

Low Profile Intake Vents

WCL Series

The Primex Low Profile Intake Vents (WCL Series) eliminate leaky joints while maximizing water protection with a one-piece molded base and built-in drip edge.

These vents feature an attractive low profile design and fit 7" and 8" diameter ducts. They are rainscreen-compatible via the extended base which compensates for the cavity between sheathing and cladding.

FEATURES & BENEFITS

- Enhances aesthetics with low profile that blends with the installation location.
- Suitable for intake and exhaust applications where low profile is preferred.
- Over-sized flange ensures water-tight installation.
- The integrity of the building envelope is maintained via a removable hood for simple duct cleaning.
- Made with UV-protected polymer resin for lasting durability.
- Highly resistant to mechanical impact.
- Built-in bird screen.
- Quick and easy installation.
