INNOVATION

DESIGN

PRACTICE

The Department of Architecture of SU aims to be the leading private Architectural Department in Bangladesh. Its primary aim is to provide a balanced and integrated curriculum which enables the graduates to combine the theoretical and practical skills in finding unique and realistic approaches in Architecture by creating critical and thought provoking learning environment that promotes inquiry, innovation and experimentation. Here students always proceed to design complex Architectural projects which are responsive to people purpose building services and building technology.

With a profound commitment of innovation & excellency, Department of Architecture of SU starts its journey at January 2014. The Architecture Department is under the Faculty of Science & Engineering and offers a five-years program of study leading to the degree of bachelor of architecture.

1ST Year Project
A process of exploration to identify, recognize and realize the basics of composition.

2ND Year Project
First step to introduce function through simple object or product design with proper ergonomics standard.

3RD Year Project
Understanding the problems of dealing with multiple functions with emphasis on form-space relationship.

4TH Year Project

Architecture of spiritual and emotional content. Introduction to the urban issues and scale. Accommodating details, materials and practicality.

5TH Year Project

Introducing professional issues in architecture. Learning to take independent decisions based on real life situation. Probing on design problems within specific realistic settings and context.

Award Winning Projects

- Name: Refining Muharrampur Town Hall in the present context.
No of Achievements: 03 (National+International level)
1. Shah Comnet DGT Student Design Award (Volume 04, Issue 01)
2. Asia Rising Designer Silver Winner Award (Dhaka, Bangladesh)
3. Architects International AIAA AWARDS 2021

- Name: Designing the Remnant Campus of Saragani University
No of Achievements: 02 (National level)
1. Shah Comnet DGT Student
2. Design Award (Volume 04, Issue 02)

- Name: Designing A Place Identity of the Diminishing Historical and Cultural Landscape of Old Dhaka, Bangladesh
No of Achievements: 02 (International level)
1. AIA Sustainable Design Award (Chandigarh, India)
2. Architects International Saragani Dhaka 2019

- Name: Exploring The Way Of Streets
No of Achievement: 03 (International level)
1. VDOT Academic Project Contest (Peoples Choice Award)
