

WATER HAMMER ARRESTER VALVES

25 YEAR WARRANTY

NEW

Plated valves now have plated arresters

For new installations

Retrofit to any Compression Outlet

Retrofit for Washing Machines

The simple way to silence water hammer

Use **Dahl Water Hammer Arrester Valves**

to control water hammer created by washing machines, dishwashers, icemakers, single lever faucets, and even in toilets.

- Unlike conventional standpipes, air risers or air chambers that become waterlogged, Dahl utilizes an ASSE1010 AA Arrester with a dual o-ring piston that maintains a permanent cushion of air to absorb pressure spikes

cutaway view

- Extends life and protects appliances and fixtures from water hammer damage
- Available to suit most end-of-line pipe types and sizes
- Retrofit models install in just minutes!
- Compact integral design
- Install vertically, horizontally, or at any angle
- Now also available as a **dahl•ECO** model with lead free EcoBrass®

Guaranteed Dahl quality.
Every unit is individually tested.

Manufactured in North America
with American Brass and Teflon.
