

G3IC

3" Miniature Line Voltage GU10 IC Housing

LAMP WATTAGE: (1) MAXIMUM 120V 50W GU10

Catalog Number:

Project Name:

Type:

Note:

DESCRIPTION

Small aperture, line voltage, thermally protected IC rated, specification grade recessed housing designed for new construction. Accommodates up to 50W GU10 lamps. Furnished with preinstalled adjustable bar hangers. Junction box is provided with four 1/2" KOs, one 3/4" KO and four Romex knockouts with strain relief.

SPECIFICATION

A. OUTER HOUSING - Die-formed aluminum construction for maximum heat dissipating air chamber on top of the housing. Junction box could be accessed from inside and outside housing.

B. INNER HOUSING - Deep-drawn single piece aluminum construction for maximum heat dissipation and rust protection. Adjusts vertically in plaster frame to accommodate 1/2" to 1-3/8" ceiling.

C. SOCKET - GU10 floating socket allows for lamp to snap into trim and provide secure lamp retention.

D. BAR HANGERS - Preinstalled bar hangers allow housing to be positioned and locked at any point within a 24" joist span and can be shortened for 12" joists. They are designed to be hammered directly without using nails or screws and could be fit onto T-Bar spline for easy installation and quick alignment.

E. JUNCTION BOX - listed for through-branch circuit wiring and has four 1/2" KOs, one 3/4" KO and four Ro-mex knockouts with true pry-out slots and strain clamps.

120V

GU10 SOCKET

FEATURES

- Thermally Protected IC housing.
- Designed for accent and task lighting applications.
- Wire through junction box.
- Preinstalled adjustable bar hangers.
- Dependable, favorable design and effortless installation.
- 7-1/4" height allows use in 2" x 8" joist construction.
- Special screw on the frame locks bar hangers in place which prevents the housing from any movement once installed.

OPTIONS

1. AIR-SHUT

- Gasket to prevent air flow from heated or air conditioned spaces.
- Meets all national air flow requirements.
