

ARMOR SE Series

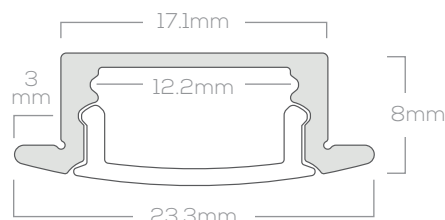

ALUMINUM HOUSING - SLIM FLANGED

Part #	UT-PR-SLFL-8FT
Project	
Type	

Our anodized aluminum housing and polycarbonate lens ARMOR SE Series provides the perfect fit and protection for a complete install with our UNITI SE Series Light Engines*. In addition, it provides the required heat sinking to extend LED lifespan. The PC lens provides protection from dust and moisture while diffusing the light. Excellent for low clearance recessed applications in cabinetry, general and accent lighting.

**UNITI Light Engines and Power Supplies sold separately, please refer to applicable spec sheets for more information. All dimensions are approximate, please acquire product sample(s) for precise milling.*
