DON'T: Do not use abrasive sponges or scouring agents for cleaning. We also advise against the use of solvents or acidic cleaners, lime scale removers, household vinegar and cleaning agents containing acetic acid.
