THE OPTIMAL COMBINATION

Although many supplements contain probiotics, which promote a healthy balance of gut bacteria and have been linked to health benefits including weight management support, digestive health, and healthy immune system support, we didn't stop there!*

Our PRE-biotic matrix, including aloe vera gel extract and fulvic and humic acid and minerals, works with the PRO-biotics to stimulate positive bacteria growth, and optimize gut conditions.*

And, our PLUS-biotic matrix includes digestive wheat, which helps reduce harmful bacteria and nourishes beneficial bacteria.*

Our PRO-biotics, PRE-biotics, and PLUS-biotics work together to support your optimal digestive balance!*
