

MIKRA SERIES

ULTRA-SLIM CABINET LIGHTS | CLM

Part #	UT-CLM-R-BN-30K		
Project			
Type		Quantity	

The MIKRA Series CLM LED cabinet lights are our slim, low-profile option for cabinetry, displays, shelving and many other small area lighting applications. These puck lights are simple to install, can be surface mounted or recessed into the desired location, are dimmable, and available in three trim colors via removable magnetic faceplates. Our LED Technology ensures the light output is uniform with no visual hot spotting and their compact size make them the ideal product for many indoor residential or light commercial applications.

All dimensions are approximate, please acquire product sample(s) for precise milling.
