

HOUSE OF ROHL

THE STORY CRAFT TELLS

Victoria + Albert is a member of the House of Rohl, a collection of artisan brands recognised for their artistry and heritage.

The Rohl family have spent a lifetime seeking stories of dedication, passion and craft. They have brought together diverse brands, exceptional in their category, that complement each other. Independent spirits, but shared values. A belief that quality starts with the material, design is in the detail and craftsmanship is paramount.

Distinctive stories are what makes life exceptional. At the House of Rohl, we discover time-honoured craft, revealing stories unlike any other. Stories of place and provenance. Stories of ingenuity and invention. Stories of a relentless pursuit of perfection.

Welcome to the House of Rohl®

A lifetime of luxury bathing

Victoria + Albert Baths was born out of a passion for luxury bathing.

The vision was simple: to set the standard for style, innovation and performance in bathing products. Today, 25 years after Victoria + Albert was founded, our award-winning baths and basins are found in some of the world's most desirable homes and hotels.

Luxury is in the detail. From the quality craftsmanship and materials that go into each of our products, to the support from experts in our customer services team. We deliver all over the world, each order rapidly dispatched from our international distribution centres. With the peace of mind of a 25-year domestic guarantee*, choosing Victoria + Albert is an investment for life.

* Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits & plating on feet. This does not affect your statutory rights.

What is QUARRYCAST™?

Our specially developed QUARRYCAST™ material is made from a unique blend of Volcanic Limestone™ and high-performance resins.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

We blend milled Volcanic Limestone™ rock with high quality resins to bind these strands into a complex 3D matrix. The finished result is QUARRYCAST™ - a world class stone composite that delivers unrivalled strength, durability and beauty.

What are the benefits of QUARRYCAST™?

©2018 Balfour

- **Easy to clean:** the naturally glossy surface is easy to wipe clean.

- **Warm:** warm to the touch with high insulating properties, keeping your bath water warmer for longer.

- **Scratch and stain resistant:** the naturally white, glossy surface is incredibly durable, and resistant to hair dyes and bath oils.

- **Strong:** QUARRYCAST™ is solid all the way through - more than twice as hard as acrylic with no creaking or flexing.

- **Lightweight:** surprisingly lightweight, the average weight of our baths is just 72kg.

- **Guaranteed***: 25-year consumer guarantee, 8-year commercial guarantee.

* Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits and plating on feet. This does not affect your statutory rights.

Colour collaboration with **Wallpaper***

As we are learning to spend more time in a single location, in the cocoon of familiar environments, our focus increasingly turns to those surroundings, the spaces in which we live and work, relax and contemplate.

Victoria + Albert has collaborated with Wallpaper* to develop three new colour palettes that add joy and calm to inner sanctums. Compiled by Wallpaper* editor-in-chief Sarah Douglas, the three new palettes have been chosen to represent three different moods.

Dune Retreat

Light Industrielle

Petite Luxury

Luxury bathing should not be restricted to those with large bathrooms. The beauty and indulgence of a freestanding bath can enhance a smaller room, revealing more of the floor and creating a greater sense of space. Victoria + Albert's new range of 1500mm baths brings luxury to the most compact bathrooms. A stylish alternative to a conventional built-in bath.

The Barcelona 1500, Amiata 1500 and Toulouse 1500 are all new for 2021, each 1500mm long. They complement our existing compact range, the contemporary Corvara, Vetralla, Ios and Edge baths, and the traditional claw-footed Shropshire and Wessex.

Refined designs

Our Victoria + Albert design team are famous for pushing the boundaries across new and existing designs; they are constantly looking to improve on what many would agree is design perfection.

Their mission to "refine and improve" is front of mind in everything they do, from exploring softer angles to enhancing ergonomics, they create features that not only look beautiful but enrich the bathing experience.

Explore our Barcelona and Toulouse collections to discover the designs.

SIDE VIEW

Bring the indoors outside

Make the most of nature with an outdoor bathroom installation. Victoria + Albert's baths and basins are the perfect choice for a luxurious spa-style setting. Made from our signature QUARRYCAST™ material, they are 100% UV resistant and retain their natural whiteness in the sun, without any yellowing or fading. QUARRYCAST™ is also resistant to thermal shock cycles, meaning that through the changing of the seasons, the bath won't weaken and crack.

Our baths have been installed in luxurious outdoor locations including this stunning residential property in Los Angeles, USA.

