

Getting Here

Starting January 8, 2018, 102 Avenue between 96 Street and 103 Street will be fully closed to on-street traffic until the Valley Line LRT construction is completed in 2020.

*** The following streets are still open: 97 Street, 99 Street (South of 102 Avenue), 100 Street, 101 Street, 102 Street south of 102 Avenue, and 103 Street.**

While we appreciate that this may make commuting and parking at the Winspear Centre more challenging, we are excited for the finished project which will increase accessibility to the Arts District and revitalize the downtown core.

Please consider our tips and take a look at the map (included on page 2) when planning a visit to our fabulous facility.

Winspear Travel Tips:

- Utilize the drop off zone on 99 Street South of 102 Avenue in front of the Citadel Theatre.
- One sidewalk (either on the North or South side of 102 Avenue) will remain open at all times.
- Take advantage of the underground pedways, like one that connects City Hall and the Library Parkade to the Winspear Centre, or the pedway that connects City Centre Mall to the Winspear Centre.
- With consideration to the construction, please allow extra time to get to our facility.

Where to Park:

- The Canada Place North parkade: one lane will remain remaining open between 99 Street and 97 Street for access to this space.
- YMCA Parkade: Proceed Northbound on 102 Street to access the parkade.
- Library Parkade located on 100 Street.
- Winspear Centre Stage Door parking lot located off of 97 Street and 102A Avenue.
- With consideration to the construction, please allow extra time to get to our facility.
