From the beginning, our mission has been to produce premium contemporary garments in a more responsible and sustainable way. We therefore integrate sustainability into everything we do. As one of the world's top organic cotton users, we are certified to the highest level and are ethical in our sourcing and production.

We use only 100% organic cotton as well as recycled and reclaimed materials, and are exacting in our standards of production. The precision and thought we put into our fabric weight, soft handfeel, colour selection and garment proportions ensures that we deliver premium products season after season, products that people love to wear.

STANLEY/STELLA

AMONG THE WORLD'S LEADING SUSTAINABLE BRANDS

Stanley/Stella has been ranked among the top 16 leading brands in sourcing sustainable materials by the Textile Exchange. The only B2B brand to appear on the list.

THE GROCERY SHOP PROJECT

OUR WAY OF IMPROVING WORKERS' LIVELIHOODS

We are totally committed to driving positive change in the textile industry as a whole, and helping to improve the livelihoods of textile workers is a key aspect of our mission. We work with our partner factories to set up Fair-priced Grocery Shops (FGS) on-site. By providing both practical and financial support, we help factories offer essential goods like rice, oil and lentils to their workers at heavily subsidised prices. This increases workers' buying power, and improves the overall standard of living in their families and communities.

One of our partner factories in Bangladesh, Interstoff, created a separate area in its grocery shop called "Stanley/Stella Corner". They also produced branded bags at their factory to give to their workers.

OUR PATH TO SUSTAINABILITY

At Stanley/Stella, sustainability is not a buzzword, it's a thread that runs through everything we do. Every day we make deliberate, conscious decisions about the materials we use, who we work with, and how we work. While we know there is no magic formula for achieving sustainability, we hope to keep innovating and inspiring others so that a greener, more ethical fashion industry becomes a reality.

WE ONLY USE 100% ORGANIC COTTON, AS WELL AS OTHER SUSTAINABLE OR RECYCLED MATERIALS

Organic cotton is grown with no chemical insecticides, fertilisers or pesticides, ensuring a safer environment for farmers and their families.

OUR SUPPLY CHAIN IS MONITORED AND CERTIFIED BY SOME OF THE WORLD'S LEADING BODIES

Our certifications help show our commitment to respecting the planet and its people, every step of the way.

THE WORKING CONDITIONS AND LIVELIHOODS OF THE WORKERS IN OUR FACTORIES ARE VERY IMPORTANT TO US

We only work with factories who share our vision for fair work and pay, and where workers receive benefits and bonuses beyond the legal minimum.

WE ARE COMPLETELY TRANSPARENT ABOUT WHO WE WORK WITH AND MONITOR CONDITIONS DAILY

As a member of Fair Wear Foundation (FWF), we also publish an annual report detailing the monitoring activities that have taken place at each factory in the previous year.

WE ARE WORKING HARD TO REDUCE OUR ENVIRONMENTAL FOOTPRINT

We collect data to help us understand and reduce the carbon footprint of our garments, and only work with factories with water treatment plants.

WE KEEP PUSHING FOR NEW SUSTAINABILITY INITIATIVES AT OUR HQ IN BELGIUM

We recently launched an initiative to co-fund electric bikes for our HQ staff, and we have moved to a new, more sustainable and more energy-efficient office. Our new address:

Rue Jules Cockx 8
1160 Auderghem
BELGIUM

WANT TO KNOW MORE?

Read our Sustainability Report and join us on our journey. We really are stronger together.

OUR MATERIALS & FABRICS

All the fabrics that Stanley/Stella uses are made from organic, sustainable or recycled materials to ensure that our environmental footprint is as gentle as possible – GOTS-certified organic cotton, Tencel® made from FSC/PEFC-certified wood pulp, GRS recycled cotton, and GRS recycled polyester. While making this eco-conscious decision,

we never compromise on comfort, style or functionality. Whatever the type of knit or weave – from smooth single jersey, durable piqué and cozy sweats, to robust ripstop and sturdy canvas – we always choose our fabrics with the utmost care to ensure the best possible fit, feel and performance, as well as superior printability.

MATERIALS

ORGANIC COTTON

Natural, GMO-free fibre grown without any chemicals. Our cotton yarn is made of long staple fibres only, and is combed and ring spun. Soft, breathable, and easily printable.

RECYCLED COTTON

Made from pre-consumer waste, including our own cutting waste. Shorter fibres require blending with higher-quality fibres like recycled polyester for accessories and organic cotton for t-shirts.