Design by: LMID, Inc. / Photography by: Jim Bartsch Photography

Baths

An award-winning range of freestanding baths that caters for bathrooms of all styles and sizes. From compact soaking tubs to roomy rolltops, there's a shape and style to suit every bather. Our unique QUARRYCAST™ composite has been a market leader for over twenty years. Explore our spectrum of RAL colours in gloss or matt finishes.

**MENEGHELLO PAOLELLI
ASSOCIAZI**

The award-winning Amiata collection was designed by Meneghello Paolelli Associati. This collection, with its organic curves and elegant proportions, offers classic style and ergonomics. Amiata works perfectly in both traditional and modern spaces. The Amiata is now available in two sizes, offering design solutions for compact bathrooms. Complemented by the Amiata 60 basin (page 178). Explore our spectrum of RAL colours in gloss or matt finishes.

New for 2021, the Amiata 1500 follows the same iconic design as the Amiata 1650, in a more compact footprint. Featuring a void space underneath for waste plumbing. Explore our spectrum of RAL colours in gloss or matt finishes.

SL D

Taizu is our first collaboration with renowned Hong Kong based designer Steve Leung, who is known for using Asian influences in his designs.

The opulent circular bath has been inspired by the fine porcelain designs of the Song Dynasty. The gently sloping sides are softened by a chamfered edge and sculpted detail at the base. With a diameter of 1500mm, Taizu is a spa-style centrepiece that is at home in the most luxurious bathrooms.

Explore our spectrum of RAL colours in gloss or matt finishes.

Toulouse collection

Classical design from Victoria + Albert - a double-ended bateau bath inspired by the French versions first seen in the 1860s. Toulouse is now available in two sizes; Toulouse 1500 and Toulouse 1800, creating a classical statement in any space. Explore our spectrum of RAL colours in gloss or matt finishes.

NEW

Toulouse 1500

New for 2021, the Toulouse 1500 bears all the hallmarks of the classic Toulouse bath; an elegant rolled rim, with a seamless design that falls to the floor. Toulouse 1500 is perfect for smaller bathrooms where space is at a premium. The bath also features a void space underneath for waste plumbing. Explore our spectrum of RAL colours in gloss or matt finishes.

A world of colour

Personalise the exterior of our freestanding baths and basins to coordinate with the rest of the bathroom's design. Choose from a spectrum of RAL colours in either gloss or matt finishes. Each finish is multi-layered using a special catalysed paint, with hand polishing between applications. The technique results in an exceptional depth and lustre to the finish, and is considerably more durable than hand painted surfaces. Visit www.vandabaths.com to view the whole range of colours.

i Please allow up to a 6 week lead time for all painted baths and vessel basins.

Please speak to a sales representative to request a RAL Order form.

Victoria + Albert Baths define "gloss" at a 90% gloss level, and "matt" at a 20% gloss level.

Our Finishes

Our baths and basins are available in two finishes; Gloss and Matt. Both finishes are cast in our signature QUARRYCAST™ material, which is naturally warm to the touch, reassuringly durable, and guaranteed for 25 years. And what's more, they can be personalised with our selection of RAL colours.

Gloss (SW) Our signature finish is glossy on the inside and outside. Hand polished to produce a beautifully smooth sheen, our gloss finish has been a market leader for over 25 years. Every bath and basin across our portfolio is available in our Gloss finish.

Matt (SM) Victoria + Albert's Matt finish is different. Made in the cast, not by coatings or glaze, it is '100% Matt. It has a velvety feel, gentle against the skin. Our Matt finish is available across a selection of our baths and basins:

Baths:

Amalfi	ios
Amiata 1500	Mozzano
Amiata 1650	Mozzano 2
Barcelona 1500	Napoli
Barcelona 1700	Toulouse 1
Barcelona 1800	Toulouse 1

PERRIN & ROWE

Brassware and sanitaryware

At Perrin & Rowe's English foundry, molten brass is poured by hand at 1,000°C into intricate moulds. The finest grade brass is used to ensure a perfect cast. Each piece is precision machined before being polished by hand. This fusion of technology and craftsmanship is the source of Perrin & Rowe's unrivalled reputation for quality.

SHAWS

Fireclay sinks

When Arthur Shaws identified the waste material extracted from the colliery at Darwen as fireclay, he established Shaws of Darwen to make use of it. More than 120 years later, at the same factory in the north of England, Shaws' Heavy Duty Fireclay is fired hotter and longer to produce kitchen and bathroom sinks with an incredibly durable finish.
