

# Accent Any Décor

The Invita® WiFi Thermostat offers a slim, 9/16" profile with a choice of white (564) or black (564B) finish. A stainless steel trim ring, and a choice of five touchscreen color themes will complement any home's décor.

Display color themes: black, white, espresso, latte & blue

# Better Design. Better Control. Better Systems.

Choose your thermostat solution from the control industry leaders with over 30 years of expertise. Ask your contractor / wholesaler for tekmar WiFi Thermostats and look forward to comfort, convenience and energy efficiency for years to come.

# Wiring Worries are Over

- Eliminate:**

  - Pulling new wires
  - Patching & repainting walls
- Batteries
  - Unreliable power stealing
  - Unreliable wireless signals

A WATTS Brand

# Lack of Wires, No Problem, We Have You Covered

Invita® WiFi Thermostat uses the existing 2-wires to connect the display in the living area to the HVAC Interface Module in the mechanical room.

## Works With Most HVAC Systems

### Conventional systems:

- Up to 2-stage heating, 2-stage cooling, fan and 2 accessories

### Heat pump & dual fuel systems:

- Up to 4-stage heating, 2-stage cooling, fan, reversing valve and 1 accessory

### Accessory options:

- Humidifier, dehumidifier, HRV/ERV ventilator

## Peace of Mind

The Invita sends an email notification if a problem is detected with the HVAC equipment. When used together with a Watts FloodSafe™ Water Detector Shutoff, the Invita will notify you if the supply to the water heater has been shut off to prevent flood damage.
