

The Buxton

The Buxton perfectly combines comfort, style, and practicality to create the ideal family retreat.

Designed with the whole family in mind the main entrance of the home opens into a hallway which is ideal for keeping both muddy boots and paws under control.

After a long day of exploring the comfortable sofa is great for cosy nights in. Gather around the statement media unit and get ready for movie night with the Buxton's optional cinema pack. With a footstool and additional cube seating as standard, space should not be a problem. The more the merrier!

The Buxton's natural earthy tones are brought to life by pops of burnt orange throughout. With co-ordinated curtains and carefully considered design features it's all about the detail in this home.

But it's not all about style - between its standard specification and key options (including bath to replace shower and kitchen upgrade pack) the Buxton is a holiday home that works hard to make your life easy.

Best for
all the family
