WUV105T5BA-C	105,000				

FEATURES & BENEFITS

The C97 Series High Efficiency Gas Furnace may be installed in alcove or closet installations that require zero clearance. Certified by CSA for application in Canada and the United States.

- High efficiency variable speed ECM Blower Motor
- Stainless Steel Wrinkle Bent Primary Heat Exchanger Tubes
- 29-4C Stainless Steel Heat Recovery Coil
- Aluminized Multi-Port In-Shot Burners
- Self Diagnostic Integrated Furnace Control
- · Removable heat exchanger for easy service
- Zero clearance installation
- · Flexfit: upflow, horizontal right and left
- · Premium hot surface igniter
- Direct and Single Vent installation approved
- * See rating plate for more information

- Concentric Venting Approved
- · One Propane Conversion Kit
- Certified to 4500ft (1372m)
- 100% Units factory fired
- Clear Front Manifold Cover
- · Modular blower for easy service
- Sealed Vestibule and Blower Compartments for quiet operation
- Low fire is 70% of high fire rate
- · High flow rate condensate drain
- · Can be used for new construction heat
- Optional UV light installation

MODEL BREAKDOWN

Product information provided is not complete and is subject to change without notice. Please consult the installation manual for the most up to date installation information.

Cabinet Dimensions

INPUT	Width	Depth	Height	Supply Air	Return Air
K/Btu/hr	Α	В	С	(F x G)	(D x E)
35	47.4/0"			40.4/41140.5/011	
50	17 1/2" (445 mm)		34"	16 1/4" x 19 5/8" (413mm x 499mm)	
70-3	(440 111111)	31"			14" x 23" (356 mm x 584 mm)
70-4	00.4/0"	(787 mm)	(864 mm)	04 4/4" 40 5/0"	(330 11111 x 364 11111)
90	22 1/2" (572 mm)			21 1/4" x 19 5/8" (540mm x 499mm)	
105	(372 11111)			(040111111 x 433111111)	

*NOTE: If the airflow requirements exceed 1800 cfm, models will require air openings and filters on:

- · both sides, OR
- · one side and the bottom, OR
- · just the bottom

Venting

In Canada:

Furnace must be vented with ULC S636 PVC manufactured by IPEX, Royal Building Products (GVS-65 & GVS90), M&G Duravent (PPE) or Centrotherm (InnoFlue).

In United States:

- Schedule 40 PVC, ASTM D1785 or CSA B137.3
- PVC-DWV, ASTM D2665 or CSA B181.2
- Schedule 40 CPVC, ASTM F441 or CSA 137.6
- PVC Primer and Solvent Cement: ASTM D2564
- PPE ULC S636 manufactured by M&G Duravent must terminate using 45 and 90 degree elbows, or a tee.

EQUIVALENTS:

Short Radius Elbow = 7 ft (2.13m) Standard Radius Elbow = 5 ft (1.52m) Long Radius Elbow = 3 ft (0.91m) 45 Degree Elbow = 2.5 ft (0.76m)

Vent lengths that require more than 6-90° elbows, add listed equivalents for every elbow up to the maximum allowable vent length.

Warranty

PRESIDENT'S LIMITED WARRANTY (Registered)

To the original registered owner and his or her spouse ("owner"), the **HEAT EXCHANGER*** is warranted for the owner's **LIFETIME** or so long as the owner owns the home in which the unit was originally installed, and **all remaining parts** as warranted for a period of **10 YEARS**, except as provided below. These warranties apply only if:

- The unit is installed in an owner-occupied, primary single family residence, and
- The unit is properly registered with Continental® online within 60 days after the original installation. To register, go to www.continentalheatingandcooling.com. Some states and provinces do not allow limitations on how long an implied limited warranty lasts or do not allow the exclusion or limition of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary by jurisdiction.

With respect to the Heat Exchanger, if the heat exchanger fails within:

- o the first 10 years for C95 / C96 Series
- o the first 15 years for C97 Series

Continental® will, at its discretion, provide a new equivalent gas furnace. After the 10 years (15 years - C97 Series), Continental® may choose to credit its prorated wholesale value towards the purchase of a new Continental® furnace.

OR

LIMITED WARRANTY (Not Registered)

If not registered within 60 days, the **HEAT EXCHANGER** is warranted for a period of **20 YEARS** (pro rated), and all remaining parts are warranted for a period of **5 YEARS**, all other limitations apply.

With respect to the heat exchanger, Continental® at its discretion, after 5 years may choose to provide a credit towards a replacement Continental® gas furnace.