RECYCLED POLYESTER

Made from recovered PET bottles to reduce plastics pollution. All components on our jackets are recycled polyester, easing end-of-life recyclability. Strong and durable.

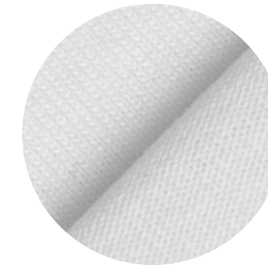

TENCEL®

Made from wood pulp from FSC/PEFC forests. These fibres are blended with organic cotton to offer added coolness and a fluid drape.

KNITTED FABRICS

SINGLE JERSEY

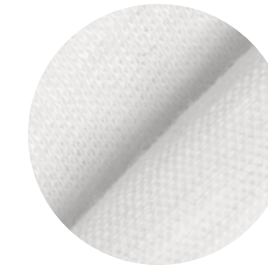

The basic knit structure where the front side is smooth, while the back side is piled with loops.

SLUB SINGLE JERSEY

The same as single jersey, but with slub yarn, which gives the irregular appearance.

LOOSE SLUB SINGLE JERSEY

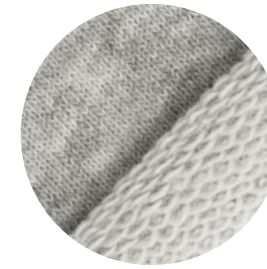

Slub yarn knitted in a looser way, giving a more flexible fabric.

PIQUÉ

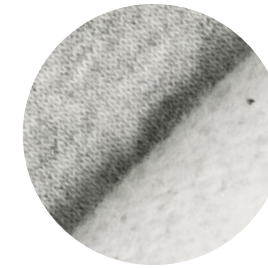

Knitted using tuck stitches to create a honeycomb-like geometric structure, commonly used for polo shirts.

FRENCH TERRY

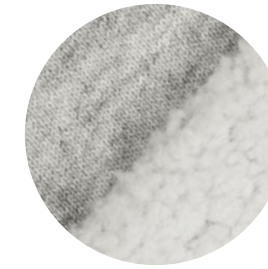

The front side has a smooth jersey structure, while the back side has a distinct loop structure.

BRUSHED

Sweatshirt fabric is called “brushed” when the inside loops of a French terry knit are carefully brushed, for a soft, warm feel.

SHERPA

Fabric that is brushed on the front side for a sheepskin look, and that feels cozy and warm.

1X1 RIB

Used for sweatshirt cuffs and hems, with single alternating wales that look identical on both sides of the fabric and offer greater stretch.

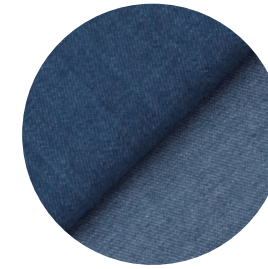

2X2 RIB

Used for sweatshirt cuffs and hems, with double alternating wales that offer even more elasticity than 1x1 rib.

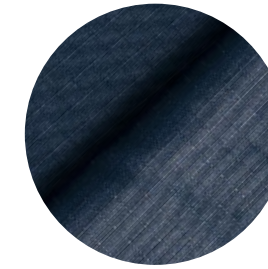

WOVEN FABRICS

PLAIN WEAVE

The most common type of woven fabric, with yarn in a criss-cross pattern.

RIPSTOP

Woven fabric reinforced with cross-hatched threading for better resistance against rips.

CANVAS

Highly durable plain weave, woven with threads of different sizes.

OUR COLOURS & DYEING TECHNIQUES

Our garments are available in one of the widest ranges of colours on the market, offering you a truly amazing choice – from whites, solid colours and heathers, to our unique all-over prints and creative garment dyeing techniques like vintage and aged, tie & dye and dip dye. The vast majority of our solid colours are fabric dyed, giving excellent shade consistency and printability. Heathers are knitted with yarn made from fibres of two or more different

colours, and we are one of the few brands offering heathers in 100% organic cotton. Our vintage items are garment dyed, followed by a garment wash to create a faded effect. Other special dyeing techniques like tie & dye or dip dye are all hand dyed for a unique look. Care labels on every garment provide clear instructions on how to keep garments looking great, wear after wear.

NATURAL RAW

Untreated cotton, textured with tiny specks of the original cotton plant. Fabric finished with softener wash only.

