 RE: Price Increase & 4" Solid End Cap & Case Cut Boxes

Bulletin: 26.02SFC  
 March 16, 2026

We continue to experience cost increases across all areas of our business affecting both residential and commercial baseboard product lines. Rising costs in raw materials, component parts, shipping materials, labor, and transportation have placed us in a position where a price increase is required.

Slant/Fin will implement a **5% price increase** on all Residential Baseboard and Commercial Products, including accessories, effective **May 1, 2026**. Revised Trade Price Books are currently being prepared and will be available on the Sales Assistant by **April 1, 2026**.

All orders placed prior to May 1, 2026, must be scheduled for **immediate shipment**. Standard lead times will apply.

Additionally, we are pleased to introduce our new Fine/Line 30 4" Solid End Cap, which will replace the current hinged end cap. With no hinge, the updated design is less prone to chipped paint and offers greater stability and durability. We will take orders for the new end cap starting April 1 and expect to begin shipping on May 1. We recommend updating your inventory systems and customer facing materials to reflect this change. If you have existing stock, we encourage you to sell through your inventory before the phase out date.

	List Each	Left	Right
4" Solid End	\$23.60	57101452000	57101451000
4" Slotted End	\$25.00	57101454000	57101453000

And finally, select high volume Fine/Line 30 Series accessories will be changed to case cut boxes. This will allow distributor counter and order assembly personnel to easily access these high-volume parts. Enhanced labeling will also allow for easy identification. This change will take effect on May 1, 2026.

The change affects the following accessories:

Part Number	Description	UPC		New Master Carton Quantities
		Individual (12 digit)	Master Carton (14 digit)	
57101451000	30 REC 4" SOLID NU-WHITE	042541151285	10042541151282	24
57101452000	30 LEC 4" SOLID END NU-WHITE	042541151292	10042541151299	24
57101453000	30 RECS 4" SOLID NU-WHITE	042541151308	10042541151305	24
