Four Decades of Performance

Since 1975, OmegaFlex® has led the piping industry with its high-quality construction and commitment to exceed the industry's product and safety standards.

• With over 200 patents and counting, the Company's philosophy is not to wait for mandates, but to lead the industry by introducing the best products.

• In 1999, OmegaFlex was the first CSST manufacturer to mandate the bonding of its yellow-jacketed TracPipe® in its installation guide.

• In 2004, the Company developed CounterStrike®, which contains all of the innovative features of TracPipe® plus a built-in solution to lightning damage that eliminates the need for additional bonding.

• In 2011, OmegaFlex became the only CSST manufacturer to transition from its highly successful yellow CSST product "TracPipe®" and now only sells its innovative black-jacket product "CounterStrike®" throughout the US market.

• In 2012, OmegaFlex is a sponsor of NSF-UC San Diego's earthquake testing program. The flexibility of CounterStrike® withstood the worst seismic activity simulated without any failures, leaks or damage. Meanwhile black iron pipe, which was installed next to CounterStrike®, fractured in the same test.

• In 2014, OmegaFlex introduced the AutoSnap® fitting for CounterStrike® that is so easy to use you can even keep your gloves on, just twist, snap, tighten and you're done!

TracPipe® and CounterStrike® are also:

• Listed by CSA to the national consensus standard ANSI LC-1/CSA 6.26-2016 for CSST. CounterStrike® also meets the performance requirements in the Standard for arc resistant conductive jackets.

• Compliant with CSA B149.1-2015 or the National Gas and Propane Installation Code including Canadian Electrical Code requirements for bonding and grounding of gas piping systems.

• Compliant with the fuel gas codes in all 10 provinces.

• Listed by Underwriters Laboratories (UL) for 1, 2 and 4 hour through penetration fire stop systems without removal of the protective jacket.

• CounterStrike® has also been evaluated for lightning resistance (ER-0227) by the International Association of Plumbing and Mechanical Officials (IAPMO) Uniform Evaluation Service which is accredited by Standards Council of Canada.

• Unlike competitive brands, TracPipe® CounterStrike® is non-annealed making it more crush resistant, safer to install and easier to cut.

Our 1/2"   **Their 1/2"**

• TracPipe® CounterStrike® has larger pipe diameters compared to competitive brands, so save money by using a smaller size CounterStrike! (ie 3/8" CounterStrike versus 1/2" other brand).

• Highest overall EHD Flow Capacity Rating.

Lightning Fast Connections from OmegaFlex®

The new patent pending **AutoSnap®** fittings are the only CSST fittings that do not require any disassembly or reassembly of the fitting to the TracPipe®CounterStrike® CSST.

This greatly reduces installation difficulty and time as there are no small loose gaskets, O-rings, or retainer rings to contend with in a dark and/or cold work place environment!

AutoSnap is CSA listed and features a metal to metal cup seal without any exposed stainless steel pipe behind the new fitting.

Reduced torque value and reusability all make for an optimum installer friendly fitting!

AutoSnap® Fittings

	Description	Part Number	Size	Pkg. Qty	Lb.
Straight Fitting Brass	*AutoSnap* Straight 3/8″	FGP-SFST-375N	3/8″-3/8″ NPT	24/box	.2

Flexible Gas Piping by OmegaFlex®
PATENTED

OMEGA FLEX, INC. LIMITED WARRANTY

TRACPIPE®COUNTERSTRIKE® FLEXIBLE GAS PIPING SYSTEM

Omega Flex, Inc. (The "Manufacturer") warrants to the original owner at the original installation site that the TracPipe®CounterStrike® flexible gas piping system (the "Product") will be free from defects in material or workmanship for one year from the date of installation. If upon examination by the Manufacturer the Product is shown to have a defect in material or workmanship during the warranty period, the Manufacturer will repair or replace, at its option, that part of the Product which is shown to be defective.

THIS LIMITED WARRANTY DOES NOT APPLY:

(a) if the Product has been subjected to misuse or neglect, has been accidentally or intentionally damaged, has not been installed, maintained or operated in accordance with the *TracPipe®CounterStrike® Design and Installation Guide,* or has been altered or modified in any way.

(b) to any expenses, including labor or material, incurred during investigation, removal or reinstallation of the defective Product or parts thereof.

(c) to any damage or impairment of the Product caused by any casualty, including without limitation fire, wind, floods, or acts of God.

(e) to any workmanship of the installer of the Product.

THIS LIMITED WARRANTY IS CONDITIONAL UPON:

(a) shipment, to the Manufacturer, of that part of the Product thought to be defective. Goods can only be returned with prior written approval from the Manufacturer. All returns must be freight prepaid.

(b) determination, in the reasonable opinion of the Manufacturer, that there exists a defect in material or workmanship.

Repair or replacement of any part under this Limited Warranty shall not extend the duration of the warranty with respect to such repaired or replaced part beyond the stated warranty period.

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, AND ALL SUCH OTHER WARRANTIES, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED AND EXCLUDED FROM THIS LIMITED WARRANTY.
IN NO EVENT SHALL THE MANUFACTURER BE LIABLE IN ANY WAY FOR ANY CONSEQUENTIAL, SPECIAL, OR INCIDENTAL DAMAGES OF ANY NATURE WHATSOEVER, OR FOR ANY AMOUNTS IN EXCESS OF THE SELLING PRICE OF THE PRODUCT OR ANY PARTS THEREOF FOUND TO BE DEFECTIVE. THIS LIMITED WARRANTY GIVES THE ORIGINAL OWNER OF THE PRODUCT SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY BY EACH JURISDICTION.