SOLID

Fabric dyed, giving a uniform colour effect.

HEATHER

Fibre dyed, mixing two or more different-coloured fibres, spun into a yarn.

DENIM

Yarn dyed and garment washed, where washing time defines the final shade.

VINTAGE

Garment dyed using pigment dyes, with garment washing to give a faded effect. For aged colours, rubber balls are used during washing.

TIE & DYE

Base colour is fabric dyed. After stitching, the garment is tied according to the pattern and hand dyed with one or more colours, then finished with garment washing.

DIP DYE

Base colour is fabric dyed. After stitching, the garment is dipped into one or more colour baths, then finished with garment washing.

ALL OVER PRINT (AOP)

Base colour is fabric dyed, and remaining colours of the AOP pattern are screen-printed on top of the base fabric.

EXCEPTIONAL PRINTABILITY

We go to great lengths to make it as easy as possible to transform our garments into your own, and our collections are widely recognised as offering the best printability on the market. The materials we use and the refined processes we have developed give our garments an exceptionally smooth and even printing surface. This means that print

colours come out brighter, coverage is more uniform, and there is less ink wastage.

We also keep your branding in mind when designing the details of our garments. Features like off-centred size labels, half moons on all our sweatshirts, and a hidden zip on our lined garments make decoration easier.

printed on Stanley/Stella

printed on a competitor

DESIGNED TO BE DECORATED

NO CENTRED NECK LABELS

All our products are designed with you in mind, and we leave free space to place your own branding.

OFF-CENTRED, TEAR-OFF NECK SIZE LABELS

Creating space for your own branding.

HALF MOON

All our sweatshirts feature a half moon for easier inside branding.

TEAR-OFF BRAND & CARE LABELS

Easily remove the Stanley/Stella branded label, while keeping the composition and care instruction labels on the garment.

HIDDEN INSIDE ZIP

Lined garments are designed with a hidden inside zip. This gives better accessibility for decoration, and means embroidery can have a clean inside finish without catching the lining.

NEW

FREE SPIRIT

With SS21, we celebrate the true freedom that comes from within. A state of mind that looks beyond boundaries and embraces the very essence of life and ourselves. Authentic, brave and optimistic. Trust your heart. Choose your own path.

UNISEX

Wear, share, care. Turn down the volume on stereotypes and live life on your terms. Unisex styles that look great on any body, empowering you to be your authentic self.

COLOURS AND DYES

Add a splash of individuality with one-of-a-kind tie & dye and hazy, tonal dip dye. Express your love for florals with our vibrant all-over print. Or go for a nostalgic, vintage vibe with dreamy 'aged' versions of our new SS21 colours.

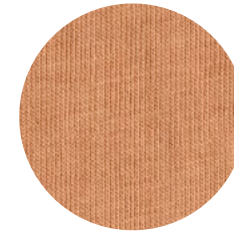

TOTAL LOOK

Prioritise comfort without sacrificing style in our throwback to the 90s tracksuit. Pair laid-back pieces in matching colours for a chilled, monochrome look. Or mix and match colours for creative, comfy combinations. Perfect for whatever you've got going on, from road trip to trip round the block.

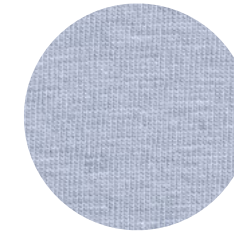

NEW COLOURS FOR SS21

Our new SS21 collection brings a peaceful, nurturing palette that will appeal to both colour-lovers and those with a preference for neutrals. Taking inspiration from nature, and embodying the free spirit and optimism of the season, the palette features five solid colours that are organic yet modern, calming yet inviting. Seven expressions of freedom complete the new palette, with creative tie & dye and dip dye combinations; aged blue, lilac and teal for a reassuringly lived-in, vintage look; and an energising floral all-over-print.

INDEXES

COLOUR INDEX

At Stanley/Stella we believe that colour brings joy and can inspire us to think and create in new ways. We delight in offering our customers a truly innovative choice of tones and textures. Each season, we work creatively to research and develop our well-thought-out, versatile palette that includes timeless best-sellers, new on-trend shades, soft heathers and unique patterns. This drives us to push the boundaries and bring new energy to the market. And because we know how important accurate colour selection is for your product development, we provide Pantone, CMYK and RGB equivalences to support your choice of Stanley/Stella colours. Explore our colours and discover the new SS21 palette.
