

MIKRA SERIES

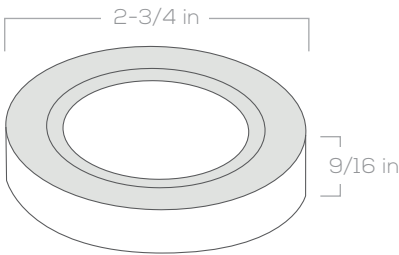

CLS CABINET LIGHT | ADVANCED LOW-PROFILE

Part #	UT-CLS-R-
Project	
Type	

The advanced CLS LED cabinet lights are our low-profile option for cabinetry, display shelving, stairs, or other small area lighting. These can be mounted on the surface or recessed into the desired location. They give off up to 200 Lumens, are dimmable down to 1%, and are available in three trim colors. Their compact size make them the ideal product for many indoor residential or light commercial applications.

All dimensions are approximate, please acquire product sample(s) for precise milling.
